## Schmiede Cited For Photo Stand

Judge Praised for Allowing Pictures At Court Proceedings

Municipal Judge Oscar J. Schmiede has been cited by the National Press Photographers association for his stand on courtroom photography.

Presenting the award was Lowell Georgia, photographer for the Green Bay Press-Gazette and member of the national organization.

Judge Schmiede was recognized for his leadership in permitting photojournalists to pursue their occupation within the courtroom despite what NPPA officials term "the outmoded Canon 35" of the American Bar association, which limits activity of press and TV photographers at courtroom proceedings.

Judge Schmiede is one of the first of several judges in the nation to receive this citation. He was recognized for his "fearless, direct and sincere contributions toward the respect of constitutional guarantees... for his positive stand declaring the equality of unobtrusive photographic and semantic reporting of public court trials and for his courageous challenge to forces that would stifle our liberties of speech, expression and publication."

A congratulatory letter accompanying the citation was sent by Robert K. McCandless, chairman, freedom of information committee, NPPA.

Judge Schmiede said at the presentation, "There is no reason why an agreement can't be reached as long as the photographer doesn't interfere with courtroom proceedings."

## Warship Seen Off Sumatra Coast

Padang, Sumatra — The Indonesian navy's largest warship appeared off the coast of this rebel center today. Reports from Jakarta radio said central government seaplanes had made practice landings with troops on a lake 90 miles east of here.

A spokesman for the rebel government here said the destroyer Gadjah Mada finally turned back to sea after prowling along the coast for four hours.

Although the appearance of the warship carried a possible threat of a bombardment of this rebel capital, it seemed more likely it was bent on blocking the harbor against serving time for murders in the early 30s were removed from the prison yesterday for Chastanoga, who were sent to right ear.

## Leopold Gets Parole From Illinois Prison

Freedom Waits for Inquiry on Job; Touhy Also Wins Clemency

Springfield, Ill. — Nathan Leopold, surviving member of the Loeb-Leopold thrill murder team of 1924, was granted a parole today.

The Illinois parole and pardon board's announcement said Leopold has been granted "a definite sentence parole."

It added that "the location and occupation of subject to be investigated by parole supervision immediately."

That meant Leopold can get out of prison after investigation of his arrangements for a job and a home. The division of parole supervision handles the investigation, and there was no indication how long that would take.

**Murder in 1924**  
Leopold, 53 now, has served almost 33½ years in prison for his part in the slaying of 14-year-old Bobby Franks in May, 1924.

Roger Touhy, onetime Chicago gang leader who is doing a long stretch for kidnaping and a prison breakout, also was granted a parole. His parole on the kidnaping charge makes it possible for him to be freed in August, 1959.

The parole applied to a 99-year term for the 1933 kidnaping of John "Jake the Barber" Factor, which earlier had been reduced to 85 years by clemency action of Gov. William G. Stratton.

Touhy must still serve one-third of a 3-year term for his part in a 1942 prison escape before consideration may be given to a parole which would set his freedom date.

Leopold received the good news at Stateville penitentiary at Joliet, where he had waited with his attorney, Elmer Gertz. Leopold has told the parole board he wants to work in a rural hospital operated by the Church of the Brethren at Castaner, Puerto Rico.

His partner in the wanton killing of young Franks—Richard Loeb—was slashed to death by a fellow convict in prison in 1936.

## Atlas Missile Explodes in Air

Cape Canaveral, Fla. — An Atlas intercontinental ballistic missile exploded in the air today 2 minutes, 20 seconds after blasting off its launching pad at the test center here.

No reason was given for the failure. "An Atlas test vehicle was launched from Cape Canaveral at 12:47 p.m. today and exploded shortly after completion of the propulsion phase of its flight," said an air force announcement. "The cause of the malfunction is not available."

The "Big A" roared straight upward for about 30 seconds, then arched slowly over toward the east, leaving a vapor trail across the sky.

Two minutes after the start of the flight, observers saw a huge ball of fire and the Atlas could no longer be seen.

# Thomson Asks Speedup Of Building Program

## Doerfer Says He May Have Erred in Some 'Judgments'

Tells Broadcasting Executives He Has 'Essential Integrity'

Washington — Chairman John C. Doerfer of the federal communications commission told a broadcasting industry audience Wednesday he has "made some seemingly poor judgments" but expressed hope he will be able to show he is a man of "essential integrity."

The FCC chief, in an address to the third annual conference of state broadcasting association presidents, referred to questions raised before a congressional subcommittee a week ago about some of his conduct in the discharge of his official duties. The issues were raised by Bernard Schwartz, later fired as chief counsel of the special group investigating government regulatory agencies.

**Asked About "Fees"**  
Doerfer as a witness before the subcommittee answered queries about the acceptance of "honorariums" for making out-of-town speeches before broadcasting trade groups, and acceptance of travel expense funds from these groups while also taking the government's per diem allowance.

In introducing the FCC chairman Wednesday President Harold E. Hughes of the National Association of Broadcasters described Doerfer as "a devoted public servant" and said "his integrity and self-sacrifice have helped to build the American system of free enterprise." "I hope before the end of this year that I will be able to convince some other persons of my essential integrity," Doerfer said in response. He continued: "You get to be an expert by using good judgment. Good judgment is usually arrived at by experiencing some poor judgment. I have made some seemingly poor judgments. I am not here pleading my case, but I do wish to say that when this is all over, there will be no doubt in my mind that I have not been a failure."

**Nationalist Envoy Fears New Red Drive To Dominate World**  
Madison — Hollington K. Tong, nationalist China's ambassador to the United States, said Wednesday night that the fall of Indonesia into communist hands could be the first step in a timetable for communist domination of the world.

"The collapse of Indonesia as a state appears to be only a matter of time," Tong said at a meeting sponsored by the University of Wisconsin Union Forum committee. "The collapse is in the hands of shrewd communist strategists."

Tong added that the biggest single factor keeping communists from attempting to dominate Asia by force was the mutual security pact between the United States and countries in that part of the world.

Doerfer said he expected the bill to come up on the floor early next week. The treasury has been pressing for quick action because the current period is one in which its cash position is tightest. Byrd said "I am confident the senate finance committee approved the increase in the debt limit only because of its belief that the administration had over-estimated the income for the next year and underestimated the spending."

Other committee sources had predicted in advance that Byrd's proposal to hold the increase to \$3 billion would be voted down in the committee.

Sens. Frear (D-Del), Anderson (D-NM), Malone (R-Nev) and Jenner (R-Ind) voted with Byrd to limit the increase to \$3 billion.

Voting for the \$5 billion increase were Sens. Kerr (D-Okla), Long (D-La), Smathers (D-Fla), Douglas (D-Ill), Gore (D-Tenn), Martin (R-Pa), Williams (R-Del), Flanders (R-Vt), Carlson (R-Kan) and Bennett (R-Utah).

The committee then approved the house bill by voice vote, sending it to the senate for action.

**Weather Turns Fair, No Cold Arctic Air**  
Fox Cities — Fair this afternoon with increasing cloudiness tonight. Friday mostly cloudy with light snow or freezing drizzle Friday afternoon or evening. Warmer tonight and Friday. Low tonight 10-18. High Friday 25-34.

Appleton temperatures for the 24-hour period ending at 9 o'clock this morning: High 26; low zero. Temperature at 11 o'clock this morning, 20, with the wind from the southwest at 8 miles an hour. Snow remaining: 7 inches. Weather map on page A18.

Sun sets tonight at 5:29, rises Friday morning at 6:45; moon sets tonight at 7:48. Sirius, the brightest star, is now the first one to be seen after sunset, appearing in the southeast.

## Little Change In Condition Of Churchill

Fever Is Little Lower, Secretary Informs Reporters

Roquebrune - Cap - Martin, France — Sir Winston Churchill's fever from pneumonia and pleurisy has dropped but his condition otherwise has not greatly changed, his secretary said today.

Speaking to reporters, Montague Browne, Churchill's private secretary, gave this official bulletin on the 83-year-old Churchill's health:

"Sir Winston's condition is not greatly changed since yesterday. He is comfortable. His strength is maintained, and the fever is a little lower."

The bulletin was signed by Lord Moran, Churchill's personal physician who flew here from London yesterday, and Dr. David M. Roberts, his physician on the Riviera.

**Works as Usual**  
Churchill worked in bed as usual today. Discussing this, Browne said:

"Sir Winston spent the morning reading and dealing with business correspondence."

"Sir Winston and his family would like to express their warm thanks for the many messages of good wishes they are receiving."

Browne apologized for "not being very helpful" and added that he was under the strictest instructions as to what he could report to the press.

He did not say who gave him his instructions but anyone who knows Churchill and the way he handles his own affairs could see the former prime minister's hand in the decision.

**Outbreak Grows In Cuban Region**  
Havana — Gunfire, bombings, hangings and sabotage marked the spread of rebellion to Guantanamo within sight of the U.S. Naval base there today.

Three thousand Cubans defied heavily armed police in Cuba's easternmost city, and hoisted the red and black flag of rebel leader Fidel Castro over the cemetery. Police fired shots over the heads of the demonstrators who continued, however, to the cemetery for burial of a busline administrator.

**Senate Committee Rejects Proposal For \$3 Billion Boost**  
Washington — The senate finance committee approved today the full \$5 billion boost in the debt ceiling asked by President Eisenhower effective until June 30, 1959.

It did so after rejecting, by a vote of 10-5, a proposal by Chairman Byrd (D-Va) to limit the increase to \$3 billion.

The committee acted on a bill passed by the house a month ago, 328-71, to raise the amount of the debt the government can have outstanding.

**Won't Press Fight**  
The increase is from 275 to 280 billion dollars.

Byrd said he would not push the senate floor his move to hold the increase to \$3 billion. "I made my fight in the committee," he said.

The senator said he expected the bill to come up on the floor early next week. The treasury has been pressing for quick action because the current period is one in which its cash position is tightest.

Byrd said "I am confident the senate finance committee approved the increase in the debt limit only because of its belief that the administration had over-estimated the income for the next year and underestimated the spending."

## Governor Wants to Rush State Program in Order To Ease Unemployment

Madison — In a move to relieve unemployment, Gov. Thomson Wednesday urged a speedup in the planning for almost \$18 million worth of state building projects in six Wisconsin cities.

The governor asked that four of the projects be ready for bidding in two months, and three others in two months after that.

Thomson made his recommendation at a regular meeting of the state building commission, which voted to complete plans and call for bids on the first four projects valued at \$7,925,000.

They are a \$1,725,000 academic building at Superior State college; million dollar physical education plants at River Falls and Stevens Point state colleges, and a \$4,200,000 heating plant at Madison. The cost of the heating plant includes its purchase from an American Motors factory in Detroit.

State Architect Roger Kirchoff and engineer Ralph Culbertson were instructed to expedite preparation of final plans for another \$9 million worth of state buildings, these projects to be ready for bidding in four months. They are:

A million dollar laboratory at Whitewater State; a million dollar library at Eau Claire; and a combined project at Madison calling for a \$2,025,000 law-social science building, and a \$5,088,000 engineering building.

**Awaits Bond Issue**  
Thomson, who is chairman of the commission, was told that the agency is awaiting the initial floating of an issue of revenue bonds.

W. D. Knight, the governor's financial adviser, said the bond attorneys had agreed to market the bonds without a court test if the state forms a new building corporation to serve as an issuing agency. After hearing Knight the commission took preliminary action to incorporate as the Wisconsin State Agency Building corporation and Knight was instructed to continue efforts to place \$10 million worth of revenue bonds on the market to cover the cost of the first four projects.

The bonds are being floated under a new borrowing authority which permits the agency to borrow about \$26 million for university and college building programs. The state itself is prevented by its constitution from going into debt or borrowing money.

The commission also ordered expediting of plans for a \$600,000 state office building at Wisconsin Rapids and a \$5-

500,000 office building in Madison.

In a report to the commission, Culbertson said about 15 sites were being considered for the new half-million dollar office building to be erected at La Crosse. He said he hoped to be able to recommend a site at the next meeting.

**Group Favors Postal Increase**  
Senate Committee Votes 5-Cent Rate For Non-Local Letters

Washington — The senate post office committee voted today to raise postal rates by about \$750 million a year, including a 5-cent charge for non-local letters for the next three years.

The committee voted to recommend to the senate a considerably higher total rate boost than the \$527 million increase passed by the house last year.

Nearly all of the extra revenue would come from boosting the rate on intercity letters to 5 cents, instead of 4 cents on all letters as the house provided.

The present letter rate of 3 cents has been in effect 27 years.

The vote in favor of the 5-cent stamp on such mail was 7-6 and Chairman Olin D. Johnston (D-SC), who opposed the move, told reporters a fight would be made on the floor to hold the letter stamp to 4 cents.

**Defers Sentence Of Junior Beck**  
Seattle — Sentencing of Dave Beck, Jr., for stealing \$4,650 from the teamster union was deferred three years today on conditions he pay a \$2,000 fine and make restitution of the money.

Dave Beck, Sr., was in court waiting to be sentenced for the theft of \$1,900 from the union he once headed.

Superior Court Judge George H. Revell also ordered Beck, Jr., to pay court costs and to sever all connections with labor organization, either as an employee or an officer.

He said the restitution of the \$4,650 should come from the 37-year-old labor leader's own funds.

J. R. Kimberly

succeeds David L. Luke, president of West Virginia Pulp and Paper company.

W. H. Swanson, vice president-research and development, Kimberly-Clark corporation, Neenah, was honored at the luncheon of the Technical association of the Pulp and Paper Industry (TAPPI). He received the annual TAPPI medal for his

contributions toward the respect of constitutional guarantees... for his positive stand declaring the equality of unobtrusive photographic and semantic reporting of public court trials and for his courageous challenge to forces that would stifle our liberties of speech, expression and publication."

A congratulatory letter accompanying the citation was sent by Robert K. McCandless, chairman, freedom of information committee, NPPA.

Judge Schmiede said at the presentation, "There is no reason why an agreement can't be reached as long as the photographer doesn't interfere with courtroom proceedings."

**Warship Seen Off Sumatra Coast**  
Padang, Sumatra — The Indonesian navy's largest warship appeared off the coast of this rebel center today. Reports from Jakarta radio said central government seaplanes had made practice landings with troops on a lake 90 miles east of here.

A spokesman for the rebel government here said the destroyer Gadjah Mada finally turned back to sea after prowling along the coast for four hours.

Although the appearance of the warship carried a possible threat of a bombardment of this rebel capital, it seemed more likely it was bent on blocking the harbor against serving time for murders in the early 30s were removed from the prison yesterday for Chastanoga, who were sent to right ear.

**Youngblood**  
Paul Joe Payne, 21, after a dice game in the prison metal shop in 1939.

Officials said a second prisoner implicated in the slaying was Dick West, a prisoner convicted of murder who was himself stabbed to death in prison in 1951. West's slayer was executed in 1951. Three other prisoners still blocking the harbor against serving time for murders in the early 30s were removed from the prison yesterday for Chastanoga, who were sent to right ear.

## Extensive Hunt Begun for Killer of Young Convict in Tennessee Prison

Nashville — A skeleton found under a concrete floor at the state prison has ended a 19-year search for a missing convict and opened a nationwide hunt for a fellow prisoner on a murder charge.

Jack Youngblood, who finished a 6-year highway robbery sentence in 1940, was charged yesterday with killing Paul Joe Payne, 21, after a dice game in the prison metal shop in 1939.

Officials said a second prisoner implicated in the slaying was Dick West, a prisoner convicted of murder who was himself stabbed to death in prison in 1951. West's slayer was executed in 1951. Three other prisoners still blocking the harbor against serving time for murders in the early 30s were removed from the prison yesterday for Chastanoga, who were sent to right ear.

questioning in the case, and for their own protection. Two of them told reporters they witnessed Payne's death. Members of Payne's family have contended for years that Payne was slain inside the penitentiary. Prison officials listed him as an escapee and put out the usual bulletin for his pickup.

Officials received several "tips" on Payne's whereabouts, including two letters which they said were in a handwriting similar to Youngblood's.

Thomas Gore, who was then warden, said yesterday that the prison was searched "from top about \$400. to bottom, and even the big water tank was drained" in checking reports that Payne had been slain.

The tip that broke the case came Friday. A suburban policeman received information by telephone which opened a shallow grave under the prison new probe and led officers to the concrete grave.

Payne was one of four teenage reformatory escapees, dubbed the "baby handits" in had been fractured near the one to be seen after sunset, appearing in the southeast.

## Weather Turns Fair, No Cold Arctic Air

Fox Cities — Fair this afternoon with increasing cloudiness tonight. Friday mostly cloudy with light snow or freezing drizzle Friday afternoon or evening. Warmer tonight and Friday. Low tonight 10-18. High Friday 25-34.

Sun sets tonight at 5:29, rises Friday morning at 6:45; moon sets tonight at 7:48. Sirius, the brightest star, is now the first one to be seen after sunset, appearing in the southeast.

Walter A. Swanson, right, Appleton, vice president of Kimberly-Clark corporation, receives award given by the Technical Association of the Pulp and Paper Industry, TAPPI, at a ceremony in New York today. Presenting the award is Dr. Roy Whitney, left, dean of the Institute of Paper Chemistry, Appleton. Between them stands Dr. Ward Harrison, national TAPPI president and vice president of Riegel Paper corporation, New York. (AP Wirephoto)

# Reds Work to Force Summit Talk on West

**Evidence Seen in Announcement Of Troop Withdrawal From Korea And Reduction in East Germany**

BY JOHN M. HIGHTOWER

Washington—Russia and Red China apparently are working on a concerted plan to put maximum pressure on the western powers to hold a summit conference on communist terms.

U. S. officials found evidence of this today in the timing of two widely separated but remarkably similar actions within the past two days:

1. Communist China's announced decision to withdraw troops from North Korea this year.

2. An announcement by the Soviet commander in East Germany that the Soviet Union will

many of plans to reduce the Soviet forces there by 41,000 men. In the United States view the Soviets and red Chinese can take these actions at little cost to themselves—indeed they may be necessary for reasons unrelated to a summit conference—yet make a show of relaxing tensions in areas where east-west conflict has prevailed for many years.

Much the same thing happened before the 1955 summit conference, when Russia suddenly agreed to unification of Austria after years of stalling.

**Hope for Pressure**

By such means, as well as by the letters which Soviet Premier Bulganin has been writing to President Eisenhower, the reds can hope to build up worldwide pressure for summit talks.

They apparently hope that once the talks are started, the demands for east-west agreement will be so great that the western powers will be forced to make concessions to Soviet interests.

Among other things Bulganin has indicated the Soviet Union would like to neutralize Germany. The Soviets have also made clear they want to break down western restraints on trade which would benefit their own industrial buildup, and to get some kind of nonaggression pact which might have the long-range effect of weakening the western resolve to maintain costly defense systems.

**U. S. Skeptical**

U. S. officials are extremely skeptical about the chances of getting any real changes in Soviet or red Chinese policy on issues proposed by President Eisenhower. These include initial steps to limit armaments, control outer space for peaceful purposes and build up the authority of the United Nations. Against this background, Deputy Under Secretary of State Robert Murphy yesterday reaffirmed the basic U. S. position that careful preparation must precede a top level meeting and must show good reason to believe that the meeting when held will be successful. Murphy also sought to destroy the

## Repeat Charge Of Joint Move In Morocco

Rabat, Morocco—Moroccan Foreign Minister Ahmed Balafrej Wednesday night repeated charges by Morocco's irregular "liberation army" that France and Spain have launched joint military operations in southern Morocco.

Speaking to newsmen after an inspection tour in the Agadir region of southern Morocco, the foreign minister gave official support to accusations that French and Spanish forces recently staged attacks in the Spanish enclave of Ifni and in the southern Sahara desert territory.

French officials in Paris and Rabat have denied any French-Spanish military collaboration in the area.

There has been sporadic fighting in and around Ifni since last November, when Moroccan irregulars sought to eject the Spaniards. The border between independent Morocco and French Algeria in the far south has never been clearly defined and is a point of contention between the two countries. Spain also has ill-defined territory in the region.

Radio Morocco, which is government-run, asked Wednesday night if "France has the intention of opening a new front in Africa."

Balafrej said he plans to return to Agadir next week to inquire further into the situation. The fact that he added his weight to the charges was seen here as an indication that current good relations between France and her former protectorate might be upset.

## Czechs Sentence Man For 'Spying for U. S.'

Vienna—A Czechoslovak citizen, Eduard Rehnka, has been sentenced to nine years in prison in Czechoslovakia for "spying for the American secret service," the Prague communist newspaper Rude Pravo said today.

Such reports of the arrest or conviction of alleged western agents have been frequent from communist Czechoslovakia recently.

idea that a summit meeting is now inevitable. He said the U. S. government does not yet know whether there will be a conference or not.

At some point, authorities here would not be surprised to see the red Chinese make a direct bid with Soviet support for a summit conference. Julius inclusion in a summit conference. Authorities noted that in who knew Joe well know he connection with the announcement of Chinese troop withdrawal from North Korea Tuesday, Premier Chou En-lai spoke about a need to settle far eastern issues as well as issues in other parts of the world.

Mrs. Charles Brannan, wife of the former secretary of agriculture, was among the persons who greeted former President Harry Truman and his wife at Union station in Washington today. Truman came to Washington to meet with Democratic leaders and to speak at a \$100-a-plate party fund raising dinner Saturday night. (AP Wirephoto)

## Former Movie Goddess GI Denies He Killed Wife Of Navyman

**Blanche Sweet, Now a Store Clerk, Was Celebrated Heroine of Silent Screen**

Hollywood—Blanche Sweet, now 62, once a movie goddess of the highest order and now a clerk in a department store, will make her first appearance before a Hollywood camera in nearly three decades tonight.

The celebrated blonde heroine of the silent screen will return as a bit player in a nationally televised drama, "Secret Love of Johnny Spain," on the CBS "Climax" show. She says this first step away from self-imposed obscurity may lead to more appearances before the camera, a device that had not long been united with sound when she left Hollywood.

**Other Things**  
"It's quite possible other things will come up," she confided with a trace of excitement last night. "We have tentative plans, but nothing definite yet."

It was in 1930 or thereabouts when Blanche made her last picture, "Silver Horde," with Jean Arthur. This was only her third talkie. She had devoted almost her entire career to achieving dramatic effect without saying a word, and had done nicely without sound.

"I guess my favorite role was in 'Anna Christie' with Bill Russell," she said when asked to reminisce a little. "We made pictures so fast in those days, it's hard for me to pick them out."

"I remember my first real successful picture was 'Judith of Bethulia.' That was the first big David Griffith production. About 1913, I think."

Between then and "Silver Horde" there were so many pictures she couldn't keep track of the number, much less the names. In those days she was the wife of Marshall Neilan, who directed many of her films. They were divorced in 1929.

"After I left Hollywood in the early thirties," she said, "I did several plays in New York. The first was 'Petrified Forest' with Leslie Howard and Humphrey Bogart."

She returned to southern California unobtrusively 10 years ago and has spent most of her time since as a housewife.

Prosecutor Toshio Aoyama pointed to the chalked outline of a human form in a narrow alley and asked the 23-year-old army specialist, "do you have any knowledge that on the morning of Nov. 17 the corpse of a woman was lying here?"

"No," replied Kupski. Standing by him was his pretty black-clad Japanese wife Utako, 21.

"All I can say is that I didn't kill the girl," Kupski told newsmen later. He is charged with murdering Kazuo Eikawa, 25-year-old wife of a U. S. navy man now in the United States.

November Kupski had confessed slaying the woman. Japanese prosecutors said he made a similar confession to police and the investigating prosecutor. The GI pleaded innocent when his trial opened Feb. 7.

The maximum penalty is death, the minimum three years. A prosecution source said, however, that if Kupski is convicted he probably would be sentenced to less than 15 years.

The trial was recessed until March 4. Aoyama said the trial will run at least until the end of May.

**State Agrees to Pay For Goodland Portrait**  
Madison—The state of Wisconsin agreed Wednesday to pay for the Gov. Walter S. Goodland portrait painted more than 10 years ago. Goodland died in 1947.

The state building commission approved payment of \$2,500 to Christian Abrahamson, a Chicago artist.

Abrahamson, who had sought payment for years, explained to the commission recently that he did not have a contract to do the work but was hired by Goodland.

Since Goodland's death the portrait has been in storage at the Capitol. The action Wednesday will result in the portrait being placed on the wall of the executive suite along with paintings of other former governors.

**State to Rent Floor Of Green Bay's New Municipal Building**  
Madison—The state building commission told the state engineer Wednesday to rent the fifth floor of Green Bay's new municipal building and see about renting part of the sixth floor.

The space will be used for district offices of state agencies which now rent space in several buildings in various parts of Green Bay.

The commission approved the annual rental price of \$18,000 for the fifth floor. The rental price includes water, heat, air conditioning and janitorial service.

The fifth floor probably will be used by the state employment service and the department of agriculture and public welfare.

## Both Parties Alter Views on Economy Upturn

**Spokesman Says Statement by Ike Was Misinterpreted**

Washington—Democrats and Republicans appeared to be retreating in opposite directions today on the politically potent issue of when a business upturn will occur. An administration spokesman described as a "mistaken impression" the general interpretation that President Eisenhower, in a statement last week, predicted a business upturn in March.

Meanwhile, congressional Democrats got some private estimates that "real" unemployment may be considerably less than the government's 4 1/2 million figure—perhaps less than half that, with the remainder merely changing jobs or otherwise temporarily out of work.

**Statement 'Misread'**

Some party leaders were cautioning colleagues not to get out on a political limb with too much talk about a slump that might be offset rather quickly by increased government spending.

Dr. Gabriel Hauge, special

Appleton Post-Crescent A 2 Thursday, Feb. 20, 1958

White House assistant for economic affairs, told a meeting of State Broadcasting association presidents that Eisenhower's statement of last Wednesday had been "misread by some people."

At that time, Eisenhower said: "Every indication is that March will commence to see the start of a pickup in job opportunities. That should mark the beginning of the end of the downturn in our economy."

Hauge said the president's language "hardly seems to say that an upturn in the economy will come in March." He added that if improved employment for March was reported in April that "should constitute a good sign that the downturn was running out of steam."

Adding that the economy is not likely to "turn around on a dime," Hauge said it was his personal opinion the downturn would "slow to a stop during the second quarter of this calendar year."

Sen. Douglas (D-Ill.), a member of the senate-house economic committee, said it seemed apparent to him that "Mr. Hauge is trying to bail the president out of an unfortunate statement."

## Brown County Dispute

**Thomson Says He Hasn't Power To Order Probe by Grand Jury**

Green Bay—A request by a Brown county supervisor for a grand jury investigation of the office of Sheriff Arley Skenandore was rejected Wednesday by Gov. Thomson who said he did not have the power to order such a probe.

In replying to the telegraphed appeal of Francis Leanna of the town of Scott, Thomson said in his wire:

"Please be advised that I do not have the power or authority to order a grand jury investigation. Your telegram implies and suggests a libel suit against the request you consult a lawyer for guidance. Your telegram makes public allegations at the county board meeting."

and this reply accordingly. He also issued a blanket disclaimer that he would not be construed as an official of any charges and said he assumed on my part that his would welcome a grand jury investigation of his office.

Leanna, who had given the protection committee, said sheriff 24 hours to resign or Wednesday. "To date the committee has no reason to believe error, said he planned to consult with his attorney today to see what his next step would be in an orderly and efficient manner."

# Diocese Priests Will Receive New Positions

Rev. Richard Kleiber Picked Superintendent of Catholic Schools

Several priest transfers involving some Fox Cities pastors and the diocesan department of education have been announced by the Most Rev. Stanislaus V. Bona, bishop of the Catholic diocese of Green Bay.

The Rt. Rev. Msgr. Edward Westenberger, superintendent of schools in the diocese, has been named pastor of St. John church, Green Bay, and will be replaced by the Rev. Richard Kleiber, now his assistant. The change is effective Friday.

Effective Friday, Feb. 28, are the following:

The Rev. William Hemauer, from Holy Trinity church, Jericho, the pastor of Immaculate Conception church, Luxemburg.

The Rev. Walter Tuschel, from Sts. Peter and Paul church, Weyauwega, to pastor of Holy Trinity church, Jericho.

The Rev. Leo Przybylski,

## Life Before Birth

Babies begin with a fertilized egg about as big as the dot on this i. Thirty-one days later a tiny heart begins to beat. Here's the step-by-step story of the mysterious miracle which precedes birth — the marvelous process which has, from time immemorial, produced us all. # Wallace Case Claim Filed With Council

The city's attorneys in the Bellaire park ravine case Wednesday asked the council to pay awards totaling \$8,023.10.

City Atty. Don Jury and Harry P. Hoeffel, former city attorney who argued the case, listed these people to be recipients of the money:

Mrs. Doris Wallace, 7344 E. Atlantic street, mother of Jerry, 7, who allegedly drank raw sewage in ravine water and died, \$3,343.42.

Lloyd Wallace, Milwaukee, Jerry's father, \$1,791.26.

Jerry's estate, \$1,294.22.

Clarence Crowe, 1113 Rankin court, father of Patrick, who allegedly fell violently ill from drinking the ravine water, \$1,594.20.

The attorneys reported the money is owed effective Jan. 25 and 5 per cent interest is charged. It will be studied by the finance committee.

Jury revealed the city is contemplating an appeal. The matter will be discussed in committee.

## Thomson to Meet Benson to Urge Extending Dairy Support

Madison —Gov. Thomson said today that he would confer in Washington Feb. 27 with Secretary of Agriculture Benson on "a practical solution to problems of the dairy farmers of Wisconsin."

The chief executive said he would ask Benson to extend the dairy price support at the present rates of parity until congress can act on a self-help dairy program introduced by Rep. Laird, R-Marshfield.

Benson announced recently that the federal support on dairy products would be reduced to 75 per cent of parity on April 1. The governor and others from Wisconsin have objected to the cut from the present level of about 83 per cent.

Thomson said he also would

## Teacher Tells of Trips on Brotherhood Program

Miss Mary Ann Kalista, a primary teacher at Richmond school, spoke to children on her European travels and displayed costumes of various countries during a Brotherhood week program Wednesday at the school. She spent last year teaching in a U. S. army school in France.

As soon as the recreation commission's request for the money was read as an item of new business, Captain moved for immediate need to get started with the work.

## LaCrosse Contracts Approved by Regents

Madison —The board of regents of state colleges approved contracts Wednesday totalling \$622,254 for construction of a student union at La Crosse State college.

The general construction contract was awarded to Johnson Construction Co., Winona, Minn., for \$442,687. Electric work will be done by John F. Papenfus, La Crosse, at a cost of \$69,126; plumbing by R. H. Lovold, Inc., La Crosse, for \$66,507 and the elevator installed by the Rosenberg Elevator Co., Milwaukee, for \$8,274.

The board decided to readvertise for kitchen equipment and held up approval of other minor contracts. The total cost of the union will be about \$800,000.

## UW Student Enrollment Up for Second Semester

Madison —The University of Wisconsin said Monday student enrollment for the second semester has reached 21,225, about 350 more than a year ago.

The Madison campus has enrollment of 15,494. The other university students are at the UW-Milwaukee and the extension centers.

Lawrence Says:

# Ike Emphasizes Mutual Security In Fund Request

## Spells Out Effect Of Program on American Life

BY DAVID LAWRENCE

Washington — President Eisenhower has endeavored in his latest message to congress to get away from the phrase "foreign aid" and to emphasize "mutual security" as the basis for an appropriation of \$3,942,100,000 to help fight the "cold war."

Lots of people have gotten the impression, largely from critics of the program, that the main purpose of the funds is a sort of "give-away" to foreign countries. The president, in recommending essentially the same component parts as he did last year, spells out in greater detail the significance of the project in terms of American life. Thus he outlines what could happen to the people of the United States in the event the "mutual security program" is not adopted. If the program were discontinued or "sharply" reduced, he says the consequences would be as follows:

"A severe dislocation and basic impairment of free world power.

"A certain crumbling, under Sino-Soviet pressures, of our strategic overseas positions and a forcing of these positions progressively back toward our own shores.

"A massive increase in our own defense budget, in amounts far exceeding mutual security appropriations, necessitating increases in taxes.

### Heavy Increase

"A heavy increase in inductions of American youth into our own armed forces.

"And ultimately a beleaguered America, her freedoms limited by mounting defense costs, and almost alone in a world dominated by international communism."

"It is not enough, however, that our military assistance and defense support help to prevent communist expansion by force of arms. We are equally concerned by the danger of communist absorption of whole nations by subversion or economic penetration."

Eisenhower does not mention the vast sums being spent by the Soviet Union, which is denying her own people essential things in order to win over the governments in vast territories where poverty-stricken peoples are anxious to get aid at almost any terms from the outside.

### Self-Interest

But there is a phase of self-interest other than defense and security to which the president draws attention as follows:

"We also have an economic interest in promoting the development of the free world. In the years to come, the increased economic strength of less developed countries should prove mutually beneficial in providing growing markets for exports, added opportunities for investment, and more of the basic materials we need from abroad."

In explaining the allocation of funds, the president points out that, in the "defense support" category which requires \$835,000,000, about 70 per cent would be used in Korea, Formosa, Viet-Nam and Turkey. These funds support the "front lines" of the United States, in the far east and in the middle east, but there is also an item of \$1,800,000,000 for "military assistance" which goes to allies and associated nations participating in the North Atlantic Treaty Organization, the Baghdad pact and the Southeast Asia Treaty Organization.

There are, in addition, "special assistance" funds of \$212,000,000 to handle contingencies in Libya and Morocco, where America has bases for the strategic air command and for health aids in Latin America.

### Earmarked for Aid

Only \$142,000,000 is earmarked for technical aid and special projects generally in various countries.

The big question now is whether partisan politics will ruin an essential program. For Eisenhower was really understating the consequences that might follow if the United States withdrew her support on the defense fronts of the world and let the communists gain an easy victory in the "cold war."

## Doerfer Sees Possible Mistakes in Judgment

CONTINUED FROM PAGE 1

be shown nothing seriously wrong at all."

When Doerfer was before the committee, some congressmen took the view that members of FCC sit as judges. Doerfer on the other hand contended his agency is primarily administrative.

Wednesday, Doerfer said the true function of an administrative agency is that of "practical men seeking practical answers to problems in a complex economy."

He urged the industry members before him to give careful study to their viewpoint of "what is the essential character of an administrative agency."

Doerfer is a former chairman of the Wisconsin Public Service commission.

### Assails FCC

A house investigating committee returned to the disputed Miami TV case today with one member expressing concern over what he called the "back-

stage" manner that apparently applied to the FCC.

Rep. Wolvertson (R-N.J.), senior Republican on the committee, said a person wouldn't have thought of appearing in a federal court in the "backstage, surreptitious manner" that apparently applies to the FCC.

Wolvertson said he thought something must be done so that a quasi-judicial commission would be free from the implication that it could be approached along political lines.

A Frank Katzentine, a loser in the Miami case, was in the witness chair for the second day in the committee's inquiry into alleged pressures in the case.

Katzentine's first day of testimony had brought the names

## Two Women Admit Starting Fire in Hotel

### Both Have Records Of Confinement in Mental Hospitals

**Milwaukee**—Two young women with records of confinement in mental hospitals admitted to police touching off a 3-alarm fire Wednesday in the 5-story Globe hotel on Wisconsin avenue only a few blocks from Lake Michigan.

About 32 persons were living in the 68-year-old hotel's 52 rooms. Most of them were able to leave without assistance, but a few were helped out by firemen. Damage was estimated at \$3,200 by Asst. Fire Chief Clarence Ehlers. Two firemen were overcome by smoke and a guest was cut.

The women, one 20, the other 19, were released last month from the state mental hospital at Winnebago. They

had been living in the hotel since the first of February and checked out shortly before the fire was discovered.

They were taken into custody about four hours later and at first denied any knowledge of the fire. However, after questioning one of them admitted throwing a lighted cigarette on the bed in their room and the other said she tossed a match on the bedspread. The 20-year-old woman also admitted starting two other fires in the hotel in the last week. Those blazes were put out by hotel employees without damage.

The pair was held in the mental ward at County General hospital. One said she had been a patient at the state hospital three times, the other said she'd been confined there once. There were no charges filed immediately.

The blaze apparently started in a third-floor bedroom and burned through the ceiling to the fourth floor before it was put out.

Overcome by smoke were firemen Walter Podkorski, 29, and William Kickem, 30. They were in good condition at a hospital.

Edward Wilmes, 52, a resident of the hotel, cut his right hand while breaking a window after his room filled with smoke.

work in developing the sulphite digester circulating system.

Swanson in an address questioned whether the paper industry is "in danger of becoming defensive and playing too much of a holding game." He said, "Although paper has replaced many of the materials in recent times, it is surely within the realm of reason to speculate that something may replace paper."

Swanson urged a group of

fort by the paper companies to push basic research.

Dr. L. M. Currie, vice president of Union Carbide Nuclear Corp., told the TAPPI convention that radio isotopes have become a million-dollar business, permitting annual savings of 250 million dollars in agriculture, industry and medicine.

A spokesman for U. S. newspaper companies reported they now have enough capacity "to meet all publisher requirements for the immediate future."

### In Other Elections

H. E. Whitaker, chairman of Mead Corp., Dayton, Ohio, was elected first vice president. He is in line for the presidency in 1959.

# U. S. Newsprint Mills Able to Meet Needs, Spokesman Says

But Declares Manufacturers are Concerned Over Profit Squeeze

New York —(U.S. newsprint mills have enough capacity "to meet all publisher requirements for the immediate future," a spokesman for the companies said today.

Arthur G. Wakeman, retiring president of the Newsprint Service Bureau, declared the manufacturers are concerned "over the developing profit squeeze, created by increasing costs of production and expensive unused capacity."

Wakeman, formerly of Appleton and now president of Coosa River News Print company, Coosa Pines, Ala., and a vice president of Kimberly-Clark corporation, said in a statement U. S. mills have increased newsprint capacity from 839,000 tons a year in 1946 to 2,100,000 tons, a gain of 150 per cent.

Canadian producers, he said, have raised productive capacity 56 per cent over the same period from 4,641,000 tons to 7,239,000 tons.

**Disturbs Public Opinion**  
Dr. B. D. Thomas, president of Battelle Memorial Institute, Columbus, Ohio, told the American Paper and Pulp association (APPA) marketing committee Wednesday the present "improved public opinion of science" as a result of the missiles and Sputniks "is not to be trusted."

Dr. Thomas said, "The public mind is too vacillating, science is either the answer to all problems, or it is in the doghouse."

He noted that science has "carried us to celestial heights in recent months," adding "I doubt if those heights mean much in terms of new paper markets, although someone might consider the possibility of disposable paper angel-wings."

Manuel C. McDonald, president of Great Northern Paper company, Bangor, Me., was elected president of the Newsprint bureau for the coming year.

**Sees Stable Prices**  
David L. Luke, president of APPA the past two years and president of West Virginia Pulp & Paper company, declared Wednesday "stable or rising" prices are expected in the industry, despite the current bulge in capacity.

This is true, said Luke, be-

cause "fluctuating raw materials prices have become less important, and sticky or rising manufacturing prices have become more important."

The APPA convention winds up today with the president's address and the annual dinner. John G. Strange, president of the Institute of Paper Chemistry, Appleton, will speak at an "open industry" meeting on water and the future of the paper and pulp companies.

The meeting of the Technical Association of the Pulp and Paper Industry (TAPPI) comes to a close with the presentation of the TAPPI medal to W. H. Swanson, vice president, Kimberly-Clark Corp., Neenah. Dean Roy P. Whitney, the institute of Paper Chemistry, will preside at the ceremony.

## Firemen Save Mother, 3 Sons

Found Unconscious In Bedrooms of Smoke-Filled Flat

Boyceville —(U.S.) Firemen Wednesday revived a mother and three little boys who were found unconscious in a smoke-filled flat.

Mrs. Frank Otis was placed under a physician's care at a neighbor's home. Her sons were taken 12 miles to a hospital at Menomonee.

Cory Otis, 11 months, was admitted in poor condition. His brothers, Randy, 3 years, and Kelly, 4, were in good condition.

Fire Chief Ernest Finney said his men thought the occupants of the second-floor flat were dead when they carried them outdoors. However the firemen administered oxygen, switching the two available oxygen masks from face to face until all four began to breathe.

Finney said smoke was pouring from the flat when firemen arrived at the building, across the street from the high school. Donning masks, the firemen climbed the stairs and found Mrs. Otis and the boys lying in two bedrooms.

Chief Otis said the fire apparently started near a heating

## Plan Slower Expansion in Paper Industry

Building of New Plants Deferred By Some Companies

New York —(U.S.) The paper industry has canceled plans to add about five million tons of capacity during the last year and some other expansion has been stretched out. President David L. Luke of the American Paper and Pulp association, APPA, said today.

Luke declared, "Never before has such intelligent action been taken so promptly. It is real wisdom to anticipate difficulty and to begin corrective action even before the trouble arrives."

The paper and pulp board manufacturers have an annual capacity of about 35 million tons. They have been running at around 85 per cent, considerably below a year ago.

Luke, president of West Virginia Pulp and Paper company, addressed a luncheon of the Association of Pulp Consumers at the annual APPA convention.

**Still Have Surplus**  
"I don't mean to imply the actions of the last year have put us on easy street. We still have a moderate surplus of capacity which will take our normal growth rate several years to soak up," he said.

Luke pointed out U.S. paper and paperboard companies are in a better position than formerly because they now produce over half their requirements of pulp and do not have to rely on outside sources.

"Under these conditions the nightmare of a fickle price of market pulp has lost its central position. This is a fundamental reason why we have experienced a firmer price structure during the present period of overcapacity than in pre-war times."

He said the damage, estimated at \$3,000, was confined to the kitchen.

Mrs. Otis' husband was working at a nearby creamery when the fire occurred.

Three Officials of the Rhinelander Paper company, Rhinelander, look over a newspaper at the convention of the American Paper and Pulp association in New York City Wednesday. From left are W. R. Haselton, vice president of manufacturing; W. J. Davis, vice president of sales, and C. C. Johnson, sales manager. (AP Wirephoto)

## The Squeeze Comes on

## Industry Looks for Ways to Cut Costs as Profit Margin Narrows

BY SAM DAWSON

New York —(U.S.)—Going steady is a problem today for heads of business houses too. In this case it's the unwelcome trend for high or even record sales to keep company with falling profits. And that's causing management some sleepless nights hunting for ways to cut costs.

In its more painful form this has led to closure of unprofitable plants or retail outlets, layoffs or shortened work weeks.

In its mildest form cost cutting is the old time economy wave which sweeps offices and factories periodically, stressing savings in pencils, phone calls or electric light bills.

**Check Featherbedding**  
When they can, plants are trying to offset rising labor costs by getting more product per man hour — this includes stepping up mechanization and automation.

A recent variant was the reported pact between labor and management in the construction trades for the elimination

of featherbedding and other some bankers as perhaps as costly tricks of the trade.

Some firms cut back on customer services, prune outgrown federal reserve board so far, routines and methods, cut away. Though many firms have employee deadwood. One com-

pany cuts back the number of night watchmen by providing seemingly built in increases to the survivors with motor scoot-

ers. Numerous firms encourage earlier retirements. Customers complain that some firms are saving money by lowering the quality of their products.

Two forms of cost cutting popular of late — lowering costs of carrying big inventories by turning to hand-

mouth purchasing and postponing plans for building new plant or buying new equipment — have been blamed for starting this recession. The duration of these practices has been called the setter of the slump's time

table. Another form of saving — dodging bank charges for need-

ed cash by postponing borrow-

ing or by asking stockholders

to buy new corporate security

will bring. Research arms of corpora-

tions are being urged to step

up the quest for more efficient

and less costly ways to operate

or for more cheaply produced

new products.

And one huge oil company

with many petrochemical di-

visions has a new pilot engi-

neering plant to test ways of

cutting research costs them-

selves. If costs of trying out

new chemical processes can be

lowered by one per cent, the

oil company sees a saving of

running into the millions in a

year.

Railroads and airlines report

that executive traveling seems

to be dwindling. They figure

that some corporation comp-

rollers are asking: Is this trip

really necessary?

## Group Will Lobby for Delinquency Study Here

City, County Representatives to Go to Madison Friday to See State Officials

A group of representatives from Appleton and Outagamie county will travel to Madison Friday to inquire about the possibility of having a state study on juvenile delinquency in Appleton.

The delegation will consist of Miss Martha Sorenson, president of the Appleton Com-

munity council; F. Joseph Sen-brenner, a member of the council's board of directors; Gus Zuehlke, vice president of the chamber of commerce;

Mayor Robert Roemer; Alfred Eggert, director of the Outagamie county department of public welfare; and Daniel Williams, Combined Locks, chairman of the public welfare committee of the county board.

The group will interview Wil-

bur J. Schmidt, director of the department of public welfare,

and Gov. Vernon Thomson.

**Funds Appropriated**

Funds for the juvenile delinquency study were appropriated by the legislature at its last session and Appleton is among several communities being considered for the project.

The study would be aimed at illustrating better methods of control and prevention of juvenile delinquency and related social problems. It will be administered by the department of public welfare, which has been given the responsibility for developing the program and obtaining cooperation of various agencies and individuals interested in the pilot project.

The community council has been interested in locating the study here. Final announcement of the site probably won't be made for several months.

In response to questions, Mrs. Dawson said "friends" pay her tuition and care for the children when she is in school.

In granting the divorce, the court noted that whereabouts of Mrs. Dawson's husband was unknown.

tions are being urged to step up the quest for more efficient and less costly ways to operate or for more cheaply produced new products.

And one huge oil company with many petrochemical divisions has a new pilot engineering plant to test ways of cutting research costs themselves. If costs of trying out new chemical processes can be lowered by one per cent, the oil company sees a saving of running into the millions in a year.

Railroads and airlines report that executive traveling seems to be dwindling. They figure that some corporation controllers are asking: Is this trip really necessary?

Obsolete machinery and unused buildings are being inventoried. Some firms scrap them for what their metal content will bring.

#### Roundup of Actions

## Aldermen Vote Down Quimby's Plea For Rezoning of Land to 2-Family

Aldermen Wednesday voted down Gerald E. Quimby's request for rezoning of the northeast corner of N. Racine street and E. Woodland avenue by a 13-to-6 vote.

Quimby, in a letter at the last council meeting, said earlier objections of neighbors had been removed. He wanted a tract, 66 by 120 feet, rezoned from single family to 2-family district.

Ald Roy Pointer, who was the only alderman to speak on the subject, called the zoning recommendation of the planning commission "spot" zoning. He said it was his understanding the city was against this sort of thing.

Joining him in opposition to the recommendation were Aldermen Ervin J. Bogan, William F. Ertl, Harold Hanne, Clarence A. Mitchell, Donald Mueller, Harvey Priebe, Sr., John Schumacher, Alan Sonkowsky, Mrs. Dorothy Stillings, Al H. Stoegebauer, Robert Stumpf and Gerald Wagner.

#### Marston Property

The council agreed to buy the Guy B. Marston property 131 E. Kimball street, for \$28,000. Its immediate use will be determined by the board of public works. It was bought with the expressed idea of holding it for future vocational school expansion.

#### Pumping Station

Orbison and Orbison, Appleton consulting engineers, were hired to plan the proposed sewage pumping station and pressure line on the city's far northwest corner.

#### Architect's Fees

A total of \$1,133.14 was transferred from the contingent

These are truly beautiful FREEZERS and you'll recognize their well-known labels.

Convenient financing terms arranged by Trudell's. NO MONEY DOWN! 2 YEARS TO PAY! Immediate Delivery. Don't miss this buying opportunity of the year. You can have a new Freezer at up to one-half the price you would expect to pay!

Open 9 to 9 Daily

fund to the new south side fire station account to help pay the fees of Architect Raymond N. LeVee. LeVee's charge was \$4,752.18. The station was completed early last year at S. Lawrence street and E. Lincoln street.

#### Fire Truck

A 65-foot aerial ladder fire truck was purchased from Peter Pirsch and Sons, Kenosha, for \$26,390. Exactly \$1,390 will have to be transferred from the contingent fund to the new truck account, the public safety committee said.

#### Rezoning

Aldermen approved rezoning of the northwest corner of W. Bell avenue and N. Bennett street to 2-family district. The land is non-conforming use as 2-family district for all practical purposes. Director of Public Works Edwin J. Duszynski said. The property is owned by Carl Schmitt, Hillcrest drive, Kaukauna.

#### Sunset Acres

Sunset Acres subdivision, a 38-lot plat fronting on W. Roberts avenue east from N. Mason street, was approved. It is owned by Paul Lundstrom.

#### Relco-LaPlante

All of the Relco-LaPlante annexation, north of the Chicago and North Western Railway company tracks and east of N. Ballard road, was zoned commercial and light manufacturing district. The area was annexed in October. Owners of the land agreed to the zoning at the time of annexation.

#### Vacate Streets

N. Alvin street and N. Harrison street from W. Marquette street to W. Lindbergh street was vacated when no one appeared at a hearing to protest. The vacating is part of a deal made with the Catholic diocese of Green Bay about five years ago. The diocese furnished a 30-foot street right-of-way on the city's southwest side in return for the vacating St. Pius school will be constructed on part of the land.

#### Stop Sign

Ald. Donald Mueller's request for a stop sign at N. Morrison street and E. Parkway boulevard was denied.

#### N. Drew Street

N. Drew street was ordered made an arterial street from E. Wisconsin avenue to E. Glen-

dale avenue. An ordinance will be drafted.

#### Bridge Tolls

City Atty. Don Jury has instructed to investigate the legality of the March of Dimes using Memorial drive bridge as a toll bridge for charity. Dr. Joseph Benton protested the action by letter.

#### Ordinances

Passed for the last time were ordinances banning parking on the west side of S. Bounds street from W. Second street north 200 feet and for more than 90 minutes in the two stalls on W. Franklin street at the northwest corner of W. Franklin and N. Superior street.

Also passed for the last time was an ordinance rezoning Robert Moller's property adjacent to his S. Oneida street car lot to local business district and the Garvey Agency's land in the Riverdale plat to multiple family district.

An ordinance which assures the county of tax collections by the city treasurer also was passed for the last time. It replaces an alternate procedure. Passed for the first time in ordinance form were these ordinances:

One changing the names of all streets in the Ramlen subdivision to Ramlen court.

One banning parking on the east side of N. Slate street from railroad tracks.

Two proposed ordinances were referred from the welfare and recreation committee to other authorities for more study. The controversial trash burner ordinance went to City Atty. Don Jury. The disputed rezoning of Garvey Agency land on N. Ballard road went to the planning commission.

#### Licenses

Van's Inc. was given tavern licenses for the Spa 109 E. College avenue. Donald E. Tordeur, 1117 S. Keenan avenue, was given a junk dealer's license. David Keller, route 1, Hortonville, and Elliot Wenzel, 2001 N. McDonald street, received bartender's licenses.

#### Budget Committee

Ald. Donald Mueller's request for an annual donation to the American Legion and Boy Scout drum and bugle corps was referred to the November budget meetings.

#### Hand Rails

Ald. Harry Roudeshush's request to have the hand rails at the northeast corners of E. Washington street and N. Rankin street raised was approved.

#### Name Changed

The name of N. Green Bay street was changed to N. Green Bay road per request of petitioning residents.

#### Army Reserve Advisors Will Attend Conference

Maj. Robert E. Nehring, head of Appleton's army reserve training center, Capt. Gordon W. Campbell and Capt. Albert F. Braun, unit advisors, will attend a 2-day advisors conference in Milwaukee this weekend.

Conferees will be briefed on latest army reserve training, administration and support programs.

## New Method For Ordering City Work Set

**Eliminates One Public Hearing; Requires Grades**

The city council Wednesday took the first step in a new procedure for ordering improvement projects subject to special assessment.

A preliminary resolution declaring the intent of the council to exercise its special assessment powers was passed unanimously.

The resolution calls for sanitary sewer and water main on these streets: N. Oneida street from the end of present facilities to Highway 41, W. Weiland avenue from N. Appleton street west to the end of the street, N. Appleton from W. Pershing street to W. Weiland, Orchard drive from W. Reid drive to W. Prospect avenue, N. Ballard road from E. Marquette street north 570 feet, W. Taylor street from N. Bennett street to N. Summit street and E. Coolidge avenue from S. Carpenter street west to the end of the street.

The board of public works now will prepare a report which will list plans and specifications, an estimate of the total cost, an estimate of benefits to abutting property owners and the assessment charge.

City Atty. Don Jury has ruled that from now on the works board will be required to personally inspect each proposed improvement project. The new requirement, and the entire new procedure, is part of a state law effective Jan. 1.

The new procedure eliminates a public hearing before the board of public works, permitting the board to instruct the clerk to advertise a public hearing before the council immediately after the board sets the assessment.

The clerk must publish the notice of hearing and send personal letters to each property owner for whom he can find an

address. In the letter he must tell property owners the report is available at his office or the engineering department office.

#### Grade Ordinance

If the council approves the work after the hearing, property owners are again notified by the clerk of the action taken.

When work is proposed on a street, it is necessary for an ordinance to be passed setting the grade of the street, something the city hasn't done for many years. This does not include grades for sidewalks.

If sidewalk is to be replaced, repaired or installed, a notice is served on the property owner and if he fails to have the work done himself within 20 days, the city will have it done. A policeman must serve the notice, or, if the owner lives out of town, a notice is published in the Post-Crescent.

#### Longer Period

For sewer and water lateral work, the same procedure is followed except the owner is given notice in the mail if the clerk can find the right address. The new procedure then affects the method for starting the bulk of improvement work. Sanitary sewer, water main, grading and graveling, curb and gutter, asphalt surfacing and oiling of all types. It does not affect snow removal and weed cutting assessments.

Director of Public Works Edwin J. Duszynski said the new procedure will result in a longer period from initial request for work to start of work. It also will mean more work for the city clerk's office.

## 3 Women Receive Absolute Divorces

Three women have received divorces in circuit and municipal courts.

In municipal court, Mrs. Gertrude Herzfeld, 48, 448 W. Foster street was granted an absolute divorce from Clarence L. Herzfeld, 48, Kimberly on her grounds of cruel and inhuman treatment. The couple married June 22, 1947, in Oshkosh and separated last November. Support and alimony payments were held open by the court, a custody of two minor children was given Mrs. Herzfeld, Valoria J. Johnson, 32, Dale,

## Improvement Projects OK'd By Aldermen

**\$35,000 Storm Sewer System for City's Southwest Section**

Twelve improvement projects were approved Wednesday by the city council.

The engineering department was instructed to draft plans for an estimated \$35,000 in storm sewers for the Riverdale plat at the city's southwest corner.

Storm sewer plans also were ordered for W. Fifth street and W. Third street, both from S. Locust street to S. Pierce avenue.

The engineers are to draw plans for a shallow sanitary sewer to serve E. Taft avenue. The plans will determine whether curb and gutter are to be installed on the street in 1959.

Sanitary sewer, water main grading and graveling were or-

dered for E. Coolidge avenue from S. Carpenter street west to the end of the street.

Curb, gutter, grading and graveling were ordered for E. Byrd street from N. McDonald street to N. Owassa street and for S. Carpenter from E. Calumet street to E. Harding avenue.

(A 14-inch asphalt mat will be installed on the E. Byrd section in 1959. The S. Carpenter section will be 37 feet wide since it is adjacent to Madison Junior High school.)

Sidewalk will be constructed at 1300 E. Byrd, on the west side of N. Owassa south of the railroad tracks, on the north side of E. Glendale avenue from N. Ullman street to N. Ballard road where there is none, and on the south side of E. Glendale from N. Alexander street to N. Helen street where there is none.

The defective sidewalk in front of the library at 121 S. Oneida street will be replaced, or repaired.

#### LIFE'S LIKE THAT

By Fred Neher

"Well, you just find another car pool!"

## Finds Body of Slain Man on Porch of Home

Houston — The Roy D. Cassidy family was awakened by strange noises outside after going to bed last night.

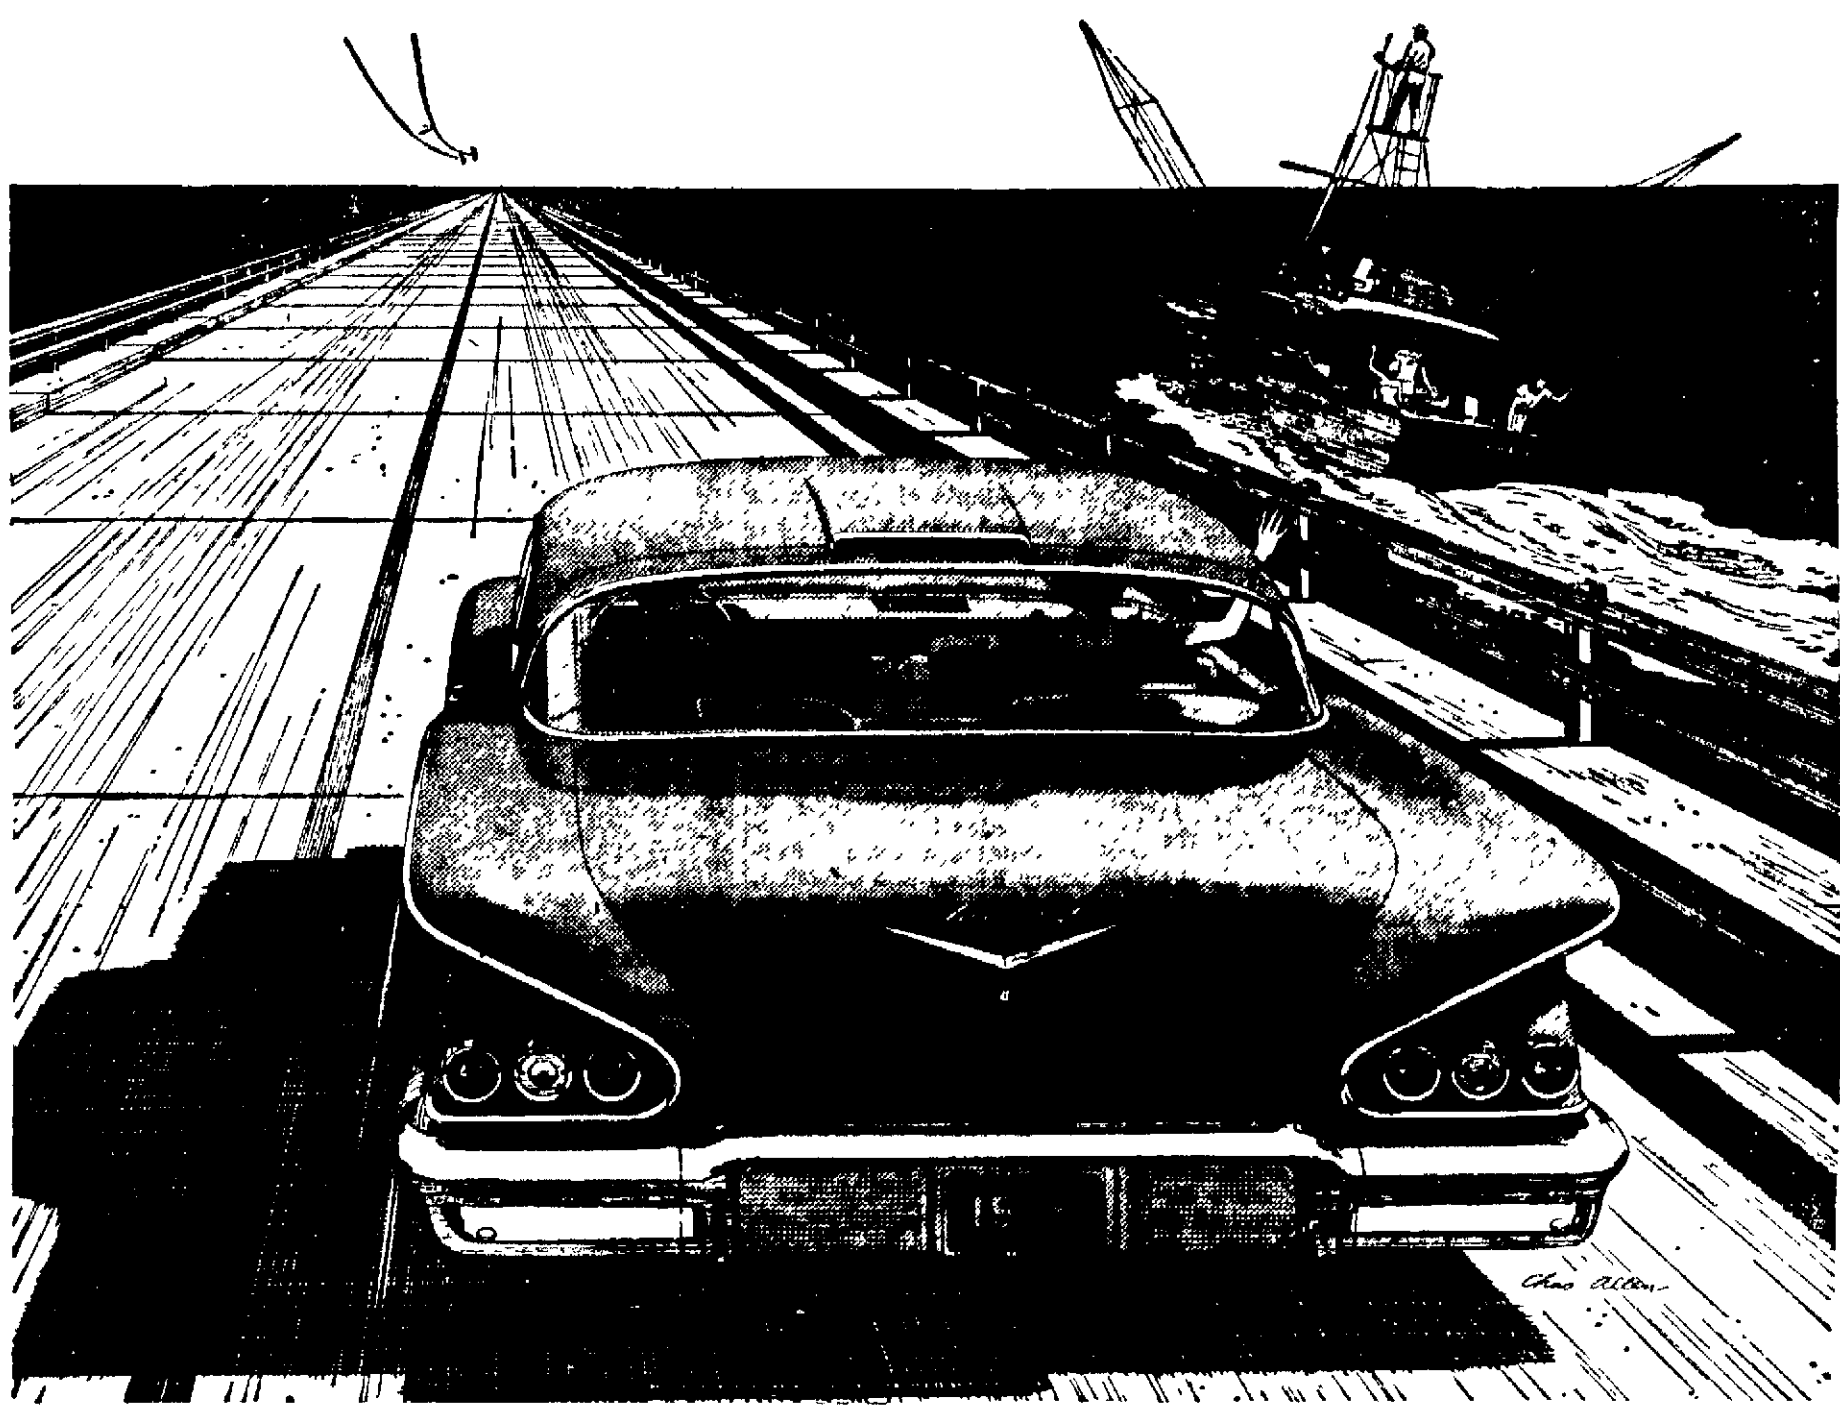

There was a pop, like a firecracker, the screaming of automobile tires then a scratching at the front door.

Cassidy opened it cautiously. Sprawled across the doormat was a young stranger, dead with a bullet hole in the back, apparently shot as he desperately sought sanctuary from his killer.

Police identified the victim as Chester Ray Jackson, 24.

Mrs. James McInness and Daniel L. Sullivan hold her prize winning box which took first honors at a box social staged Sunday night by the new St. Pius X congregation at St. Joseph school hall. They are shown with Mr. McInness, left, and Leonard Jochman. Below, among party-goers attending the mixer were Mr. and Mrs. Cy Griesbach, left, Mrs. Sullivan, James Otto, and Mr. and Mrs. John Lindberg. (Post-Crescent Photos)

## DAR Plans Annual Washington Event

Appleton branch, Daughters of the American Revolution will hold its traditional Feb. 22 George Washington birthday luncheon at 1 o'clock Saturday afternoon at the Conway hotel.

The program, presented by Miss Irene Bidwell, will review the history of the Appleton chapter and the Wisconsin DAR society.

Miss Joan Beattie (Rueckl Photo)

## Betrothal Told At Family Dinner At Little Chute

Mrs. Mary Beattie, 1137 N. Wilson street, Little Chute, has told the engagement of her daughter, Joan, to Roderick La Fond, son of Mr. and Mrs. Melvin La Fond, Black Creek. The betrothal was announced at a family dinner at 1 o'clock Sunday afternoon at McCabe's restaurant, Little Chute.

Miss Beattie is a senior at St. John High school, Little Chute, and is employed part-time at McCabe's restaurant. Her fiancé attended Seymour High school prior to serving in the marine corps for more than two years. He is employed by Appleton Badger Plug company.

No wedding plans have been announced.

Favorite recipes were brought by Women of the Moose members to a meeting Wednesday night at the clubhouse. The recipes were collected in conjunction with an open meeting for Mooseheart Music Day on Sunday, March 9. Chapters taking part in the "music day" program will be Sheboygan, Fond du Lac, Appleton, Kaukauna, Green Bay, Stevens Point, Clintonville, Antigo and Wausau.

## Wanda Lang Planning Fall Nuptial Rites

Mr. and Mrs. John Lang, 2521 N. Williams avenue, have announced the engagement of their daughter, Wanda, to Charles Holbert, son of Mr. and Mrs. Cash Holbert, Zanesville, Ohio.

The young people attend Marion college, Marion, Ind., where the bride-elect is a freshman in education. Her fiancé, also a freshman, is pursuing a theology course.

Mr. Holbert will claim his fiancée in a fall wedding.

## 100 Couples Attend St. Pius X Social Mixer

One hundred couples attended the get-acquainted box social staged by St. Pius X congregation Sunday night at the St. Joseph school hall. The mixer was sponsored by the parish's Altar Society-Christian Mothers and Holy Name society for residents of Appleton's newly-formed parish.

Howard McCarthy donated services as auctioneer of the supper boxes and prizes were taken by the Mmes. James McInness, Arliss French, Dan P. Sullivan, Chet Meiers and Kermit Dean.

Members of the adult organization were assisted Sunday by the St. Pius high school sodality including Margaret Farrell, Mary Flood, Sue Christen, Ruth Houfek, Sandra Bogen-schutz, Sharon Bauer, Patricia Blazek, Patrick Sheen, Herman Knuppel, Tom Janssen and Phil Schultz.

## Charity Circle Hears Welfare Work Talk

Richard DeLapp of the Outagamie County Department of Public Welfare met with members of the Charity circle of King's Daughters Tuesday night at the home of Mrs. John Lindberg, 1535 N. Nicholas street, to describe the five branches included in the welfare department.

Special emphasis was placed on the Outagamie children's welfare agency, which is one of the circle's main charity projects. The circle has established a \$500 fund for the agency's use. Money in the fund is used to buy necessities which the county and state are not financially equipped to provide. The fund is replenished yearly.

Circle members also heard a report on the needs of the planned psychiatric day room at St. Elizabeth hospital by Mrs. Patrick Coughlin, chairman of the investigating committee. Members of her committee are the Mmes. James Gustman, Richard Kewley and John Conway.

A donation of \$100 to aid in furnishing the room was approved. Mrs. J. R. Whitman, Jr., and Mrs. John Conway, co-chairmen of the round robin bridge held by the circle, gave a final report on the project. Proceeds will be used to aid circle charities including a \$300 Appleton Memorial hospital fund pledge. Members also voted Tuesday to donate \$10 to the Appleton High school foreign student exchange program.

Mrs. Robert Schwalby, circle president, reported on King's Daughters council meeting and Mrs. Robert Spooner explained the Community Blood Center family plan recruitment program currently underway.

The next major circle project will be an annual spring ball on May 28 at Butte des Morts Golf

club. Mrs. Al Schnese is general chairman of arrangements. Mrs. E. A. Degenhardt was co-hostess for the meeting. Mrs. Schwalby will be hostess and Mrs. Whitman, co-hostess for the March meeting.

## In Good Taste Exchange Gifts After Wedding

BY EMILY POST

Dear Mrs. Post: The daughter of a friend of mine was married recently and my husband and I were invited to the wedding. After the ceremony everyone was asked to the house for a little collation and also to look at the wedding presents. I looked for my wedding present but could not find it. However, after carefully looking over all the presents again, I found my card attached to an entirely different present from the one I sent. I was very much put out over this and felt that the bride was very unappreciative of my wedding present. My husband tells me there is no cause to feel hurt as it is the bride's privilege to exchange wedding presents if she wants to. Even so, don't you think she should have at least waited until after the wedding to do this? I would very much like to have your opinion on this matter.

Answer: While your husband is right about its being the bride's privilege to exchange wedding presents, I certainly think that she should have waited until after the wedding to do so. Putting your card on something that you did not send was entirely wrong.

## Praise for Pastor

Dear Mrs. Post: We are members of a Protestant church and our minister stands at the door to shake hands with the departing members after services each Sunday. We feel some of his sermons are very inspiring and would like to tell him so. Would this be proper, and how do we go about telling him this?

Answer: When he is shaking hands with you, it is entirely proper to make a comment on his sermon.

## Seating Guests

Dear Mrs. Post: When I have two or three couples in to dinner, is it necessary that I tell each guest where to sit, or would it be proper to just let them seat themselves wherever they liked? I would very much appreciate hearing from you on this.

Answer: Correctly the hostess tells her guests where to sit because otherwise it is usually awkward for them.

Pre-Dance Parties Were Held in the homes of several members when the Cotillion club held an informal pre-lenten social at the American Legion Memorial building over the Valentine weekend. The Percy Muenders, left above, greet guests as they arrive at their home for one of the parties. From the left, the guests are Mr. and Mrs. William J. Quinn, Mrs. Tom Driscoll and Mr. Driscoll. Party-goers in the lower photo, left to right, are Mr. and Mrs. Albert Zupke, Mr. and Mrs. John Christman and Mr. and Mrs. Alan Hoppe. (Post-Crescent Photos)

## Rites Planned by C. C. Wynboom, Miss Van Wychen

A fall wedding is being planned by Miss Patricia Claire Van Wychen, whose engagement to Cletus C. Wynboom, son of Mr. and Mrs. Albert Wynboom, Little Chute, has been announced by her parents.

Mr. and Mrs. Norbert Van Wychen, route 1, Kaukauna, the bride-elect, who graduated from Freedom High school, is employed at the Coffey Insurance agency, Freedom. Her fiancé is a graduate of St. John High school, Little Chute, and served two years in the navy. He is employed at Thilmany Pulp and Paper company, Kaukauna.

## Plans Guest Event

A guest luncheon will be held by the Appleton auxiliary to the Shriners Hospital for Crippled Children at 1 o'clock Monday afternoon at the Masonic temple. Cards will be played after the luncheon.

Mrs. Alex Pierre is chairman of the hostess committee, which includes the Mmes. Herbert Holtz, Earl DeLong and Spyro Gostas.

## North Shore to Hold Family Night Social

Ski movies will be shown by Dr. and Mrs. Fred H. Smith of Neenah when North Shore Golf club has a family night gathering at the clubhouse Saturday. Dinner will be served from 6:30 to 8 o'clock and the movies will be shown at 8:30.

# Your Problems

## Stop Pressuring Girl Into Marriage, Ann Tells Youth

**BY ANN LANDERS**

DEAR ANN: I've been going with a girl for two years. I want to marry her when she graduates this spring. She'll be 18.

She says she loves me but she doesn't want to get married yet. She wants to work at least a year and help her folks get out of debt. They had a car accident in December and they owe some big bills.

I say the bills are not her responsibility and she's a fool to think this way. After all, why should I get cheated out of a year's happiness just because her old man didn't see the doctor sign? Please comment on this. — BOB

DEAR BOB: (Spelling it with only one "o" are you?) If your girl wants to put off marriage for a year to help her folks get out of debt you have no right to horn in with your objections.

She sounds like a pearl of a girl. The leap from high school to the bridal path can be a pretty big one, and maybe she's not quite ready for it. It could be that she wants an extra year to decide whether or not you're the one, so stop pressuring her.

DEAR ANN: My two sons, 8 and 10, are just too tender-hearted. At present we have three stray cats in the basement; a young airedale who must belong to somebody, and a bird with a broken wing. Upstairs we have two parakeets,

a Boston terrier, four turtles and a tank full of tropical fish. My husband thinks it's cute the way the boys drag home every stray four-footed and feathered thing they see. But I'm the one who has to clean up after the animals and stretch the family budget to pay vet bills and buy food for the collection. I hate to discourage them from showing kindness to all living things, but I'm tired of taking the brunt of it. What can I do? — ZOO KEEPER

It's wonderful that your boys love "all living things" but they must be taught that love carries with it responsibilities. They must not be permitted to bring home animals and unload them on you.

Explain that your budget and home can accommodate

only so much animal life. The boys should be asked to contribute a part of their allowance to pay for the care and feed of the menagerie. Being "tender-hearted" alone is no virtue. It is the responsibility of caring for the pets from which they will learn the lesson of unselfishness. Just totting creatures home is not enough. The giving should start from there.

### Beauty

#### Manicure Hints for Teenagers

By Marian Matthews

Teenage girls have a natural interest in their appearance and it is surprising how quickly some of them learn to do their own hair and pick up beauty hints that enhance their looks. It is in these early years that a foundation can be laid for good grooming to see them through a lifetime.

Care of hands should rate pretty high on the list and if you have a young girl under your guidance start her off with all the equipment necessary for a professional manicure. Don't feel she can do a suitable job with nothing more than a nail file and bottle of polish. Instead see that she learns how to use a bowl of soapy water to soak fingertips during a manicure. Give her a simplified manicure kit with nail brush, orange stick, emery boards, oil cuticle remover and polish remover.

Some youngsters find it difficult to do the "other" hand and this is where you might help occasionally. She will have to practice, to be sure, if she is to become expert, but you might help a little with the application of polish.

Have her file nails to desired length. Then soak fingertips in sudsy water. Dry and then apply cuticle remover pushing cuticle back gently with cotton tipped orange stick; once again place fingers in water and then rinse off in clear water. Dry hands and using towel push cuticle back again. (This is a little trick she should use every time she washes her hands.)

Apply polish using two coats and give the first one several minutes to dry.

She should use hand lotion just as you do to keep even these soft, young hands free from chapping and the effects of grime which may result from play or a hobby.

Terrace Kitchen

One kitchen per home hardly seems enough anymore. Barbecues take over extra kitchen duties by doing the cooking outdoors, but this isn't enough—it brings a need for a nearby refrigerator. And the family ground mural in red, charcoal, blue and white. Other walls are pecky cypress tinted pale blue and the two-level floor combines stone and marble chips. Wicker and wrought iron chairs have seats upholstered in sun-yellow leather and the same leather is used for the wrought iron chair at right which won a prize for Radoslav Kovacevic. (Copyright, 1958)

### Miss Rose Marie Gutoski Bride of Robert Thayer

Miss Rose Marie Gutoski, of the bride, was the other daughter of Mrs. Mae Gutoski, 315 E. Quincy street, New London, became the bride of Robert Thayer, son of Mr. and Mrs. Lester Thayer, 1110 N. Water street, New London, at 10 o'clock Saturday morning at Most Precious Blood Catholic church, New London. The Rev. Andrew Linsmeyer, pastor, performed the double ring ceremony, which preceded the nuptial high mass.

The bride was given in marriage by her uncle, Gilbert Kent, Winchester. Her sister, Miss Sally Gutoski, New London, was maid of honor and Miss Betty Thayer, New London, sister of the bridegroom, served as best man and Robert Kent, Winchester, a cousin

### Use Alcohol To Remove Old Shellac

BY ROGER C. WHITMAN

Question: Previous owner of our house finished floors with shellac. How can we remove this, as we want to varnish the floors?

Answer: Wiping the floors with denatured alcohol will take off the shellac. If it is stubborn, you may have to resort to steel wool, rather than cloths.

Question: The hearth in our newly completed home is made of sandstone slabs. Is there any material which could be applied to prevent it from becoming soiled with flying sparks and ashes?

Answer: Sorry, but I know of no material for this purpose. Don't allow smoke and soot to remain on the surface long; scrub with very hot water and a mild soap, rinsing thoroughly afterward with clear water, to remove any trace of soap. If the sandstone darkens, it can be cleaned by rubbing with a brick and plenty of water (hard work).

Question: My living room floor, made of 2 by 6 quarry tiles, is a problem. The surface is not level and smooth and unwary persons trip over some of the blocks. I find the blocks are too thick to be moved. Could I lay boarding over these and then linoleum to insure a level even surface? I would appreciate any information.

Answer: You might try leveling the floor first with a floor leveling compound made for just this purpose and available at masonry supplies dealers. For information about laying the linoleum, I'd suggest getting it from your local floor-covering dealer. Many of the well-known manufacturers of floor-covering publish free leaflets giving complete and detailed information on how to proceed.

Question: Our bedroom floor is of pine and has not been done over in some time. It has shown up every mark from the beginning: moving furniture, and from shoes. Waxing did no good. We have been told this is because it was originally improperly finished. How should the floor be refinished?

Answer: Rent a floor scraping and sanding machine and remove the present finish down to the bare wood. (This is much quicker and less messy than trying to do it with paint remover.) Fill any cracks between floorboards, and any dents, with wood putty or plastic wood. Wipe up all dust with

### 4 Fox Cities Men Members of Betas

Four Fox Cities men are among 13 new members initiated into Beta Theta Pi fraternity at Lawrence college in a ceremony Saturday at the Masonic temple.

They are Michael Ullwelling and Robert Meek, both of Appleton, Lawrence Bouquet, Neenah, and Richard Lang, Menasha.

After the initiation, a banquet was held in the Conway hotel. Charles Fisher served as master of ceremonies and A. J. G. Priest, alumni past president of the fraternity, gave a talk on fraternity founders.

### Appleton Girl, Kansas Resident Engaged to Wed

Announcement has been made of the betrothal of Miss Evelyn Bjerkvold, of Topeka, Kan., formerly of Appleton, and Leroy Ming, son of the L. Mings, Milltownville, Kan., by her mother, Mrs. Celinda Bjerkvold, Green Bay.

Miss Bjerkvold graduated from Appleton high school and is taking her second year of nursing training at Barrow Nurses school, Topeka. Mr. Ming is studying education at Milltownville college.

No wedding date has been told.

turpentine and stain desired color. If you wish shellac or varnish finish. If you plan to use paint, omit staining step. Apply finishing coat.

### Japanese Version of Opera Cited

New York — The Metropolitan Opera's new production of Puccini's "Madama Butterfly" — something of a "made in Japan" version — drew praise from music critics today.

The Met's first production of the opera in 34 years had its premiere last night. A stage director and a set and costume designer were brought from Japan. Much of the material was imported from Japan. The singers were patiently taught gestures and motions that were genuinely Japanese.

The singing was in Italian. W. G. Rogers, Associated Press arts editor, called the production "as beautiful as it was authentic." He wrote that "there was singing to match, or almost, Antonietta Stella made a touching Cio-Cio San, and Eugenio Fernandi, in his debut, was a strapping figure as Pinkerton."

Howard Taubman wrote in the New York Times that the production is "exquisite in taste and sensibility." Paul Henry Lang wrote in the New York Herald Tribune that the opera "has received the most thorough-going face lifting in its career... a very distinguished and colorful production."

## 'Hades' Theme for Joint Sorority Fete

Two Lawrence sororities, Alpha Delta Pi and Kappa Delta, have joined forces to give a party this weekend for all Lawrence students. It will be held from 9 to 1 o'clock Saturday evening in the Terrace room of Memorial union.

"Hades" is the theme of the party and guests will come dressed as characters from heaven or hell — or as any bad character from history. Music will be furnished by a local orchestra.

Miss Mimi Muuss, Alpha Delta Pi senior from Sheboygan, is in charge. She is being assisted by the following: the Misses Nancy Oetting, Riverside, Ill.; Carolyn Lohman, Chicago; Susan Stevens, Western Springs, Ill.; Joan Paddock, Palos Heights, Ill.; Judy Hall, Western Springs, Ill.; Marilyn Mollenhauer, Milwaukee; Margaret Iken, Clinton, Iowa; Jacqueline Wells, Oak Park, Ill.; Carol Closkey, Maine, N. Y.; Carol Schlegel, Fond du Lac; Janice Godschalk, Apple-

ton, and Hope Smith, Glen Ellyn, Ill.

Chaperons will be Mr. and Mrs. James R. Sackett, Mr. and Mrs. T. William Schleisner and Mr. and Mrs. Robert Kenney.

## Lord Nelson Star Of British Film At Lawrence

"Lady Hamilton," an Academy Award winning British film, will be presented by Lawrence college this week end on its film classics series. There will be four showings on Sunday at the Worcester art center at 1:30, 3:30, 6:30 and 8:30 p.m.

Starring Laurence Olivier and Vivien Leigh, the film is directed by Alexander Korda. It is a moving presentation of the romantic and tragic love affair of Lord Nelson, hero of the Battle of Trafalgar, and his beautiful and notorious mistress.

The event is open to the public for a small admission fee.

Girl Scouts of Troop 33 presented an entertainment program for children in the orthopedic department of Morgan school Friday afternoon. Scouts taking part included, from left, Lynn Blank, Lana Lemke, Barbara Bayless, Linda Buntrock and Alice Ruth. (Post-Crescent Photo)

## Indoor Gardening

### Forsythia, Other Branches Forced for Early Flowering

BY KATHERINE B. WALKER

We usually have a few balmy days about this time of year, and when the sun is shining brightly and the temperature is above freezing, I get out my pruning clippers and gather a bouquet of branches outdoors to force in the window garden. My favorites are forsythia, whose fat buds burst into yellow bloom within a few days; weeping willow, which produces fantastically long catkins wholly unlike the "pussywillow" blossoms; red osier, with new leaves rivaling the color of its bark, and apple branches, which require a few weeks of pampering before opening their flowers, paler than normal but none the less sweet.

To obtain the best results from forced branches, choose those with fat buds and cut them at least a foot long. Peel the bark for an inch or more at the cut end and place the branches in a deep container of lukewarm water. Give them a cool, bright place, spray them every day with tepid water, and change the water in the container whenever necessary. When the branches begin to show leaves or flowers, they may be cut to any desired length and arranged in a decorative container.

**Bring In Pots**  
In addition to forcing branches, I also bring in pots which were sunk in soil to their rims along the south side of the house the previous fall. Some have crocus bulbs in them, some contain violet plants, others have lily-of-the-valley pips.

This is the time when deciduous dwarfed trees must be brought indoors; if they open their first leaves outdoors, they may lose them when moved to the indoor garden. All these plants are kept in a cool, sunny spot, and given ample moisture on their tops as well as at the roots so that the tender new growth won't blast as a result of the dry indoor air.

If you have potted bulbs which spent the winter in a coldframe, you can begin bringing them indoors now. The secret of success with these is to provide cool but fully bright growing conditions in order that the foliage and flowers will not mature too rapidly. High temperatures always result in spindly, sickly growth.

**Questions and Answers**  
Some time ago you stated that petunias needed special care in order to grow indoors through the winter. I'm enclosing a snapshot showing my plants which bloomed all winter without any particular effort on my part.

The photograph, taken from

outside a picture window, is excellent, and thank you so much for sending it. I believe I wrote, in the column you refer to, that if petunias were given sufficient light and moisture (including rather high humidity), they might be satisfactory. Your plants evidently found your indoor conditions met their needs; other homes might not have such a congenial atmosphere.

My plants came through the winter real well but now they look sickly.

Perhaps they need extra food. Most plants are making new growth about now, and unless

## Frost Boils in Ice Cause Discontinuance Of Skating Rink Work

Frost boils the size of a fist within the ice on 23 city skating rinks today caused the park department to discontinue work on the rinks.

Park Supt. Harold Jerke said the boils are so large crews are unable to spray enough water on the rinks to take the roughness from the ice. The position of the sun during the day creates the boils, he said.

Jerke also asked youngsters who have left sleds and skates at the Jones park warming building to reclaim them as soon as possible.

they can obtain enough nourishment from the soil they are potted in, they must either be repotted or given supplemental feeding.

## Council Sends Pool Petitions To Park Board

Petitions opposing use of Reid Municipal Golf course for a swimming pool Wednesday were referred to the park board.

Mayor Robert L. Roemer, when asked why they weren't being sent to the council's special pool committee, said:

"It is the park board's action which is being objected to. Logically, they must go to the park board. The board then can change its mind or reaffirm its action."

The mayor was referring to the park board's reluctant offer of the southeast corner of the golf course for a pool site. Some pool committeemen had sought the site from the board.

**Late This Month**  
Park Board President George Johnson has said the board will not meet until late this month when Board Sec. Arthur Jones returns from vacation.

Roemer asked Laymon B. Wosner, one of about 15 citizens at the meeting and prime mover in circulating the petitions, if he wanted to speak on the subject.

When informed the park board would study the petitions, Wosner declined the offer. After the meeting, he said he would appear before the park board.

## PTA to Hear Panel On Guidance Center

A 3-member panel will discuss the proposed Community Guidance center when the Lincoln school Parent-Teacher association meets at 7:45 tonight.

Participants will be Mrs. Charles Lingelbach, Eric Madison and Milton Ness, all on the center's board of directors. The business meeting will begin at 7:45 and the panel at 8:30.

Mr. and Mrs. H. C. Craven

## 60 Years of Marriage Observed by Couple

Relatives and friends of Mr. and Mrs. H. C. Craven, Nichols, will honor them on the occasion of their 60th wedding anniversary at a reception which will be held from 2 to 5 o'clock Sunday afternoon in the parlors of the Nichols Congregational church.

The Cravens were married in Appleton on Feb. 22, 1898. They have four children: Roy and Arlyn of Appleton; Jess of West Allis and Mrs. Beatrice Hinz, Black Creek. There are eight grandchildren and four great-grandchildren in the third and fourth generations of the family.

Mrs. Craven was born in Appleton on Oct. 20, 1879, and her husband was born at Johnson's Creek on April 19, 1876.

Mr. Craven was engaged in building construction and cabinet work for many years in the Clintonville area and resided in Leeman before his retirement to Nichols several years ago. He still has a keen interest in his hobby of amateur photography. Mrs. Craven keeps active by doing her housework, caring for her flower garden and her pet cats.

Culbertson on Bridge

There is more than one school of thought on virtually every subject under the sun, and this certainly applies in extra measure to contract bridge. Thus, in the hand below there will be some readers who criticize South for failing to double the remarkable "rescue bid" made by a vulnerable opponent—but that would not be the verdict of experts!

North, dealer.  
East-West vulnerable.

NORTH

S-A  
H-Q 10 7  
D-10 8 7 2  
C-K 10 9 5 4

WEST EAST

S-QJ 10 8 S-6 5 2  
H-K J 9 H-8 6 4 3  
D-A 5 D-J 8 6 4  
C-Q 7 6 2 C-J 8

SOUTH

S-K 9 7 4 3  
H-A 5 2  
D-K Q 3  
C-A 3

The bidding (rubber bridge):  
North East South West  
Pass Pass 1 N T D'ble  
Red'ble Pass Pass 2 C  
D'ble 2 D Pass Pass  
2 N T Pass 3 N T Pass  
Pass Pass

It is true, of course, that South's one-no-trump opening was unusual in that he had a five-card major suit, but this choice of actions should have had outstanding success. For one thing, it seems to have seduced West into a very dangerous double, and for another, the no-trump bid should have informed North that his partner had good defensive strength all around. Thus, when the vulnerable opponents were trapped in a deep pit of their own (or rather, West's) making, it was little short of criminal for North to help them out. Apparently, North felt that if he couldn't make his really magnificent double of two clubs stick, he had exhausted his defensive potential, but if this was his notion, it was ridiculous. He had an excellent double of two diamonds when that remarkable bid got around to him—a far better double than South could have made on the cards he held and the information he had up to that stage. For all South could know, North might have held two small diamonds, and West something like A-J-x. It was North's distribution—known only to himself—that made a double of diamonds stand out. Obviously, East-West would have been slaughtered, whereas South, misguessing the club situation, did not even make three no trump.

**OUTDOORS in WISCONSIN**  
**Birds Seek Shelter From Wintry Winds**

**BY CLARA HUSSONG**

**Green Bay** — Birds don't like wintry winds any more than we do, and during a cold, stormy period they stay under cover as much as they can.

They don't have stores of food put away, however, and they must search for food daily, rain or shine, good weather or bad. Many small song birds eat their weight in food every day.

When icy winds blow they leave open spots and look for food away from wind and cold. Protected ravines and hillsides are good places for birds which feed on or close to the ground. Here they are apt to find open ground, or seedy plants which supply them with food. Species which feed on cones of evergreens, or on juniper berries or other fruits and seeds found in thick woods, usually manage to survive even the worst storms.

A sleet storm is most disastrous to birds. After such weather an icy coating usually covers the ground, tree trunks and branches. Birds which feed on scattered weed seeds can't peck through the icy coating, and neither can the insect eaters get at their food deposited in bark crevices.

Give Them Suet

Chickadees, nuthatches, creepers and the various woodpeckers are among the insect-eating birds which suffer when a thick coating of ice covers trees. It is at such times that they welcome the suet, sunflower seeds and other oily or fatty food.

Put the food on a stand, or on the hard ground (not in soft snow) somewhere in a shelter away from the wind. Most feeding stands are placed on the south side of buildings, for that is the most protected

side. An alcove affording two protecting walls is better.

Mourning doves have a habit of sleeping on the ground, often causing their deaths. Their feeding activities and thawing weather softens up the ground or causes small pools to form. The doves, with their long tails, go to sleep in these wet spots. During the night their tails freeze fast into the ice; in the morning they are unable to get away and many of them die before they are freed.

A Sunday field trip of the Green Bay Bird club to Fairlands in Door county was an object lesson of where to look for birds in near zero weather. Our destination was the YMCA camp, right on the bay shore where the icy westerly winds took our breath away.

But we saw birds, hundreds of them, and numbering 15 species. We didn't find them out in the open along the bay, but in the woods and brush away from the wind. Quite a number of cardinals were seen, some of them in the trees and on the ground behind the lodge.

**500 Redpolls**

Quite a few of the species were observed as we drove to our meeting place. Most of these were seen along the roadside where trees lined up along the western, windy, side. Ed Paulson reported seeing about 500 redpolls, and Ray and I saw about 200 pine grosbeaks.

The grosbeaks were feeding on tree seeds on the ground in somewhat open spot. Being close to the ground, I suppose, helped to keep the wind away. When we stopped the car and got out to get a better look, they didn't fly away, but instead came flying up to the trees next to the road. We had a good look at them, discovering that most of them were young males, still without the red of the adult males, but with touches of tawny color on their heads and backs. They even sang their soft, trilly songs close to the ground, while we watched them.

Evening grosbeaks too are becoming more numerous, to judge by the calls I've had recently. The gray-yellow, or gray-green, females and young outnumber the yellow male birds.

**Survey Planned for County Highway Costs**

**Supv. Fischer Continues His Attack on Commissioner, Public Road Construction**

Appletton's Fifteenth ward Supv. Alois C. Fischer, who earlier this week leveled a blast at the county's highway construction program, today said a study of the Outagamie county highway department is planned.

The study will be privately financed and will investigate the amount of work done and cost factors involved in county services to towns and other municipalities in the county, Fischer said.

A meeting at Fischer's home this afternoon was to determine the method of the survey and the financing for it. Bernard Sullivan, a representative of the Public Expenditures Survey of Wisconsin, was to meet with Fischer. Fischer's home, at 1713 E. Glendale avenue, also is the headquarters for the County for Tomorrow organization, which Fischer heads. It was as chairman of this organization that Fischer made his blast at the county highway department.

Fischer used figures gathered by the Public Expenditures survey as a basis for his charge that county-constructed roads cost taxpayers more than those built under private contracts.

County Highway Commissioner Clarence Brownson Tuesday called Fischer's figures meaningless and accused him of comparing different operations and roads with no consideration of the problems and characteristics of roads in Outagamie county. Fischer's criticism was based on figures gathered by the Public Expenditures survey in Rock, Racine, Kenosha and Walworth counties compared to Fischer's figures for Outagamie county.

**Brownson's Experience**

Fischer today charged Brownson's criticism of the statistics presented was taking issue with "people who are experts in their fields. Mr. Brownson's experience is limited to his work as the highway commissioner of Outagamie county and prior to that time as an employee of the department."

Fischer added that the surveys were financed by citizens whose sole purpose was to obtain efficiency in government and get a fair return on the tax dollar.

"The county highway department has been operating in the same manner for 75 years, being carried on from one group to another of highway committee members, and that while there is nothing wrong in an operation which is handed down like one of grandma's recipes, it doesn't hurt sometimes to get some professional analysts in to have a look at the operation," Fischer concluded.

**Latest Shoe Styles Will Cause Harmful Effects, Says Doctor**

Las Vegas, Nev. —(AP)—Shoes now back in vogue are going to cause "grotesque effects on women's feet," says the president of the American College of Foot Surgeons.

Dr. N. J. Pickett, Norfolk, Neb., said yesterday the payments made by style-conscious women to foot doctors in the next few years "will come close to equalling the national debt if they continue to wear these new designs with pointed toes and ridiculous spike heels."

Dr. Pickett told delegates to the foot surgeons' midwinter scientific meeting here: "It's a vicious circle. The more people damage their feet with improper shoes, the less they like to walk. And the less they walk, the more useless their feet become."

# More Cold Hits Southeast, but State's Warmer

**Miami Has Record Low of 42 Overnight; Zero in Appleton**

Northerly winds poured more freezing weather into the southeast today, but temperatures moderated in most other winter-buffed areas from the Rockies to the Atlantic coast, according to the Associated Press.

Near normal weather, which to long suffering Wisconsin residents may seem like a mild heat wave, began moving into the state today and is expected to stay around at least through Saturday.

The weather picture began to reverse itself early today only after the mercury took another sub-zero plunge in the northern part of the state. The temperature dropped to an even zero overnight in Appleton, after a high of 26 Wednesday. The temperature at 11 o'clock this morning was 20, with the wind from the southwest at eight miles an hour, according to the weather station at the Wisconsin Michigan Power company.

**State Forecast**  
The Wisconsin forecast calls for mostly cloudy and not so cold tonight. Some light snow or freezing drizzle is likely in the northwest part of the state. Friday will be cloudy with some light snow or drizzle likely. It will be warmer in the south portion Friday. The low tonight will be from 10 to 15 in the northeast and from 15 to 22 in the southwest. The high Friday will be in the 20s in the extreme north and in the 30s in the extreme south.

Most northern Gulf states had overnight low readings in the teens. Freezing temperatures were recorded in north and central Florida. Miami had an overnight reading of 42, lowest for the date on record. The previous Feb. 29 low of 50 degrees was set in 1935.

The weather bureau in Washington attributed the severe cold in the eastern United States to a shift in the jet stream.

The jet stream, a high velocity current of upper air, nor-

## 3 Pacific Coast States See New Color TV Film Process

**Hollywood**—Television viewers in three Pacific coast states Wednesday night saw the first commercial telecast using color video tape. The revolutionary process whereby a TV show can be instantly retransmitted in color or black and white on magnetic tape is a joint project of RCA and the Minnesota Mining and Manufacturing company. Black and white video tape has been in use since last year but final testing on the color process was completed only last week.

NBC-TV chose Milton Berle's serious dramatic debut on "Kraft Theater" as the vehicle for the pioneer performance. Members of the press watched the demonstration on twin sets—one color and the other black and white. All called it successful.

Both the color and black and white transmissions were apparently as good quality as the live show which was beamed here from New York.

Two video tape recorders at NBC's studios in Burbank captured the live show. Only a 45-second rewinding of the spool was needed before the show could be transmitted again. For western viewers, who long have been shortchanged on live TV shows, the process means the end of fuzzy kinescopes of color shows.

NBC currently is installing six recorders here at a cost of \$1,500,000. By April 28—start of daylight saving time—seven more will be added to handle all retelecting.

Food and fuel have been brought to many of the marooned families. In northern Indiana army helicopters have rescued about 60 persons from snow-bound homes this week.

Gov. Harold Hanftley of Indiana last night declared a state of emergency in the storm-stricken region as fresh snow threatened the South Bend and Michigan City areas.

In Albany, N.Y., a dairy farmer group appealed to Gov. Averell Harriman to call out troops if necessary to dip upstate New York out of the snow. Drifts ranged up to 25 feet in some areas.

The long spell of cold and storms since the weekend was blamed for at least 247 deaths in 25 states and the District of Columbia. Most of them resulted from accidents on snow and icy highways, overexertions in clearing snow and fires.

# 66 Petition For Work in Kesting Area

**Approval Sought For 22-Lot Plat On Northeast Side**

Sixty-six people petitioned the city council Wednesday for sewer, water and unspecified street improvements in the Kesting subdivision.

The subdivision is east of N. Meade street on the city's north limits. The request was referred to the street and sanitation committee.

Don and Willard Calmes asked approval for a 22-lot plat they've prepared for their property at the northeast corner of N. Meade and E. Woodland avenue.

They accompanied the plat, prepared by Robert Schindler, with a request to have part of the tract rezoned from 1-family to multiple family district. They will make adjustments in their plat if the rezoning plea is granted.

**Shannon Property**  
City Atty. Don Jury submitted a deed for the Shannon property, a triangular tract on N. Green Bay street which the park board purchased for \$7,500 for addition to Bellaire park.

Maurey Lee Allen, Appleton architect, offered the services of Donn Hougren, Wisconsin Rapids, and himself in planning an outdoor swimming pool on the south side.

A letter from J. L. Tibbets, state assessor of incomes, was placed on file. Tibbets said that an Appleton claim for \$3,663.90 erroneously paid from income tax shares to the town of Grand Chute had been approved.

Ald. Harry Roubeshaw asked for sanitary sewer and water main construction on E. Jardin street from N. Plateau street east about 220 feet.

**Bartenders**  
Ald. Mrs. Dorothy Stillings asked for lights and signs for W. Prospect avenue and S. Douglas street.

Ald. Clarence A. Mitchell asked for removal of a dead tree at Clemens Salentine's home, 215 W. Hancock street. Seeking bartender's licenses are Ronald Peterson, 526 E. Wilson avenue, and Roy M. Smith, 317 N. Richmond street. All other items of new business were reported in the Post-Crescent as they were received at the city clerk's office.

**Wet Area**  
Hattfield, England.—Families wanting a house near a tavern have been offered an ideal site in this Hertfordshire town—there are 28 public houses within a few minutes' walk.

**TWO KITCHEN** gadgets which will do a lot to help Sister (or Brother) organize her desk and bureau drawers: a plastic ice cube tray, a silverware tray. The cube tray will hold a myriad of small items (jewelry, badges, fishing flies). The other is excellent as a trap for pencils, crayons, etc. (Copyright, 1958)

## Our Children

**Take Delinquents Out Of School, Urges Patri**

**BY ANGELO PATRI**

After years of neglect the public schools are under fire from all directions, the teachers being on the front line.

Some of the people who are talking loudest seem to know very little about the subject they discuss. One sore point I would like to say a little about: the presence of the delinquent in the classroom.

For the past 10 years, maybe more, teachers in the public schools have undergone martyrdom because such pupils were forced upon them. Boys taken to the courts for purse snatching, assault, rape, have been returned to the classroom to sit among decent pupils, rob them of their learning time and wear out the teacher who must remain at work under the strain of their presence.

Teachers have again and again pleaded for the removal of such pupils so that the willing and the able might get on with their education; all in vain! They are still in the classrooms.

The psychologists, psychiatrists, the social workers whose duty it is to examine and prescribe for these misfits say, "He is a sick child. He must be rehabilitated."

Fine. If evil is sickness, and I'm willing it be called anything as long as it is, what I rise to inquire is, "Why are they not being treated?" Rehabilitated? Why are they in school and not in the hospital or the camp school, or any place where they fit instead of in the classroom where they do not fit but where they destroy the teacher's health, his power, his function, and cheat the good boys and girls out of their right to a happy, successful school life?

What good are the planned courses, the fine equipment, the professionally trained teachers when they cannot function because of such obstructive pupils?

Why do we not have places of refuge for disturbed children, places of seclusion for the criminals, and make no mistake some of these rebellious ones are criminals and at large.

**To Place A Want-Ad Dial 3-4411**

## 2 Ways a Pretty Girl Can Get Off Bridge, Says Judge

**Oklahoma City**—Traffic Judge James Demopolos offered advice to a young college student who was charged with making a U-turn on a bridge so he could pick up a pretty girl.

"The trick is not to make a U-turn on the bridge," Demopolos said. "Just drive to the end of the bridge and wait for her."

There are only two ways a pretty girl can get off a bridge, he said. The lesson cost the student \$7.

## Israeli Soldier Killed In Jordan Border Clash

**Jerusalem**—One Israeli soldier was killed in a clash on the Jordanian border, the army said. His body was recovered today. The army charged three Jordanian outposts opened fire on an Israeli patrol on routine inspection well within Israeli territory near Mt. Gilboa. The patrol returned the fire in a 90-minute battle.

# Telephone Co. Installing Added Cables

## \$75,000 Improvement Project Underway to Extend Phone Service

**Kaukauna** — Approximately one mile of new underground cable and five miles of overhead cables are now being installed throughout Kaukauna as the Wisconsin Telephone company spends about \$75,000 to increase facilities in the city, according to Richard Kuehn, local manager.

The new cable will supplement existing facilities as well as extend service to additional new customers in the area, according to the manager. A second phase of the work project is the addition of cable beneath S. Main street to replace aerial telephone lines.

**Service Doubled** — Telephone service has increased rapidly in Kaukauna in the last 12 years as evidenced by the 1,400 phone users at the end of World War II compared to the present 3,500 users, according to the manager.

A portion of the new project will enable the company to provide services in the rapidly growing subdivisions such as at Glenview acres and the Lehrer addition. Additional cable along the north bank of the Fox River toward Little Chute will also be added as this area indicates possible residential expansion.

Work was undertaken on the basis of increased residential construction and demand for service, the increase in demands for single or 2-party lines and the increasing traffic in phone messages among the Fox Cities.

The improvement project is not limited to Kaukauna but will extend to trunk lines between the communities of the area, said the manager.

Kuehn gave no indication of when the work would be completed, saying delays such as wind, sleet or snow storms would force telephone crews to carry out emergency work rather than complete the present project. He estimated 5,000 man hours would be needed to complete the project.

## Auxiliary Will Sponsor Student Essay Contest

**Little Chute**—Students of St. John High school will participate in the Americanism essay contest sponsored by the American Legion auxiliary.

Mrs. Joseph Winius, committee chairman, will be in charge of the contest. Topic that students will write on is "Youth Protects the Principles of Our American Heritage."

The auxiliary was presented a certificate for cooperation in the village March of Dimes drive by Tony Van Bostel, campaign chairman.

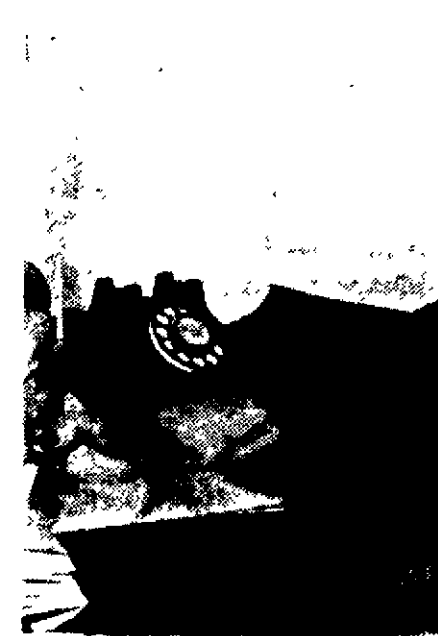

The annual Badger Girl State project will be carried on by the unit this year. A junior girl of St. John High will represent the school at the Girl State convention in Madison this summer.

Mrs. Helen Rock, Pan-American chairman, gave a report on the country of Honduras. Practice for the chorus will be at 8 o'clock Feb. 27 at the home of Mrs. James Vanden Heuvel.

Winners at the card social were Mrs. Clarence Koss, Mrs. Henry Winius, Mrs. Elsie Van Handel, Mrs. Robert Draheim and Mrs. Alois Vandenberg.

## Kaukauna Birth

**Kaukauna** — The Kaukauna Community hospital today reported the birth of a son to Mr. and Mrs. Leroy Peters, 1001 Hillcrest drive, Kaukauna.

An important phase of the Heart Fund campaign in Kaukauna is carried out by Mrs. Mayme Lefevre, who has been telephoning for volunteers to go from door to door on Heart Sunday. Over 100 workers have agreed to help with the drive. In addition to making phone calls, Mrs. Lefevre compiles workers' kits and mails them to various captains in charge of workers. (Dave Dean Photo)

## Little Chute Priest Will be K of C Speaker

**Kaukauna** — The Rev. Richard Gilsdorf, assistant pastor at St. John's Catholic church, Little Chute, will be guest speaker for the Knights of Columbus at 8:15 Monday evening at St. Mary's church.

The Rev. Mr. Gilsdorf will talk on his experiences in handling the spiritual and material needs of migrant workers who visit this area annually. The priest has been designated by Bishop Stanislaus V. Bona to handle these duties for Mexican workers and has spent five summers at Sturgeon Bay or Wauwaha county working with these people. Program chairman will be Joseph Sadlier.

## Russ Huss in 231-591 High

### Tops Valley Loop At Recreation In Little Chute

**Little Chute** — Russ Huss had a 231 game and 591 series for the high scores in the Fox Valley league at the Recreation alleys.

Gene's Bar rolled the high team counts with a one game mark of 1,043 and series total of 2,899. Gene's also is in first place with a half game lead over the Little Chute Beer and Liquor Store. Van Vreede TV and Appliance is third, just two games out of second.

Other high scores included: Merlin Versteegen, 211-582; Glen Huss, 203-207-582; Bob Lamers, 213-579; John Vanden Burg, 214-568; Ken DeBruin, 209-566; Rich Ebben, 561; John Jansen, 559; Jerry Lamers, 211-551; Mel Van Asten, 215-550; Don Sanderfoot, 550; Roger Koehn, 543; Mart Bolwerk, 543; Ken Van Hoof, 215-528; Joe Reynebeau, 528; Harold Dercks, 527; Cunny Hinkens, 525; Bob Shippy, 212; Harold Jansen, 208; Lam Schommer, 202; B. Weyenberg, 201; Ed Poppe, 200 and Carl Greiner, 200.

Split cleanups included Carl Van Vreede, 4-6-10; Frank Reynebeau, 3-10; Floyd Hammen, 6-7; Don Sanderfoot, 3-10; Larry DeGroot, 6-7; Marlin Versteegen, 3-5-10; B. Weyenberg, 5-10; Harold Jansen, 4-7-9; Jim Arts, 3-10; Mart Bolwerk, 2-7-8 and Ken DeBruin, 2-7.

In the Ladies league at the Recreation Dina Van Gompel had a 187 singleton and 513 series for the high honors. Reynebeau Floral hit 837 for high team game and the Little Chute 5 to 1 Store had high series with 2,392. The 5 to 1 Store is in first place in the league with a seven and a half game lead over second place Bob and Carol's Bar.

Other high scores included: V. Reynebeau, 178 - 495; Doris Driessen, 475; Peggy Van Rooy, 183 and Arden Weyenberg, 178-488.

Split cleanups included Marie Conrad, 2-7; Maybelle Schommer, 5-7; Doris Driessen, 6-7; Ada Bolwerk, 3-10 and Dot Van Deuren, 3-10.

## 6 Frosh Cagers Move to Jayvee

**Kimberly** — Six members of the Kimberly High freshmen basketball team will move up to the junior varsity squad to meet the Shawano B team Friday night in a contest at 6:30.

Freshmen who will be moved up since they complete their conference season this afternoon are Jeff Vander Velden, Tom Rooyackers, Tom Peerenboom, Jerry Binsfield, Dave Kringle and Dave Hamann.

Coach Jim Nirschl's frosh squad rolled through the first nine games unbeaten and this afternoon are entertaining Roosevelt in the final game of the loop slate.

Students first received IQ tests and still scheduled are foreign language aptitude tests and reading and math aptitude tests. Purpose of the program is to enable the guidance director to help incoming freshmen choose courses in line with their abilities. Programming for incoming students will be done this spring with parents invited to take part in the conferences.

## Kaukauna Legion Post Plans Birthday Party

**Kaukauna** — Preliminary plans are underway for the annual American Legion birthday party at 6 o'clock March 18 at the Veterans of Foreign Wars clubrooms.

Speaker for the evening will be Gil Stordock, commandant of the Grand Army home at King. The party will open with a covered dish supper followed by an evening of free refreshments and dancing.

## Kimberly WCOF Will Hold Meeting Tonight

**Kimberly**—Members of the Women's Catholic Order of Foresters will meet at 7:30 this evening in the cafeteria of Holy Name grade school.

Pointing Out Some of the Places visited on a tour of Russia is Vincent Rohlf, right, president of Badger Northland, Kaukauna, to these students at Outagamie County Teachers college, left to right, Mrs. Norman Foxgrover, Jr., Mrs. Melvin Schauer, Frank Morgan, Jean Williamson, S. W. Ihlenfeldt, Dorothy Schlamm and Mrs. Richard Kufner. (Post-Crescent Photo)

## School Board Approves 31 Fire Calls \$200,000 Bond Issue

### Chicago Firm Bids Successfully for Village Addition

**Little Chute** — A Chicago firm has been named the successful bidder on a \$200,000 general obligation bond issue by the school board of the Little Chute public school, according to attorney Gerard Van Hoof.

Barcus, Kindred and Company bid on an interest average of 2.915216 per cent with a 20-year repayment plan.

The \$200,000 will be used to finance the construction of an addition to the school and to purchase necessary equipment to furnish the classrooms. Bids on the addition are being accepted by the school board and will be opened March 6, according to Tom Lamers, chairman.

The first \$24,000 of the bond issue will be repaid at an interest rate of 3 per cent, the next \$89,000 at 2 1/2 per cent and the final \$87,000 at 3 per cent.

Other bids received on the bond issued included the joint bid of Mullany, Wells and Company, Chicago; Channer Securities company, Chicago, and Allan Blair and Company, Chicago. Their interest rate was 3.07580 per cent.

A third bid was from the Robert W. Baird and Company, Inc., and the Milwaukee company of Milwaukee. Their interest rate was 3.19999 per cent.

## St. Mary Five Defeats Park

### Preliminary Contest Saw Jayvees Continue Undefeated Record

**Kaukauna** — St. Mary's Grade cagers held second place in the City Grade league by rolling to an easy 34 to 11 win over Park school in its last outing.

The winners jumped off to a 10 to 2 lead at the end of the first quarter and at halftime had increased the margin to 19 to 5. St. Mary's scored seven points in the third frame to three for the losers and then again outscored the losers eight to three in the final frame.

Jim Rennebohm and Bill Van Dyke each had eight points for the winners while John Lambie led the losers with four tallies.

A B-squad game saw St. Mary's continue undefeated in league action by taking a 36 to 24 win over the Park Bees. The winners now have a season's record of 13 wins and two losses.

The winners held leads of 12 to 4 at the end of the first period, 26 to 13 at the half and 30 to 19 at the end of three quarters. Gary Weigman had 15 points for the winners and Harold Wheelock had eight points for the losers.

## Eighth Grade Testing Program Now Underway

**Kaukauna** — Eighth grade students from the three parochial and one public school in the city are currently taking various tests under the direction of Walter Schmidt, Kaukauna High school guidance director.

Students first received IQ tests and still scheduled are foreign language aptitude tests and reading and math aptitude tests. Purpose of the program is to enable the guidance director to help incoming freshmen choose courses in line with their abilities. Programming for incoming students will be done this spring with parents invited to take part in the conferences.

## Grade Cagers to Play Benefit Tilts Sunday

**Kaukauna** — St. Mary's and Holy Cross grade school cagers will play a double header benefit Sunday afternoon at St. Mary's gym. Money raised is to be used to aid the athletic funds of the two schools.

The opening game at 3 o'clock will have Holy Cross meeting St. Nicholas grade school of Freedom and the 4 o'clock afternoon game will have St. Mary's battling St. Agnes of Green Bay.

The local teams are one-two in the City Grade league and have shown good balanced scoring power. Little is known of the invading teams but the athletic directors of the two home schools arranged the games with an eye toward evenly balanced games.

Likely to see action for St. Mary's are Ron Straus, John Robedeaux, Richard Vils, Bill Van Dyke, Carl Vanden Heuvel or Jim Rennebohm. Likely starters for Holy Cross are Rich Skibba, Bill Nussbaum, Dave Schommer, Mark McDrews, Tom Otte, Dan Van Dynhoven, Dan Van Dyke, Mike Reardon, Dick Smits or Jerry Kobussen.

## 70 Senior Girls At KHS Complete Special Tests

**Kaukauna** — About 70 senior girls at Kaukauna High school completed employment service tests administered by the Wisconsin State Employment service this week, results of which will be sent to all employers in the Fox river valley.

Tests covered various phases. The general clerical aptitude tests consisted of arithmetic, spelling and vocabulary while the mental aptitude test showed speed and accuracy of perception, marking, checking, discerning details, extending, classifying, number checking, code translation and finger dexterity.

A 10-minute speed test on straight manuscript typing and a shorthand test consisting of 80 words a minute dictation were also given. Results of the tests will not be released to the students but are designed to show a student's mental ability and office aptitude skills.

## Kaukauna Legion Post Plans Birthday Party

**Kaukauna** — Preliminary plans are underway for the annual American Legion birthday party at 6 o'clock March 18 at the Veterans of Foreign Wars clubrooms.

Speaker for the evening will be Gil Stordock, commandant of the Grand Army home at King. The party will open with a covered dish supper followed by an evening of free refreshments and dancing.

## Kimberly WCOF Will Hold Meeting Tonight

**Kimberly**—Members of the Women's Catholic Order of Foresters will meet at 7:30 this evening in the cafeteria of Holy Name grade school.

## 31 Fire Calls In Year at Little Chute

### Chief Les Sanders Gives Annual Report To Village Board

**Little Chute**—There were 31 calls answered by the volunteer fire department in the last year, Fire Chief Les Sanders told the board in his annual report.

In the breakdown of the report Sanders said 13 were calls to residences, six were for grass fires, seven rescue calls, four calls to the town of Vandon Brook and one false alarm.

The Fire Underwriters bureau reported to the department there were 34 fires in the village to which the department was not called.

Sanders said the one false alarm call in the last year is a new record and pointed out that the false call came in before the alarm system was discontinued.

No Alarm System Under the present setup fires are reported to the department by telephone only. The alarm system was cut out when construction work started on Main avenue last spring and it worked out so well without the alarms that the old method was discontinued.

Sanders praised the residents of the village for their cooperation under the new system.

The chief also reported that nine members of the department plan to attend the vocational school training program that will begin Wednesday at the S. Lawe street station at Appleton.

## Baby Sitting Clinic Planned Saturday by Homemaker Clubs

**Kaukauna** — Members of the Afternoon and Evening Homemakers clubs will join forces to sponsor their second baby sitting clinic for seventh graders. The session will be held at 8:30 Saturday morning at the Vocational school.

Approximately 75 seventh grade students, including boys and girls, are expected to be represented at the first session. Registration will be held from 8:30 to 9 o'clock in the morning, after which demonstrations will be held from 9 o'clock to about 10:15 in the morning.

A second session will be held early in March to give all students interested in learning more about baby sitting the opportunity to attend.

The first part of the clinic Saturday will consist of a demonstration on how to handle a small baby and a discussion on typical behaviorisms of the small child. Mrs. Gertrude Nagel, city nurse, and Mrs. Milton Teske will demonstrate this part of the program. A live baby will be used in the demonstrations.

The second part of the clinic will consist of a talk on safety in the home and first aid tips which will enable students to meet minor emergencies. Mrs. Joseph Simon will have charge of this portion.

The project committee includes Mrs. Milton Teske, Mrs. Norman Mahn, Mrs. Joseph Baumgartner, Mrs. Clarence Baugartner, Mrs. Norman Meinert, Mrs. Gerald Kistner, Mrs. Louis Vanevenhoven, Mrs. Guy Blouin and Mrs. Stuart Black.

# Kimberly Faces Shawano High Friday Night

## Papermakers Seek Encore of Role As Hope Upsetters

**Kimberly** — The Kimberly High basketball team will be trying for its second upset victory in succession Friday night when it entertains the powerful Shawano Indians at 8:15.

Last week the Papermakers surprised the experts by tipping Neenah out of a first place tie with a victory on the Rock-et court.

Shawano has lost only one game this season, handed them by underdog Menasha. Kimberly will be aiming to trip the Indians although Shawano will rule a heavy favorite since they hold one victory over the Papermakers. In the first tilt the Indians roared to a 93 to 74 win.

Coach Gil Frank is hoping the fire that sparked his cagers to the win over Neenah has not died out and that they can give the Indians a good battle.

The three underclassmen and a senior setting the pace for the Papermakers of late are sophomores Darrell Jansen and Don Hearden, junior Jack Lamers and senior Warren Polman.

These four with senior guard Hank Peerenboom will probably be the starting five for Kimberly.

Reserves will include Paul Vanevenhoven, Bill Van Elzen, Dave Minton, Jay Vander Velden, Dan Vanden Heuvel and Dennis Valentine.

## City Receives Check for 1957 Liquor Tax Share

**Kaukauna** — The city has received its first check from the state representing its share of the state liquor tax, based on the money collected the last six months of 1957, according to Miss Ruth Wolf, city treasurer.

The check amounts to \$5,153.51. The amount received is \$865.03 lower than the \$6,018.54 which the city received in February of 1957, according to the treasurer.

The 1958 budget lists \$12,000 anticipated receipts from liquor taxes thus the second installment, usually received in August, will have to be \$6,846.49 to match the budget estimate.

Distribution of liquor tax is made on the basis of 61.81 cents per capita, according to a letter accompanying the check.

The Board of Vocational and Adult Education will be holding a meeting at the office of the School Director, 125 E. College Ave., Appleton, Wis., on Monday, March 18, 1958, at 2:30 p.m.

The Board of Vocational and Adult Education reserves the right to accept any and all proposals or suggestions which may be submitted in connection with the meeting.

Date: February 15, 1958. By: Authority of the Board of Vocational and Adult Education. School Director.

## Sealed Bids for Tractor and Mower

Sealed bids will be received by the Board of Vocational and Adult Education up to 12 o'clock noon on Monday, March 17, 1958, at the office in the Vocational School for the following:

1. A new tractor and a new mower, which may be obtained at the office of the School Director, 125 E. College Ave., Appleton, Wis.

The Board of Vocational and Adult Education reserves the right to accept any and all proposals or suggestions which may be submitted in connection with the meeting.

Date: February 15, 1958. By: Authority of the Board of Vocational and Adult Education. School Director.

## Sealed Bids for Tractor and Mower

Sealed bids will be received by the Board of Vocational and Adult Education up to 12 o'clock noon on Monday, March 17, 1958, at the office in the Vocational School for the following:

1. A new tractor and a new mower, which may be obtained at the office of the School Director, 125 E. College Ave., Appleton, Wis.

The Board of Vocational and Adult Education reserves the right to accept any and all proposals or suggestions which may be submitted in connection with the meeting.

Date: February 15, 1958. By: Authority of the Board of Vocational and Adult Education. School Director.

## Church Director and Japan Emperor Meet

**Tokyo** — Emperor Hirohito Tuesday received Dr. R. Norris Wilson of New York, executive director of Church World Service in the United States.

The emperor expressed his people's thanks for the aid American Christians have sent Japan since the end of World War II. During 1957, Church World Service distributed 13,000 tons of food, clothing and medicines to needy Japanese, said Fletcher Coates.

Dr. Wilson is on a 21 month round-the-world tour inspecting CWS programs.

## 213-582 Lead Business Loop

### Don Yingling Hits 221-557 to Pace Mixed Doubles Event

**Kaukauna** — Bob Verbeten cracked a 213 game and a 582 series to set the pace in the Southside Businessmen's league at Verbeten's alleys.

Team honors were shared as Verbeten's and Gib's Skelly each posted an 832 game and Gib's registered a 2,421 series.

Klein's won two games from Sherry's to hold the league lead with a 421-264 record and Gib's won two games to remain two games behind the leaders.

Other top individual scores were rolled by Robert Roberts, 536; Len Dicus, 200; Heine Siebers, 202, 555; Dick Driesen, 528, and Jeff Verbeten, 200.

Donald Yingling registered a 221 game and a 557 set to pace the Mixed Doubles league at S and B alleys. Mangold's took team honors with a 397 game and a 1,019 series.

Mangold's won three games from Willey's to hold the league lead with 28 wins and eight defeats while Rieth's remained four games off the pace by sweeping three games from Hein's.

The only other honor counts included a 212 game by Don Mangold and a 529 series by Al Schumann.

File No. 18-556  
In the Matter of the Estate of THERESA KRAUSE, deceased.

On the application of the executor of the estate of THERESA KRAUSE, deceased, late of the County of Outagamie, Wisconsin, for the allowance of a daily allowance and for the allowance and adjustment of his account for the allowance of debts and claims and without filing for the distribution of the assets of the estate, and the adjudication of the termination of joint tenancy of the estate, if any.

That the application be heard and determined at a term of the County of Outagamie at the Court House, in the City of Appleton, on the 18th day of March, 1958, at the opening of Court on that day, or at any time thereafter as the matter may be heard.

That notice thereof be given by publication of this order for three consecutive weeks, once in each week, in the Appleton Post-Crescent, a daily newspaper, and by mailing a copy of this order to the Public Administrator of this County, the Wisconsin Department of Taxation and every interested person whose post office address is known or can with reasonable diligence be ascertained, not less than ten days before the hearing or proceeding.

Dated February 14, 1958.  
By: STANLEY A. STADL, County Judge  
EDGAR E. BECKETT, Attorney  
1001-2 Zuelke Bldg.  
Appleton, Wisconsin  
Feb. 13, 1958

## LEGAL NOTICES

STATE OF WISCONSIN  
OUTAGAMIE COUNTY COURT  
IN PROBATE  
File No. 18-556  
In the Matter of the Estate of THERESA KRAUSE, deceased.

Not All Students Act the Same when receiving shots a Post-Crescent photographer found Wednesday. Calvin Watters in the upper left picture is complacent about the shot while Lordina Kottke, next in line, seems a little leery about what's going to happen. Little Lordina is shown in the upper right picture unhappily receiving the shot while Sharon Oakly is all smiles as she waits and then receives her shot in the lower right

### Elderly Woman Found In Unheated House

Oshkosh — Police broke into the home of Mrs. Lavica Skinner this morning after a neighbor reported she had not taken her newspaper into the house since Wednesday morning. Mrs. Skinner was found unconscious and in serious condition on the kitchen floor with no heat in the house and the water pipes beginning to freeze. She was taken to Mercy hospital.

### Twin City Births

Neenah — Theda Clark hospital today reported the following births:

Son to: Mr. and Mrs. Verner Schneider, 126 Meyer street, Neenah.

Daughter to: Mr. and Mrs. Roy Hansen, 411 Walnut street, Menasha.

The Rev. and Mrs. Gerhard Knutson, Thousand Oaks, Calif., are the parents of a son. She is the former Gloria Mortensen, daughter of Mr. and Mrs. Gordon Mortensen, 111 S. Courtney court, Neenah.

St. Elizabeth hospital today reported the birth of a daughter to Mr. and Mrs. Marion Wilber, route 1, Menasha.

### 'Blue Inn' Night

Menasha — A "Blue Inn" night will be held at the Menasha Memorial building from 9:30 to 11:30 Saturday night following the Neenah-Menasha high school basketball game, the recreation department announced today.

## Petitioners May Seek Court Action On Council's Referendum Refusal

### 861 Voters' Wishes Ignored by City, Circulator States

Menasha — Possible court action on the Menasha council's refusal to act on 43 petitions signed by 861 Menasha voters asking the city attorney's post an elective one, was indicated today by John Pawlowski, Jr., Menasha school board member and one of the circulators.

"We will ask the courts of record of Winnebago county to grant us the right of petition if the common council has been seen fit to ignore, with the approval of the city attorney," Pawlowski stated.

At Tuesday night's council meeting, the petitions were filed and the matter apparently closed by a 7-3 vote of the aldermen after the petitions were declared illegal by Wisconsin

## \$3,000 Granted for Junior High Study

Council OKs Cash for Professional Architectural Services for Kimberly

Neenah — New junior high school facilities for Neenah moved one step closer to reality Wednesday night when the council approved the transfer of \$3,000 from the city's surplus fund to the board of education. The money is earmarked for professional architectural services to study the best methods of providing facilities for as many as 750 seventh and eighth grade students in the next 10 years.

The appropriation was approved on the recommendation of the council's finance committee, which heard an interim report Monday evening from the special citizens committee studying the city's needs in the coming years.

The citizens committee presented five alternatives in its interim report, all of them involving what would probably be large sums of money, and said that without the help of qualified architects it would be impossible focus on one plan.

Alternatives

The five alternatives included: (1) Complete remodeling in addition to the present Kim-

## Menasha Dog Pound Passes Inspection

Police Chief, Health Officer Call It Clean

Menasha — Menasha's dog pound facilities were adjudged "clean as can be expected" by Menasha Police Chief Peter Clark and City Health Officer H. O. Haugh after a thorough inspection Wednesday morning.

Clark and Haugh were instructed by Mayor R. G. DuCharme to inspect the dog pound at Tuesday's council meeting. Mayor DuCharme said he had received complaints that the pound was dirty, lacked bedding and the dogs were ill fed.

They indicated more hay or straw was needed for the dogs to sleep on. Otherwise, Haugh said, the kennels were as clean as his own office and there was no indication the dogs weren't properly fed.

It was not revealed who made the complaints. Police records show only one dog had been kept at the pound this month and that was on Feb. 7.

Orlie Butler makes \$50 a month as part-time dog catcher. He is also paid extra for each dog he boards at his kennels on Plank road.

### Correction

Menasha — Parents of retarded young persons 16 years and older have been invited to attend Tuesday night's meeting of the Neenah-Menasha Association of Retarded Children. A typographical error in Wednesday's Post-Crescent stated that parents of those 6 years and older were invited.

# POST CRESCENT News of the TWIN CITIES Neenah - Menasha

## Council Approves Salary Hikes for Neenah Teachers

Aldermen Give Board \$9,952 From City Fund; Effective in September

## Fire Station, Engine Bonds Get Approval

Republish \$270,000 Resolution for New Police Headquarters

Neenah — Bond issues worth \$95,000 were adopted by the council Wednesday night for Neenah's new southwest side fire substation. \$65,000 of the total is for the building itself, and \$30,000 for the new pump truck and other equipment.

The council also authorized the republication of the \$270,000 bonding resolution for the new police station. Voters will be called upon to approve or disapprove the bond issue on April 1.

The finance committee recommended the taking of bids for a new shelter building at the Second ward park, and the council approved installation of a new street light on Clair street to illuminate the Taft school skating rink.

The Neenah Nodaway Yacht club was given permission to reconstruct about 200 feet of its dock in Riverside park. The work will be supervised by the city, but the entire cost will be borne by the boat club.

Easements for the extension of a trunk sewer to serve the Edgewood plat and for the extension of N. John street were presented to the council. The trunk sewer will extend east of Byrd avenue to S. Commercial street across the property of the Neenah - Menasha Broadcasting company, Mr. and Mrs. Marvin Eiten and Mr. and Mrs. David Cowling.

### Hardwood Driveway

The N. John street project, which will serve primarily as a driveway to the Hardwood Products company plant, has been approved by the property owners of the right of way. Hardwood Products, the William F. Krueger estate and Maurice D. Olson.

A petition from Emil R. Hagman for street, sewers, water and other improvements to his property along Winnebago avenue and the slough was referred to the public works committee.

The council voted to proceed with a claim against the city of Appleton for \$4,932.17 which was erroneously paid to that city by the state. The money drunk license to Dan's Service, is part of Neenah's share of the residents' income tax. A total of \$7,687.92 was received in beverage and cigar

Neenah — Pay raises for teachers and other school employees, effective in September, were approved by the city council Monday night. The aldermen granted the school board \$9,952 from the city's contingency fund for the higher salaries.

The money was held back when the city's 1958 budget was passed in December with the understanding that the school board could apply for it later for salary raises.

The school board last week asked the council for enough money to raise teachers', administrators', clerks' and custodial employees' pay by about 4 per cent. For teachers the base pay would go from \$3,840 to \$4,000 and the annual increment from \$120 to \$135.

The pay raise would cost the city \$11,898 for the last four months of this year. To carry out its announced program, the school board must find the \$1,946 difference in its own budget. On a full year basis, the raise would cost nearly \$36,000 more than present salaries.

The 4 per cent raise to school employees follows a 4 per cent hike to other city employees, a 25 per cent hike to aldermen and an 18 per cent raise to the mayor. The school raises are effective in September. The others, passed in January and February, are retroactive to Jan. 1, 1958.

### Menasha Citizens Can Still Register For March Primary

Menasha — Citizens can still register to vote in the March primary election by bringing two property owners who live in the same ward when they sign up. City Clerk Ira Clough said today.

Registrations will be accepted through Monday, March 3, Clough said. Those seeking office have from the Tuesday before election until the Saturday after to file campaign expenses.

### Correction

Neenah — Persons appearing in a picture illustrating the driver training course at the Neenah Vocational school in Tuesday's Post-Crescent were incorrectly identified. Pictured were William F. Wood and Mrs. Herman Kramer, who were operating a special testing device. A new refresher course for licensed drivers will begin Monday evening.

et taxes in the last half of 1957, the council was informed.

Before adjourning the council granted beverage operators licenses to Norbert Milliken and Gerald Beckerson, a soft station, 102 N. Lake street, and a tavern license to Gene J. Van Gorp for the Crystal Bar, 106

## Vice President Of K-C Given TAPPI Medal

Walter H. Swanson  
Honored for Service  
in Technical Field

Neenah — The medal of the technical association of the Pulp and Paper Industry was awarded today to the man who developed the sulphite digester circulating system in America. He is Walter H. Swanson, vice president of research and development of Kimberly-Clark corporation.

The medal, awarded annually to an outstanding contributor to the technical advancement of the Pulp and Paper Industry, was presented to Swanson at a dinner meeting this noon on the concluding day of the forty-third annual meeting of TAPPI at the Commodore hotel in New York City. Presentation was made by Roy Whitney, dean of the Institute of Paper Chemistry.

A recognized international authority on pulping processes, Swanson is co-author of the book "The Chemistry of the Sulphite Process." He also has written numerous technical papers relating to the paper industry.

His development of the sulphite digester circulating system, which was completed in 1939, resulted in greater uniformity in the cooking of pulp and the recovery of condensate through an improved heat exchange.

Joined in 1927, Swanson joined Kimberly-Clark's research department on March 3, 1927. He was elected assistant vice president and appointed director of research and development in 1931 and became vice president in charge of research and development in 1932. He was elected a director of Coosa River Newsprint company, a company associated with Kimberly-Clark, in 1934.

He was born in Paxton, Ill., on Oct. 10, 1890. He graduated from the University of Minnesota with a bachelor of science and received his master's de-

## Fined \$10. Costs for No Driver's License

Full-Costs on Oconto Bureau

Oconto — Gerald W. Froelich, 19, 808 Bell avenue, Appleton, was fined \$10 and costs by Municipal Judge S. J. Luchinsger this morning after he pleaded guilty of driving without a driver's license. He was arrested Dec. 28 on County Trunk BP in the town of Menasha.

## Court Action On Petitions May be Asked

Continued from Page B1

more years than City Clerk William R. Glese is old," he stated.

Pawlowski added the issue did not deal with personalities as Glese had claimed. "We feel if Glese wants to represent the city, he should run for his job and submit his record to the people."

"The right of petition is sacred, firmly imbedded in our traditions, law, and way of life. The council and city attorney cannot sidestep this issue by referring it to a Madison lawyer," Pawlowski stated. "If the new council does not place this on the November ballot, we are prepared to resort to the courts to enforce our statutory and constitutional rights," he said.

## Braille Bible Texts

Brantford, Ont. — The Brantford Camp of Gideons has presented Braille texts of the Gospel of St. John to pupils at the Ontario School for the Blind here.

Tree in forest by-products from the University of Wisconsin.

During World War I he served overseas with the 75th artillery unit of the first army corps.

A member of TAPPI, he served as its president for two terms in 1940 and 1941. He also is a member of the American Chemical Institute of Engineers, Sigma Xi, Alpha Zeta, Xi Sigma Xi, honorary professional and scientific fraternities, and the American Pulp and Papermill Superintendents association.

He is the second Kimberly-Clark representative to receive the award. Ernst Mahler, now retired and a director of Kimberly-Clark, received the medal in 1932.

## 55 NHS Students on 'A' Semester Honor Roll

60 Included on  
Quarterly List;  
Sophomores Lead

Neenah — The names of 55 Neenah High school students are on the "A" honor roll for the first semester, issued Monday by Harley O. Borgen, principal. The "B" honor roll for the semester includes 144 more students.

The honor roll for the second nine-week period, also issued Monday, includes 60 "A" students and 129 "B" students.

On the "A" honor roll for the semester are 16 seniors, nine juniors, 20 sophomores and 10 freshmen.

The seniors are Marjorie Block, Pat Carroll, Gail Dawson, Judy Grimes, Kathy Hedlund, Sally Lange, Diana Lintner, Sue McConnell, Grace Mueller, Ellen O'Leary, Donald Pansch, Richard Piltz, Thomas Plucker, David Reiser, Nan Rusch, and Ronald Gibson.

The juniors are Susan Babbitt, Jerry Erdman, Nancy Glover, Mary Heinskill, Kira Kramer, Helen Loehning, Wayne Rudolf, Mary Jane Schneider and Naomi Stoekil. The sophomores are Elynn

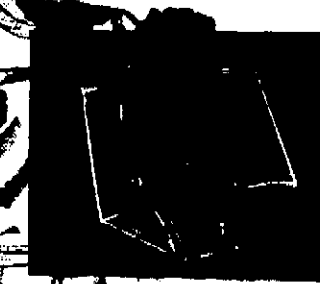

Evans, Lois Germuga, Karen Graverson, Patricia Hopkins, Kay Huppler, Judy Julius, Jeanette Kaun, Yvonne Mantel, Sharon Nelson, Ned Read, Mary Reiser, Judith Rogness, Sharon Russell, John Salm, Kathleen Teske, Helen Tolversen, Julie Wapaley, Rita Weber, Richard Wilson and Sharon Wolske.

The freshmen are Joan Babbitt, John Christianson, Marcia Huppler, Elizabeth Johnson, Richard Koehn, Thomas Mott, Gloria Price, Larry Roger, Kathy Ryan and Alice Wenneche.

The five dozen pupils on the "A" honor roll for the second nine-week quarter include 13 seniors, 12 juniors, 18 sophomores and 17 freshmen.

## Bishop Orders 2 Local Priests To Pastorates

Frs. Rickert and  
McKinnon to Leave  
Twin City Churches

Neenah — Two Twin City Catholic priests are being promoted to pastorates in other areas. It was announced today by Bishop Stanislaus V. Bona of the Green Bay diocese.

The Rev. William Rickert, assistant at St. Mary church in Menasha for the last 13 years, will become pastor of both St. Wencelous church at Klondike and Sacred Heart church at Spruce in Oconto county.

The Rev. Willard C. McKinnon, assistant at St. Margaret Mary church in Neenah for over seven years, will become pastor of St. Peter and Paul church in Weyauwega.

Replacing the two priests will be the Rev. John O'Brien, who will come from St. Agnes church in Green Bay to St. Mary's, and the Rev. James J. Crahan, coming from Most Precious Blood church in New London to St. Margaret Mary.

All the changes are effective

Feb. 28, according to the bishop.

Fr. Rickert is religion instructor, athletic director and business administrator of St. Mary High school and, while in Menasha, has been active in athletic tournaments in both grade and high school levels. He was manager of the first state Catholic baseball tournament five years ago.

Fr. Rickert, a native of Freedom, studied at St. Lawrence seminary, at Mt. Calvary, for five years and St. John Major seminary in Collegeville, Minn., for six years before his ordination Jan. 31, 1945 at Green Bay. His term at St. Mary has been his only assignment.

CYO Activity  
Fr. McKinnon has been at St. Margaret Mary since September, 1950. He is a native of Antigo and studied at Marquette university and Kenrick Major seminary, St. Louis, Mo., before being ordained at Kenrick June 3, 1945.

At St. Margaret Mary Fr. McKinnon has been active in Catholic Youth organization work, scouting, and Christian doctrine instruction. He is also a religion instructor at St. Mary High school in Menasha.

Before coming to St. Margaret Mary Fr. McKinnon served as assistant pastor at St. Leonard church in Laona and St. Peter and Paul in Green Bay.

In assuming their new pastorates, Fr. Rickert will replace the Rev. Leo Przybylski who is taking over at St. Peter

## Board, Teachers At Winneconne Discuss Salaries

Winneconne — School board members met with representatives of the Winneconne Teachers association Monday night at which the latter presented salary proposals. A traditional dinner was served to the board members by the senior home economics girls under the direction of their instructor, Mrs. Delores McEnroe.

Committee members meeting with the board were John Little, association president, James Carlson, Louis Pluim and Ben Malson. The salary proposals were discussed but no action was taken.

John Eid, instructor in science and mathematics, reported on the work being done in his department and discussed possible improvements. He emphasized that his students would benefit from the work they are doing while acting as a control group in a University of Wisconsin survey on new methods in science and math instruction.

A report on a school safety check was given by Herman Naimmer who makes a check on all fire-extinguishing equipment. Bids were received for kitchen equipment for the new Winchester school.

er and Paul church in Hortonville and Fr. McKinnon will replace the Rev. Walter Tuschel who is moving to Holy Trinity church in Jericho.

## C of C Objects Again To Police Station Site

Konrad Suggests Referendum on Dety-Walnut  
Location be Conducted on April 1 Ballot

Neenah — The Neenah-Menasha Chamber of Commerce objected once more Wednesday night to the location of Neenah's new police station at Doty avenue and Walnut street.

John G. Konrad, executive secretary of the chamber, in a letter to the mayor and city council, said "Our objection and main concern has been and still is that the site has been selected without the benefit of a detailed survey and future plan for both the downtown area as well as the entire city."

The Chamber of Commerce has repeatedly objected to the location, which it has maintained might be better for commercial expansion or parking than for a police station. The chamber has said that the police station would perpetually cut off business growth in that area and that the business district is already too confined on Wisconsin avenue.

Last summer, at the chamber's suggestion, the aldermen voted to spend one-tenth of the cost of a survey, up to \$1,000, the survey would have been to assess the city's needs and plan a long range program for

civic and business expansion, but it failed to materialize because of the prohibitive cost.

Konrad's letter, which he said was written at the request of several hundred Neenah members of the chamber, asked the council to include an advisory referendum on the site in the April 1 election. Voters already are to elect all city officials and approve or disapprove a bond issue for the \$270,000 police station on April 1.

Daniel J. Luebke, president of council, moved that discussion of Konrad's suggestion be postponed to an informal meeting of the aldermen. Luebke said that any necessary action could be taken at the March 5 council meeting and still be in time for the April 1 election.

Konrad's letter said that unless voters are permitted to express their opinion on the site of the proposed police station at the same time they are voting on its financing, large numbers of citizens would be faced with the necessity of voting against the police station in order to express disapproval of the site.

Appleton Post-Crescent B 2  
Thursday, Feb. 20, 1958

## Hopeful Future Club Will Meet

Neenah — On the entertainment committee for the 7:30 Tuesday evening meeting of the Hopeful Future club at the Neenah recreation building will be Mrs. John Hammes and Miss Marian Killoran.

Refreshments will be served by Mrs. Henrietta Boness and Mrs. Charles Boness.

"Youth Night" will be the program theme of the 8 o'clock Monday evening meeting of the Wincoch Study club at the Sunset school. 4-H club girls will discuss projects they are working on, club activities and present musical selections.

A film, "The Town That Came Back," will be shown. The hostesses will be members of the Utica Homemaker club.

## California Trip

Neenah — Mr. and Mrs. M. G. Hoyman, 417 S. Lake street, and their son and daughter-in-law, Mr. and Mrs. Harold Hoyman, 618 Henry street, recently returned from a California vacation.

## Menasha Roof Fire

Menasha — A roof fire at 330 Garfield avenue brought Menasha firemen out at 10:24 Wednesday night. The house, owned by Miss Isabelle Truscott, was slightly damaged.

# Birthday Theme Selected for Dad, Daughter Banquet

Neenah — "46th Birthday of Girl Scouting" will be the theme of a Girl Scout father-daughter banquet March 4 at the First Presbyterian church. Troops from Kimberly, Lakeview and Washington schools will be participating in the annual event.

Co-chairmen of the banquet are Mrs. Armin Schultz and Mrs. William Brehm. Mrs. Bruce Pickett is the finance chairman and in charge of setting up arrangements is Mrs. E. R. Frank. Publicity is being handled by Mrs. Charles Schubert and Mrs. Ralph Thomas, Jr., is heading the coffee and milk committee. In charge of arrangements for guests is Mrs. Herbert Gaustad.

The Rev. Harvey Norenberg, pastor of Immanuel's Evangelical and Reformed church, will give the invocation preceding the 6 o'clock dinner. Master of ceremonies for the evening will be Armin Schroeder. Troop 23 of Washington school, whose leaders are Mrs. D. C. Wamsley and Mrs. Charles Dorman, will present the opening flag ceremony.

Invited guests include Mrs. R. B. Sawtell, president of the Fox River Girl Scout council; Mrs. Joseph Heaton, area field director; Mrs. Carlton Krause, Neenah East neighborhood chairman; Miss Pat Bodette, Miss Esther Pickles and Mrs. Peter Giovannini.

## Engagement of Miss Bisping Is Announced

Menasha — Patricia Bisping, daughter of Mr. and Mrs. Walter Bisping, 101 First street, is engaged to Irmin E. Schreiner, Jr., son of Mr. and Mrs. Schreiner, Sr., 705 Manitowoc street, her parents have announced.

The bride-elect is a senior at Menasha High school, which her fiancé attended. He served four years in the air force and is employed by the Manhattan Rubber company.

## AAL to Install New Officers

Neenah — The Neenah branch of the Aid Association for Lutherans will install officers at 7:30 Monday evening at Trinity Lutheran school hall. They are George Hopkins, president; Clarence Hansen, vice-president; Charles Gomoll, secretary, and Miss Unita Kehl, treasurer.

Members of the social committee are Mr. and Mrs. Charles Kuchenbecker, Mr. and Mrs. Carl Kuchenbecker and Mr. and Mrs. Elmer Kuchenbecker.

"Peter Pan" Was Enacted by Brownies in Troop 233 at a father-daughter banquet with a "fairylend" theme Thursday evening at St. Thomas Episcopal parish house. Shown above from left to right are Sally Jacobs as Capt. Hook, Wendy Whitlinger as Peter Pan, Susan Redlin as Wendy, Jill Bushman as John, and Margot Raiche as Michael. The story was read in abbreviated form by Patricia Hauser while Brownies portrayed the characters. (Post-Crescent Photo)

## Training Meeting Is Scheduled for 4-H Foods Leaders

Neenah — A training meeting on "Grains in Our Meals" will be held for 4-H club project leaders from 1 until 3:30 Friday afternoon at the Grace Lutheran church, Winchester.

A demonstration will be presented on whole wheat quick bread and leaders will be shown how to judge food by the score sheet method. A training session for leaders in the southern part of the county is being held today in Omro.

## St. Paul Women to Hold Prayer Week

Neenah — The annual Week of Prayer will be observed Feb. 24 through 28 by church women from St. Paul's English Lutheran church.

Theme of the program, which is conducted nationally by women's missionary groups from Lutheran churches of the Northwest synod is "We Witness for Christ."

The Lydia society will be in charge of the 2 o'clock service on Monday afternoon with Mrs. Wallace Swentier as chairman. Sponsored by the Anna Kugler and Katherine Fahs societies, the service at 7:30 Tuesday evening will be in the chapel with Mrs. Walter Retzlaff as leader.

Mrs. Christine Christofferson is chairman of the 2 o'clock Friday afternoon service which will be conducted by the Lydia society.

## Announce Committees for Menasha School Prom

Menasha — Committees for David Mueller, Mark Stinski and Keith Geil, the junior prom at Menasha High school were announced today. The annual event will be held in May with Miss Arlene Wolff as general faculty adviser and Allan Loehndorf, adviser for decorating committees.

Lou Ann Heidtke has been named general chairman of all decorations. Sue Woods, chairman of wall one will be assisted by David Robinson, Tom VanBuskirk, Len Paulowski, Frank Liesen, Gail Hewitt, Judy Doucette, Evonne Jurk, Carol Aktuliewicz, Rita Parker, Arlene Krueger and Janet Fenner.

Lighting. Decorating wall two will be Gail Fitzpatrick, chairman. Mark Stinski, Ron Haass, Ardell Gavinski, Sally Friedrich, Judy Wright, Nancy Grant, Sharon Anklaam, Dave Emerich, Marlene VanBeek, Francine Langlais, Kirsten Berg, Kay Harrmann and Kay Halty version.

Don Schanke, chairman and his committee for wall three, include Karen Nelson, Gerry Robinson, Pat Arno, Sandra Wiegand, Cherie LaValle, Carl Jersild, Marilyn Bertram, Ma Jervis Adams, Judy Kletzeim, Pat Krablean, Nancy Kohanski and Louis Kubicka.

Douglas Russell is chairman of wall four and will be assisted by Shirley Kwiatkowski, Helen Schroeder, Barbara Koberlein, Nancy Hildebrand, Barbara Davis, Judy MacFarlane, Betty Paulson, Dee Tosehner, Lana Paulson, Gloria Wingrove and Sandra Getzlaff.

Chairmen of the ceiling decorations and lighting are John William Heizer and Ross and Jon Pekel. On their vice of the entertainment committee are Charles Weber, Dietrich, Sharon Berro and Jim Jurek. Miss Viola Loebe is the adviser.

Entertainment and grand march arrangements will be made by the junior class officers including Jim Jurek, president, Dick Taves, vice president, Sally Friedrich, secretary, and Bill Bauer, treasurer. William Heizer is faculty ad Ross and Jon Pekel. On their vice of the entertainment committee are Charles Weber, Dietrich, Sharon Berro and Jim Jurek. Miss Viola Loebe is the adviser.

## Literature Group Will Hear Review

Menasha — The evening literature group of the American Association of University Women will meet at 8 o'clock this evening at the home of Mrs. Robert McDowall, Old Manitowoc road, Menasha.

"The New Class," by Milton Dylas, will be reviewed by Mrs. Pientiss Taaffe and the co-hostess will be Mrs. L. E. George.

## Job's Daughters

Neenah — Seven girls will be initiated into Neenah Bethel, International Order of Job's Daughters, at a 7 o'clock meeting tonight at the Neenah Masonic temple.

A business session and refreshments will follow the initiatory work.

## Group Votes Donation

Menasha — A donation was voted to the Wisconsin Association for Mental Health at the Wednesday afternoon meeting of the Menasha Women's Benefit Association at the home of Mrs. Stanley Bennetts, 237 Kaukauna street.

Prize winners included Mrs. Elizabeth Steffens, Mrs. Herman Bergman and Mrs. Minnie Rohe. The next meeting will be March 19.

Named as publicity chairman at the Wednesday afternoon Willing Workers Community club meeting was Mrs. Edwin Tyrivier. The meeting was held at the home of Mrs. Belle Williams, 103 Caroline street.

Neenah. A topic on drapery construction was given by Mrs. Tyrivier and Mrs. Alfred Palmer.

At the March 12 meeting Mrs. Helmut Roehl and Mrs. Arthur Bredenduck will be in charge of a topic on "Quick and Easy Breads." That meeting will be held at the home of Mrs. R. J. Buchanan, 405 Congress street, Neenah.

The Clayton Center Homemakers club met Wednesday afternoon at the home of Mrs. Delia Stacker, route 2, Neenah.

The monthly topic was given by Mrs. Wilbert Bondow and Mrs. Henry Vandomlen. Co-hostess was Mrs. Frank Strumsky.

Hostess for the March 19 meeting will be Mrs. Elmer Spiegelberg, route 2, Neenah.

## Nicolet Council To Confer Degree

Menasha — Nicolet council, Knights of Columbus, will meet at 8 o'clock tonight at the Knights of Columbus clubhouse and will have exemplification of the first degree.

The council will have a corporate communion at the 7:15 Sunday morning mass at St. Mary Catholic church. Elmer Quayle is in charge of arrangements.

## Plan Lenten Meals Having Interest, Protein Supply

Post-Crescent Oshkosh Bureau

Oshkosh — Plan lenten meals that will be of interest to your family, advises Miss Lois Klusmeyer, county home agent.

There should be a variation in texture and color. If broiled fish is being used for the meal, serve a crisp tossed salad of greens, carrot curls or a bright green cooked vegetable. Salad greens on the market are reasonable in price with carrots as one of the best buys.

Fresh broccoli, canned peas or beans, canned beets or tomatoes all have that brightly colored color. Frozen vegetables also add bright color to the meal. Gelatin molds containing vegetables or fruits give crispness that is needed with several protein foods.

Protein foods for lenten meals include the many varieties of fish, such as ocean and lake perch, halibut, haddock, cod, whitefish and pike. In the frozen food section of markets, homemakers will find lobster tail, crab meat, shrimp, scallops and oysters.

Another good protein food is eggs. A good supply of protein can be gotten from a grade large egg, says Miss Klusmeyer. Using milk and milk products serves as an important part of meal. Hot cream soups are excellent for a family as are the many varieties of cheese served in salads or combined with sea foods.

Beans, peas and peanut butter are not complete protein foods, but furnish a good amount when combined with milk or eggs.

## Style Show Models Listed by Elks Ladies

Menasha — Models for the spring style show being sponsored by the Elks ladies of Neenah-Menasha March 2 at the Elks club were announced today by Mrs. E. E. Kadlec, general chairman. The feature of the show, which is open to the public and will begin at 3 o'clock that afternoon, will be a bridal ensemble, including a bridal gown, four bridal attendants gowns, a flower girl and ring bearer.

Women, who will model, include Mrs. John Trilling, Mrs. David Lenz, Mrs. Tony Winters, Mrs. William Kemick, Mrs. Ray Murphy, Mrs. William Giese, Mrs. Richard Laemmrich, Mrs. Marvin Warrick, Mrs. John Dornbeck, Mrs. John Klein, Mrs. Oscar Dorn and Mrs. Thomas Coule.

Men's sport clothes, hunting and fishing apparel will be shown by Dr. Ralph Juneau, Edward Arndt, Richard Laemmrich, Tony Winters, Henry Young, Harold Haberman, George Nelson, Roman Hauser and Marvin Warrick. Teenage models include Jimmy Winters, Craig Warrick and Terry Warrick.

Modeling children's garments will be Tisha Houser, Mary Jane Juneau, Mary and Betty Kadlec, Johnette Gunderson, Mary Lauger, Mark Laemmrich, Kathleen and Susan McMahon, Wayne Beattie, Sherri Nelson and Richard Kadlec.

## Guild Plans Dinner for Fr. McKinnon

Neenah — Sponsored by the social guild of St. Margaret Mary Catholic church, a potluck dinner will be held at 6:30 Sunday evening at the school hall honoring the Rev. Willard McKinnon, assistant pastor, who will leave Feb. 27 to become pastor of St. Peter and Paul Catholic church at Weyauwega.

Willard Hogen is president of the social guild and other groups assisting with arrangements include the Women's Catholic Order of Foresters, the Sanctuary society and the Holy Name society.

Decorations co-chairmen are Mr. and Mrs. Charles Stadler and chairmen of kitchen activities are Mrs. Carl Beringer and Mrs. Henry Scheffler.

The Rev. Joseph Glueckstein, pastor of St. Margaret Mary church, will be toastmaster for the combination birthday and farewell party.

## Bible Class Sets Meeting

Neenah — Following the Wednesday evening service at the First Evangelical United Brethren church, the Determined Workers Bible class named March 12 as the next meeting date.

Hostesses will be Mrs. Minnie Rohe and Mrs. Lillian Seidling.

**SWEETHEART SALAD —  
Cottage Cheese and Cling Peaches**

Sweetheart salad is a heart winning combination of molded cottage cheese and almonds, topped with cling peaches and encased in lemon jello. A marshmallow arrow pierces the center to create a true heart effect.

Garnish this picture-pretty salad with watercress, crisp and dainty. You might even serve a dish of piquant salad dressing to give it that tart flavor.

This salad is so appropriate for so many occasions — an anniversary party, bridal shower or an engagement party — to name a few. You can make the salad to suit many other occasions, too, by just changing the shape of the mold.

**SWEETHEART SALAD**  
6-8 servings

1 qt. mold  
**PEACH LAYER:**  
1 package lemon gelatin  
1 cup boiling water  
1 No. 303 can sliced peaches, drained  
Juice from drained peaches  
10 maraschino cherries, drained

Either oil the mold to be used or immerse in cold water. Dissolve the lemon gelatin in the boiling water. Add the peach juice. Pour a thin layer of lemon gelatin into the bottom of the mold. Allow this to set enough to hold the fruit in place.

Arrange the cherries as an arrow and place sliced peaches to conform to the shape of the mold in the jelled bottom layer. Pour the remaining lemon gelatin over the fruit and place in the refrigerator, to thicken sufficiently to add the cottage cheese layer. Don't let it set completely or the two layers will separate.

**COTTAGE CHEESE LAYER:**  
1 package lemon gelatin  
1 cup boiling water  
1 cup cold water  
1 tablespoon vinegar

1 1/2 cups cottage cheese  
1 (12-oz. pkg.)  
1 teaspoon salt  
1/2 cup mayonnaise  
1/2 cup salted almonds, chopped

Dissolve the gelatin in the boiling water. Add cold water. Mix in well the vinegar, salt, cottage cheese, mayonnaise, and chopped almonds. Place in the refrigerator to slightly stiffen. When the peach layer has set sufficiently to hold the second layer, pour the cottage cheese mixture on top of it. Chill until firm.

NHS Tests Bulldogs; Jays Take on Ghosts

Neenah Guns For 15th Win In 17 Outings

Neenah — Its latest victory string of three straight stopped with last week's upset loss to Kimberly. Neenah will try to get another chain going Friday evening when it journeys to New London for its next Mid-Eastern conference activity.

The contest will be the final out of town league clash for the Rockets, who entertain Menasha Saturday night and close at home against Shawano next week.

The Red and White won 11 straight games before losing to Shawano on Jan. 24 and then to Clintonville, Kaukauna, and two Rivers before running into Kimberly last week. Their overall record is now a neat 14-2.

**Could Clinch Title**

Victories over the Bulldogs and Jays are "musts" for the Rockets this week. Pace-setter Shawano, which has a one-game advantage over them, could clinch a share of the title with double wins this weekend and could take the crown if the Rockets falter once.

But the way things have been going in the conference lately, upsets aren't unlikely and the Rockets could assure themselves of a share, too, by winning two, coupled with Shawano losses to Two Rivers, which should be on the rebound after last week's setback to New London, and pesky Kimberly.

Neenah tumbled the Bulldogs 76-50 in their initial meeting. The Rockets led 34-32 at halftime and had a 41-all tie late in the third period when they tallied the last 10 points of the frame and then rolled to a 25-9 fourth quarter advantage.

Fred Seggelink scored 27 points. Dave Thomsen had 14 and Ed Meyer 13 for Neenah and Dale Mousour netted 12 for New London.

**Neenah Yearlings Battle New London**

Neenah — The Neenah High school freshman basketball squad will close its schedule with a non-league game at New London Friday afternoon. The Rockets end Fox Valley Fresh-

'Bubsie' Wolff Hits 475 Series to Top Wednesday Loop

Menasha — Carol Schipferling clipped a 194 game and "Bubsie" Wolff had a 475 series to share honors in the Wednesday Night Ladies Bowling league at Menasha Recreation. The latter netted a 177 line.

Mary Ann Jedwabny bowled 186, Janice Tubbs 181, Ruby Hafemeister 174 and Helen Lunnik 172. Betty Wells picked a 4-5-7 split.

Hafemeister's notched 724-2, 057 for the leading team scores. Plateau leads with a 44-22 record. Blue Ribbon and Hafemeister's have 39-26 and Linsdau's 38-28.

**Two Games Scheduled In Catholic Circuit**

Menasha — With the exception of two games involving St. Mary's, play will close in the Fox River Valley Catholic conference tonight. Two games are on the schedule, matching St. John at Marinette Lourdes and St. Norbert at Fond du Lac.

St. Mary plays at Lourdes Saturday night and entertains Premontre Tuesday evening. Premontre leads with 8-1, followed by St. Mary 6-2, St. John 5-4, Springs 4-5, St. Norbert 2-7 and Lourdes 1-7.

**Truth, Liberty Gain Eagles Dartball Wins**

Menasha — Truth won two games from Justice and Liberty copped a pair from Equalizer in the Menasha Eagles Dartball league Tuesday night at Eagles hall.

Jim Arno had 8-16 to top first-place Truth while Julie Banach paced Justice with 5-19. Bill Coenen's 9-20 was Liberty's best individual score and "Butch" Konetzke posted 10 for 22 to lead Equality.

**Volleyball Matches**

Menasha — Matches in the Fraternal Volleyball league at the Butte des Morts gym tonight include First Congregational versus the Christophers at 7 o'clock, Whiting Baptist versus Bergstrom Paper at 7:50 and Lakeview Vagabonds versus McHugh Septics at 8:40. Lakeview leads with an 8-1 record.

man league play today at Kaukauna.

They defeated New London 51-28 in their first meeting on Jan. 10. Coach Don Bartelt used his entire squad, alternating a new quintet each period. Paul Felton had 13 points for Neenah and Gary Herres made 14 for the Bulldogs.

Blohm Registers 633 In Commercial Wheel

**Krukowski Nets 627 Threesome in Business League**

Menasha — Al Blohm registered a 633 series in the Uptown Commercial league and Joe Krukowski fired a 627 in the Business men's league to highlight kegling at Mid-Town Wednesday night.

Blohm shared Commercial honors with John Zenefski, who posted a 228 game. The former collected games of 204-214-215 in his leading threesome while Zenefski finished with 562.

Mary Patri rolled 223-221-623 for runnerup series honors. Charles Telin slammed 217-225-614, Stan Miller 204-224-613 and Clary Bojarski 218-600.

Other leading scores included John Bennett 204-530, Wood Burden 222-582, Lee Hol-honors. Brantmeier's leads comb 527, Bob Kuehl 527, Mer-cosgrove 202-559, Bob Diehl 27 and Trader's 37-29.

Menashans Bid for 7th League Win

Menasha — Coach Lucian Gajewski's Menasha Bluejays seek their fifth straight Mid-Eastern conference victory in a home encounter Friday evening against Kaukauna.

The contest will be the last home tilt for the Bluejays except for tournament play. They

**Honor Parents Of Menasha Players**

Menasha — Parents of the Menasha High school cagers will be honored before Friday's Kaukauna game. Coach Lucian Gajewski announced today. They will be introduced at halftime by members of the student senate and be guests at a coffee hour after the game. Students from Jack Vandenberg's physical education class also will put on a tumbling exhibition between halves. The Jayvee game will begin at 6:30.

**Boosted to Fourth**

Menasha's win over Clintonville last week plus Two Rivers' surprise loss to New London boosted the Jays into a fourth place tie with the Raiders. Both have 6-5 records. The Menashans have an overall 7-8 slate for the season.

Kaukauna surprised the Bluejays 71-67 on Jan. 10 in their initial get together. The Ghosts led 16-11 at the quarter, 34-25 at halftime and 52-51 at the close of three frames.

Bill Simon had 26 points, Jim Walsh tallied 17 and Leroy Weyenberg made 12 for Kaukauna and Don Nelson totaled 21 and Gordy Seibach 15 for Menasha.

The Jays boast an edge over the Ghosts in both offense and defense. They have scored 652 points in league play to 587 for the Kaws and have permitted 644 to Kaukauna's 680.

**Backs Brotherhood**

Menasha — An all-school assembly program will be held at Jefferson Grade school on Friday in celebration of Brotherhood week. Principal Norbert Brunner announced today. Songs will be sung and poems and stories will be recited.

The Uncle August Sausage Team of the First Niter league captured the team championship in the recent Neenah City Bowling association tournament. Seated, left to right, are Ted Drucks and Orin Collins. Standing, same order, are Dick Laux, Clark Anderson, and George LaRue. (Post-Crescent Photo)

Larson Collects 628 In Fox Classic Loop

Hits 254 Line to Slam Honors; Christianson Rolls Leading Scores in Sportsmen's Play

Neenah — Maurice Larson swept honors in the Fox Valley Classic Bowling league at Lakewood Wednesday night with a big 254 game and 628 series. He also netted a 226 single.

Sheldon Klutz fired 225-616, Jim Traas 224-614, "Moe" Coenen 224-611, Ben Lewandowski 220-609, and Jim Haack 246-607.

High 500-plus scores included Lloyd Schreiber 211-592, Jim McDaniel 213-588, Howard Larson, Jr., 245-588, M. Anderson 583, Ray Sears 213-583, Bob Eggert 225-583, R. Ginnow 236-587, Al Laux 233-575, Erv Mro-tek 215-576, Hilly Koslowski 212-571, Ray Rehbein 211-568, Al Seeman 239-568, Erv Kuch-

**4-H Clubs Begin Work on Plays for Theater Revue**

Oshkosh — Work on the forthcoming Rural Theater revue will be the feature of several 4-H club meetings in the next two weeks.

Friendly 4-H club will have tryouts for its 1-act play when it meets at the Vernice Anderson home at Winneconne March 3.

Rippling Brook 4-H club also will be working on its play at its March 4 meeting at the home of its leader, Mrs. Carl Jacobsen, route 2, Neenah.

Final plans for participating in the rural theater program will be discussed by Wolf River 4-H club when it meets March 10 at the Wolf River school.

Mrs. Howard Kellett will give a demonstration on good grooming at the Gillingham Girls 4-H club meeting March 10 at the Gillingham school.

Mathison 4-H club also will meet March 10 and its meeting will be at the home of Judy Clark in the town of Winchester.

**Fuel Company Fined \$331 for Overloads**

Oshkosh — The A. E. Schultz Fuel company of Neenah was fined \$15 and costs for a license overload and \$316 and costs for an axle overload by Municipal Judge S. J. Luch-singer Wednesday.

State highway police, who made the arrest earlier this month at the Highway 41-114 intersection, said the axle overload was 3,600 pounds.

**Neenah Dart Play**

Neenah — Four more matches are carded in the Neenah Municipal Dartball league at 7:30 tonight at the Recreation building. Pairings include Haase and Drews versus United Pattern, Woecckner versus Blue Ribbon, Birling Dairy versus Tews Beer Depot and Lakeview versus Keil and Werner.

Bellin Whacks 597 Series in Neenah Circuit

Mary Collier Bowls 563 Count to Top Women's City Play

Neenah — Harry Bellin recorded a 597 series to lead the way for bowlers in the Commercial league Wednesday night at Muench's.

Al Spang bowled 587, Tod Barnes 578 and Ken Rouse 573. Team honors went to Neenah Foundry No. 1 on its 2,850 series and Porath Truckers with a 260 loner.

Porath Truckers gained the lead with a 38-25 record. Larson-Schreiber is second with 37-26, trailed by Neenah Foundry Nos. 1 and 2 with 35-28 and 34-29 respectively.

Neenah Women's City league bowlers were blanked without a national honor count for the first time in six weeks. Wednesday night's high was Mary Collier's 563. She had games of 202-178-183.

Ella Larson bowled 187-525, Dorothy Allen and Ursula Krambs 510, Bea Kosloske 498, Shirley King 190-497, Dorothy Kolgen 497, Maxine Schnetzer 479, Esther Evans 479, Delores Larsen 476 and Viv Hilger 475.

Jitter's rolled 858-2,448 and Avalon 854 for the best team scores. Jitter's leads with 491-131 record. Avalon Bar has 43-20 and Larson-Schreiber 38-24.

**Rate Zephyr Squad Second In 'Little 8'**

Prairie du Chien — Menasha St. Mary has been elevated to second place in the "Little Eight" Wisconsin Catholic prep rankings according to the latest ratings released today by the Campion News Bureau. The Zephyrs were sixth last week. They now have an 11-5 record.

Eau Claire Regis is first with a 10-7 record. Beloit Catholic, rated no. 1 last week, fell to sixth. Stevens Point Pacelli is third. Wisconsin Rapids Assumption fourth, Kenosha St. Mary fifth, Fond du Lac Springs seventh and Superior Cathedral eighth.

Racine St. Catherine, which

**More Fun League**

Arlene McCanna posted 182-461 to sweep More Fun Ladies league honors Wednesday afternoon.

Rosenow Plumbing bowled 718-2,014 for the peak team performances. Lumber Mart leads with 47-181. Rosenow's has 39-27 and Jon's Shoes 37-28.

Russell Beyer's 201 game and Ervin Kuchenbecker's 524 set topped the Trinity Lutheran Men's club league Saturday night at Lakewood. Ginnow's Servitorium had 937-2,659 for team laurels. Kuchenbecker's leads with a 48-24 record. Novelty Press has 45-28 and Monray Foods 40-32.

**Jr. Zephyrs Enter Lakeshore Meet**

Menasha — St. Mary Grade school, the only area quintet in the Lakeshore Grade School Basketball tournament at Two Rivers, will open meet play at 1:40 Sunday afternoon against St. Mark of Two Rivers. Coach Leo "Sam" Kraus announced today.

Play is scheduled for Sunday, Tuesday and Thursday with the finals Sunday, March 1. Other entries are from Green Bay, Manitowoc, Sheboygan, Marinette, De Pere and Clarks Mills.

Eight Diocesan Clubs See 1st Round Action In Frosh Tournament

Appleton Five Defends Title; Zephyrs Vie With Oshkosh Sacred Heart in Initial Test

Menasha — Eight teams will begin competition in the tenth annual diocesan freshman basketball tournament at the St. Mary gym Friday afternoon and evening. One tilt will be played in the afternoon with the other three first round games at night.

Semi-finals will be run off next Sunday afternoon and the championship and third place tests will be played in the evening.

St. Norbert of De Pere meets St. Peter of Oshkosh in the opening game at 4 o'clock Friday afternoon. St. John of Little Chute and St. Vincent of Oshkosh vie in the initial evening encounter at 6 o'clock, host St. Mary takes on Sacred Heart of Oshkosh at 7:15 and defending champion St. Mary of Appleton collides with St. Gregory of St. Nazianz at 8:30.

**Four Return**

St. Mary teams of Appleton and Menasha, St. John and Sacred Heart were in last year's field. St. Norbert is entering its initial meet and St. Gregory, St. Peter and St. Vincent participated in previous years.

Missing from this year's field are St. Mary of Oshkosh, St. Joseph of Appleton, which doesn't have a team and Marinette Lourdes. Green Bay 19, 17 and 1 points respectively under the Central Catholic banners, is absent from the field for the second year. Coach Eugene "Torchy"

boasts a 20-1 record, tops the Big Eight. Milwaukee Plus is second, followed by Madison Edgewood, Green Bay Premontre, Prairie du Chien Campion, Milwaukee Marquette, La Crosse Aquinas and Milwaukee Don Bosco and Notre Dame, tied for eighth.

**Tops Zephyrs 58-45**

Appleton St. Mary defeated St. Mary 58-45 in the finals of the ninth annual meet last February. Dave LaVolette, Ron Abel and John Nussbaum had 19, 17 and 1 points respectively for the winners. All are now up with the Appleton High school varsity or jayvee squad. Dean Schreiner, Jim Rueckl and Norm Brown, all St. Mary High school varsity performers scored 19, 13 and eight for St. Mary. The Zephyrs had a 19-16 field goal edge but lost via free throws.

The Zephyrs have won four tournament titles, Premontre (Central Catholic) three and Appleton quintet has been victorious the last two years.

Neenah — Bergstrom Paper 58-34 downed Neenah Paper 58-34 and Lakeview gained a forfeit win over Badger-Globe in the Neenah Industrial Basketball league at the Roosevelt gym Wednesday night. The victors are still tied for first place with 4-0 records.

Bergstrom's raced to a 15-6 first quarter lead over the Neenah Paper five. The winners'

## Marathon Cops Menasha Cage League Crown

Whips Strange's For Fifth Victory; Gets Bye Next Week

MENASHA INDUSTRIAL LEAGUE	W	L
Marathon	5	0
Central Pap.	2	2

Tuesday's Results  
Marathon 71, Strange's 37.  
Central Paper 59, Gilbert Paper 40.

Menasha — Marathon snared the first championship of the Menasha Industrial Basketball league by tripping Strange Paper 71-37 at the Butte des Morts gym Tuesday night.

The Marathon team has a 5-0 second round record and draws a bye next week in the final night of action. It won the first round title, too. The Industrial league began play this year after the Muni circuit was disbanded.

Paced by Sal Cianciola's five baskets, Marathon rolled to an 18-8 first quarter lead over Strange's. The champions led 37-17 at halftime and 51-25 at the close of three frames. It posted a 20-12 last period edge.

Cianciola, former Lawrence college star, scored 18 points to pace Marathon while Malucet topped Strange's with 12.

Central Paper notched a 59-40 triumph over Gilbert Paper in the night's other contest.

Central posted a 12-6 advantage at the end of a frame and led 33-16 at halftime and 47-22 at the end of three segments.

Bill Willing's 19 points led the Central Paper scorers and Privoznik netted 15 for Gilbert's.

**Mission Without a Building of Its Own Donates to College**

Carthage, Ill., — A small Walworth, Wis., mission church, which has no building of its own, has made the first contribution toward Carthage college's new second campus at Kenosha, Wis.

Dr. Harold H. Lentz, Carthage president, said Wednesday the gift had been received from Faith Lutheran church. He did not announce the amount of the contribution.

Faith Lutheran church has no edifice of its own but meets in an American Legion hall in Walworth.

"This gift is a real indication of the enthusiasm for our second campus," said Dr. Lentz. "It is certain to set an example for the many churches, friends and alumni who will be making contributions in the future."

Two Twin City Boy Scout Troops have been busy conducting an open house and building a "Modern Chuck Wagon." St. Patrick Troop 55 adult leaders Roy Dare, Chuck Weber, Al Muench and Warren Whitlinger are shown, left to right above, standing in front of exhibitions shown during a recent open house and being inspected by Scout Martin Pederson. Scouts George Meyer, David McCune and Wayne Mueller are standing, left to right below, on a trailer being built by Troop 14 of the Congregational church.

### St. Patrick Boy Scout Troop 55 Has Open House

**Displays, Acts Headline Program in Auditorium**

Menasha — Boy Scout Troop 55 of St. Patrick's Catholic church observed National Boy Scout week last week with an open house for parents at the school auditorium.

Four displays representing the merit badges of fireman, fishing, electronics, canoeing and camping were constructed in the auditorium by the scouts. Scout craftsmanship was also on display and a film of the troop's Klondike Derby was shown.

Four acts, written and produced by Scout Dave Goodwin and produced by the troop, were presented. Gerald Stimp, Pat McCarthy, Neal Stachowicz, Tom Blank, Dick Hittenmiller, Dave Koehn and Joe Graves presented milestones in the life of Baden Powell, founder of the Boy Scouts of America. Mark Babbitt read a synopsis of Powell's life.

A program of campfire songs and fun was enacted by Bob Julius, Bill Julius, Ray Godschalk, Joe Graves, Martin Pederson, Neal Stachowicz and Dave Koehn. A humorous skit was given by Dan Murphy, Tom Schueppert and Charles Thompson while Kip Whittinger, Glen Lester and Joe Graves depicted the importance of first aid in a scout's training.

The program was organized by Scoutmaster A. J. Kettenhofen with Asst. Scoutmaster Roy Dare, and Troop Committee Chairman Warren Whitlinger as assistants.

### Scouts Build 'Chuck Wagon' For Summer Camping Trips

Menasha — A modern "Chuck Wagon" is being built by 12 members of Boy Scout Troop 14 of the First Congregational church which will serve as a kitchen, locker space for personal belongings and as supper tables on hikes, it was announced today.

The 12 by 7 foot structure was started two months ago and is expected to be completed in time for the busy camping season this summer.

When finished, the vehicle will resemble a covered wagon and will house a complete kitchen in which the scouts will do their cooking. Around the outside of the structure will be lockers to store camping equipment and when the top of the wagon is removed it can be used as two tables.

A number of Fox Cities businessmen have donated time and products to the project, which is being done by the scouts throughout the supervision of the scout leaders. The vehicle is expected to cost close to \$1,000 when finished.

Scouts working on the project are Dudley Chafee, David McCune, Mark Pawlowski, Wayne Bass, George Meyer, Bill Haber, Walter Webster, Jack Robinson, Ralph Berg, Ernie Pawlowski and Wayne Mueller.

**Chipped Beef Ideas**

See how easy it is for chipped beef to change from one fashionable attire to another. The addition of chopped hard-cooked egg, curry powder, diced or minced onion and green pepper or finely diced celery all create a different dish when serving creamed chipped beef.

**Sweetbreads**

Sweetbreads may be braised or fried without precooking but sweetbreads are always precooked if being used in salads, or for serving creamed with veal or ham. If the sweetbreads are not to be used immediately after purchase, they should be precooked regardless of the preparation method.

The Unbeaten Hortonville High school basketball team, which has successfully defended its Little Nine conference title, is ranked second on the state's "Little 16" roster. Team personnel shown in the front row, left to right, are manager Bob Quevillon, Bob Huebner, John Kluess, Bob Broehm, Dennis Sommers, Jim Steffen and manager Dave Schwabe. Shown in the second row, from left, are manager Keith Griesbach, Ken Huebner, Larry Collar, Don Otto, Wayne Huebner, Joe Steffen and Coach Russ Tiedemann. (Anzalone Photo.)

## Wittenberg '5' Visits 'Wega'

Indians, Iola Both Seek Solo 3rd Place Finish

**CENTRAL WISCONSIN CONFERENCE**

	W	L	W	L	
Wittenberg	13	1	Amherst	7	6
Marion	10	4	Bonduel	4	8
Iola	8	6	Manawa	2	11
Weyauwega	8	6	Wausau	2	11

**FRIDAY NIGHT'S GAMES:**

Wittenberg at Weyauwega.  
Amherst at Marion.  
Iola at Bonduel.  
Manawa at Wausau.

Weyauwega's High school basketball team, aiming for a solo third place finish in this season's Central Wisconsin conference standings, welcome at Wittenberg Friday night in the final set of conference games. The Indians would wind up third alone if they can knock off the rugged Maroons and Iola loses at Bonduel. If both 'Wega and Iola win, the clubs will remain tied for the No. 3 position.

**Maroons Win**  
In an earlier meeting Wittenberg used only five players in dropping the Indians, 73-50. Al-an Schlyter collected 22 for Wittenberg but Weyauwega's Russ Klug poured home 24 for game honors.

Iola had to rally from a 26-18 halftime deficit to drop Bonduel, 54-48, at Iola previously.

Marion, which has already assured itself of a second place finish, welcomes Amherst, aiming to repeat a win at Amherst (72-54).

In Friday evening's fourth game Wausau can climb into a seventh place tie with Manawa by downing the Wolves. The Comets' only victory of the CW campaign was a 63-50 success on the Manawa court.

**'Chilly' Reception Awaits Dodgers in Vero Beach Tonight**  
Vero Beach, Fla.—The advance guard of the Los Angeles Dodgers, consisting of pitchers and catchers, are due to arrive at Dodgertown tonight, and everything points to a chilly reception.

The sprawling old wooden barracks are unheated, and with the temperature at 31 Wednesday morning and little relief expected the next few days, the workouts, scheduled to start Friday, promise to be brisk indeed.

Futile Cross-Country Trips are part of the occupational hazards of baseball, catcher J. W. Porter has learned. Porter, holding daughter Shannon, and his wife, Claudia, with their other girl, Tracy, manage smiles for the camera in Lakeland, Fla., after learning they had traveled more than 3,000 miles for nothing. Porter was traded by Detroit to Cleveland. Now, he faces a trip from the Tiger training base to the Indian camp, in Tucson, Ariz. (AP Wirephoto)

## St. Norbert Whips Vike Quint, 87-65

Jerry Lamers Sinks 8 Straight Shots to Pace Easy Triumph

West De Pere—St. Norbert's Green Knights had five players in double figures here Wednesday night as they ramblod to an 87-65 basketball victory over hapless Lawrence college. Kimberly's Jerry Lamers led the victorious Knights with 17 points, hitting eight of eight field goals attempts, only one on a close shot inside the Viking zone. Jerry Nettlesheim collected 16 points and Gary Herold 14. The Knights' Lee Gutchow added 12 and Bill Feller 10.

Lawrence, which was dropping its thirty-sixth straight over a 2-season period, was led by Bill Wood and Bob Blust with 12 points apiece.

The victors had a huge, 61-27 superiority in rebounds and stole the ball an amazing 23 times—nine of them by Lamers. In addition, the losers threw the ball away frequently.

After the Vikes led in the opening moments, St. Norbert grabbed a 39-26 halftime advantage and, with three minutes left in the game, owned a 30-point lead 85-55. Then, the Vikes hit eight free throws in the final two minutes to help cut their deficit. The St. Norbert regulars played only about 25 minutes of the game.

Both clubs made 38 per cent of their field goal attempts, Lawrence hitting 23 of 60, St. Norbert making 36 of 90. The winners buried 15 of 29 foul shots, Lawrence made 19 of 29. Wood and Jack Close—who finished with 11 points—fouled out in the game's final five minutes.

**Knights JV Cagers Tip Vike Frosh**  
The Lawrence college freshman basketball team dropped its first intercollegiate tilt of the season Wednesday evening losing a road game to the St. Norbert college junior varsity, 87-62, after leading most of the way.

The Vikings were in front at the half, 39-26, and led until there were about eight minutes to go in the game, a preliminary to the Vike-Knight varsity contest.

Tom Floberg scored 17 points. Chuck Knoke 15 and Jim Schulz 13 for Lawrence which had beaten the Ripon frosh and the Stevens Point junior varsity earlier.

Floberg, Kaukauna's Joe Lamers and Jim Rasmussen—the three "big men" on the Viking quint—All were hampered by influenza. The 6-4 Rasmussen picked up four fouls in the first half and wound up with just four points.

Burke and Simons led the victors with 15 points apiece.

## Brillion Closes EW Campaign

Plays Elkhart Lake Friday; Plymouth Eyes Clear Title

Plymouth	11	0	Kiel	1	7
Kohler	10	1	Brillion	1	7
Sheboygan F.	7	4	Chilton	1	7
Valders	6	5	Elkhart Lake	2	5
New Weston	6	5			

Tonight's Game:  
Chilton at Freedom (non-conf.)

Friday Night's Games:  
Brillion at Elkhart Lake.  
Plymouth at Valders.  
Sheboygan Falls at New Weston.  
Kohler at Kiel.

Chilton at Freedom (non-conf.)  
Friday Night's Games:  
Brillion at Elkhart Lake.  
Plymouth at Valders.  
Sheboygan Falls at New Weston.  
Kohler at Kiel.

Brillion High school will close its Eastern Wisconsin conference basketball season Friday night with an effort to repeat an earlier victory over Elkhart Lake.

On their home court Dec. 13, the Lions squeezed out a 68-67 win over the boys from the sports car capital of America. Chilton, which doesn't play its EW finals until Feb. 28, travels to Freedom tonight for a non-league skirmish.

Unbeaten Plymouth will go after a clear crown tonight when it travels to Valders. In December, the Plymouth quint scored a 57-48 home-court win over Valders. Valders, with a 500 record, could make it an interesting Friday but will be a decided underdog.

Runnerup Kohler, whose hope for a title share rests with Valders, treks to Kiel Friday.

**Winona State Wins, 62-56, Over Oshkosh**  
Winona, Minn.—Winona State scored a 62-56 victory over Oshkosh State in non-conference basketball action Wednesday night.

Oshkosh held a 30-27 edge at the intermission. With about six minutes remaining, Herb Espindola dropped in a pair of free shots to pull Winona into a 52-52 tie. A moment later Espindola popped in two more free throws to give his team the lead for the first time in the final period, 56-54.

Al Svenningsson's 22 points for Winona topped scoring efforts. Mike Grabner led Oshkosh with 16.

**Shows Good Reaction**  
Herb Score Says He Has No More Doubts

Tucson, Ariz.—If his first major workout is any indication, Herb Score is ready to pick up where he left off last season when an accident almost ended his sensational pitching career.

"I can see the ball much better than I could when I worked out last fall," the fireballing Cleveland Indian southpaw said. "I don't have any doubts."

"In fact, I don't believe there is any difference in my eyesight at all. Personally, I feel much better now. I know I have more confidence."

One of the Best  
Score almost lost the sight of his right eye when hit by a line drive off the bat of the New York Yankees' Gil McDougald later and it might just as well May 7. For months, his future was in doubt.

# Co-Leading Terrors Meet Two Foes This Weekend

## AHS Quintet Rises to 11th In State Ratings

Neenah Drops to 9th; Hortonville Is 'By-Passed'

Appleton High school moved up three notches—to eleventh position—in the weekly "Big 16" ratings announced today in Madison.

Neenah, an upset victim of Kimberly last Friday, dropped three spots to No. 9. The Rockets now have a 14-2 record.

The WIAA rating committee by-passed runnerup Hortonville to move Randolph from third to first in the "Little 16" ratings. Marshall, which had led from the opening week, dropped to sixth after its loss to Sun Prairie. Hortonville's Polar Bears own a 17-0 record, the same as that compiled by Randolph.

Appleton's Terrors improved their record to 12-3 last Friday with a 74-67 win over Manitowoc. The loss dropped Manty from eighth to thirteenth in the state ratings.

No new teams entered the "Big 16" this week. Glidden, Westfield, Niagara and Highland are the newcomers to the "Little 16."

Marion (15-3) again was cited on the special mention list appended to the "Little 16." Other teams from Fox Cities area conferences in that category are Denmark (15-2) and Kohler (13-3).

Among the "special mentions" in the big-school category are Green Bay East (11-4), Preble (14-2), Oconto (14-3) and Wittenberg (15-1).

The final Little 16 ratings will be announced Tuesday.

**LITTLE SIXTEEN**

W	L	
1. Randolph (218)	17	0
2. Appleton (151)	17	0
3. Manitowish (109)	17	0
4. West Salem (228)	17	1
5. Oshkosh (110)	16	0
6. Marshall (114)	15	1
7. Edgar (163)	15	0
8. Thorp (290)	15	0
9. Alma Center (148)	15	1
10. Cochrane (63)	14	1
11. Sun Prairie (265)	13	2
12. Westfield (27)	17	1
13. Oostburg (230)	17	2
14. Niagara (150)	18	2
15. Beaver (142)	15	1
Tied with Highland (114)	15	2

**LITTLE NINE CONFERENCE**

W	L	
Hortonville	13	0
Denmark	13	0
Manitowish	12	1
Winnebago	7	6
Neenah	7	6

Friday Night's Games:  
Omro at Winnebago.  
Winnebago at Manitowish.

Friday night's Omro-at-Winneconne third-place battle will lower the curtain on 1957-8 Little Nine conference basketball activity. The delayed meeting was originally scheduled for Nov. 22.

Winnebago, which was submerged, 68-58, in Omro in December, needs a victory to share third place with the Foxes. A repeat win will mean an undisputed spot for the Foxes behind powerful champion Hortonville and once-beaten (by Hortonville) Denmark.

The only other pre-tournament action for Little Nine members is scheduled for tonight when Freedom plays host to Chilton, of the Eastern Wisconsin.

**Pro Hockey**  
Wednesday's Result:  
New York 3, Chicago 2.  
Tonight's Schedule:  
Boston at Montreal.

## Quinn Isn't Worried About Cold Weather

Rice, Sawatski and Spahn Among Braves' Early Arrivals

Bradenton, Fla.—General Manager John Quinn of the Milwaukee Braves arrived here Wednesday, indicated he didn't think much of Florida's cold weather, but said he didn't feel it would hurt training plans very much.

"I don't foresee the need of going indoors for our training," he said. "I'll be very much surprised if we won't be able to at least work outside most of the time. We might push back the starting time of drills from 10 a. m. until 11:30 or even noon."

**First to Arrive**  
The Braves are due to open spring training March 1, and Quinn said even if the cold remains "the players will bundle up good and have a chance to work up a sweat. The only trouble is the possibility of catching cold or a pitcher coming up with a sore arm."

Quinn was the first of the Milwaukee management to arrive. Field Manager Fred Haney and his coaches were expected today, and the pitchers and catchers are scheduled to arrive Friday and begin work on Saturday.

There were a few early arrivals in camp, including catchers Del Rice and Carl Sawatski and pitcher Warren Spahn.

Rice also minimized the influence of the weather. He said the world champions would be able to work out even if the mercury slipped to 50, which was the high on Wednesday.

**Packers Sign Joe Francis To '58 Pact**  
Green Bay —The Green Bay Packers Wednesday night announced the signing of their fifth draft choice in the last National Football league draft, Joe Francis, versatile back from Oregon State.

Packer Coach "Scooter" McClellan said Francis, a native of Hawaii, is "talented enough to play halfback, quarterback or defense, our West Coast scouts tell us he can't miss in pro ball."

The 6-1, 200-pound Francis was awarded the "Pop" Warner Memorial Trophy as the West coast's most valuable senior college football player in 1957. Francis gained 203 yards rushing and passing against Iowa in the Rose bowl game Jan. 1, 1957.

## Oshkosh '5' Invades AHS Friday

FOX RIVER VALLEY CONFERENCE			
	W	L	TR
APPLETON	9	3	70
Manitowoc	9	3	71
Green Bay East	8	3	71
Green Bay West	6	5	66
Sheboygan Central	5	6	66
Sheboygan North	3	8	58
Fond du Lac	2	9	58
Oshkosh	2	9	58

**FRIDAY NIGHT'S GAMES:**  
Oshkosh at Appleton.  
Manitowoc at Fond du Lac.  
East at Central.  
North at West.

**SATURDAY NIGHT'S GAMES:**  
Appleton at North.  
Fond du Lac at East.  
West at Oshkosh.  
Central at Manitowoc.

**BY MIKE DREW**  
Post-Crescent Staff Writer  
On the evenings of Jan. 17 and 18, the Appleton High school basketball team posted wins over Oshkosh and Sheboygan North.

The two triumphs — though welcome, as victories always are—found the Terrors still two full games back of front-running and then unbeaten Manitowoc and out of immediate contention for the Fox River Valley conference lead.

**Signals a Reversal**  
But those now month-away wins signalled a reversal in Terror fortunes and started Coach Dick Emanuel's Appletonians on a winning streak which has now reached seven straight FRVC successes.

Appleton has run the gamut of conference opponents since its 62-54 win at Oshkosh and in the interim has snuggled into a tie with Manty for first place. This weekend, AHS will attempt to continue the success which started coming its way on those two successive mid-January nights by repeating earlier triumphs over the Indians and Golden Raiders.

Like Appleton, Manitowoc's pair of weekend hassles are with second division constituents. The Shipbuilders visit Fond du Lac Friday night and welcome Sheboygan Central Saturday.

Green Bay East, the only remaining outfit with a chance for the title, plays at Central Friday and then entertains Fondy Saturday. The other weekend pairings dispatch North to Green Bay West Friday and West to Oshkosh Saturday.

The Terrors appear far more qualified to turn back Oshkosh (here Friday) and North (at

# Northern Loop Won't Play With 9 Teams

Class C Circuit Seeks to Add Sioux Falls

Aberdeen, S. D. — The Class C Northern Baseball league will function as an 8-team loop in 1958, unless a tenth member can be found, it was announced Wednesday night by Peter Bradbury, league president.

The league faced the future as a 9-team circuit after Wausau dropped out because of financial troubles. The extra member was Bismarck-Mandan, N. D., which was preparing for its first season.

Confronted with the scheduling difficulties of a 9-team league, directors called on the major league affiliates of the eight older members to solve the problem, and the parent clubs voted Wednesday for an 8-team league.

Three of the major league teams opposed a 9-club circuit, and that was one more vote than was needed to defeat the proposal. Negative ballots were returned by the Milwaukee Braves, whose farm team is at Eau Claire; the San Francisco Giants, working with St. Cloud, Minn.; and the Chicago White Sox, parent of the Duluth-Superior club.

Bradbury said efforts will be made Saturday to place a team in Sioux Falls, S. D. If successful Bismarck-Mandan also will be admitted and the league will play with 10 teams. Bismarck-Mandan has already sold \$16,000 worth of tickets for the 1958 season. The club has no major league tieup.

# Pistons Clinch Playoff Berth

Beat Lakers in Overtime; Celtics Still 'Coasting'

By The Associated Press — Take a good club like the Boston Celtics. Let 'em lose a few. Are they coasting? Or slumping? That's the question in the push for play-off berths today in the National Basketball association.

It looks more like coasting than slumping with the Celtics, who despite a 123-103 defeat by the Philadelphia Warriors Wednesday night still have a 61-game Eastern division lead. The decision hoisted the Warriors two games ahead of New York, beaten, 116-110, by Syracuse, in their fight for the final playoff berth in the Eastern.

**Nails Playoff Berth**  
Detroit nailed a playoff berth in the Western by eliminating Minneapolis, 117-115, in overtime in the only other game scheduled. A jump shot by Gene Shue with two seconds left in the overtime put the Lakers 104 games behind the Pistons with only 10 to play.

The Warriors, led by Woody Sauldsberry's 24 points, and Paul Arizin's 23, hit 15 of 26 field goal attempts in the first period while the Celtics connected on but four of 26.

Vern Mikkelsen scored 28 for the Lakers, who also sat out last year's playoffs, but it was George Yardley, the NBA's leading scorer, who was high. He counted 43 and needs 216 in his remaining nine games to junk George Mikan's 1-season record of 1,715 points.

Johnny Kerr was top man with 31 points for Syracuse. Carl Braun led the Knicks with 29, but was tossed out of the game when he argued a foul with referee Bill Smith with about four minutes left.

# Jones Wins Decision Over 'Kid' Gavilan

Miami Beach, Fla. — Ralph "Tiger" Jones, a tough-skinned boxer from Brooklyn, sidetracked "Kid" Gavilan's comeback attempt with a split decision last night and the Cuban admitted afterward, "He good fighter—better than I expect."

Jones claimed Gavilan butted him over the eye in the ninth, inflicting a cut. The Kid denied this, saying, "I feel right hand land real good—bang on the eye." There were no knockdowns in the 10-round bout. Gavilan weighed 154 and Jones 154.

Jones admitted the 32-year-old "Kid" from Camaguey, veteran of 140 ring battles and holder of the welterweight title from 1951 to 1954, "hit me with one bolo that I can remember."

Gavilan showed occasional flashes of his old speed but Jones, 29, took everything Gavilan had.

# Terror Cagers Face Oshkosh And North

CONTINUED FROM PAGE B8

Sheboygan Saturday) than they were the first time around. Where Appleton's offense, until that juncture, was provided mainly by the scintillating Jack Ulwelling, things have changed in the Terror ballclub.

Though Ulwelling is still the important single Terror, the Appleton "big men"—Tom Verkuilen (6-4), Howie Hamann (6-4) and Ron Abel (6-5)—have made it increasingly important contributions. And, "little men" Bill Bedard and Dick King have shown similar improvement.

At present, all of the above but Bedard are carrying FRVC scoring averages of 7.5 points per game, or better.

Ulwelling is breezing along with a 20.6 average. Hamann's per game rate is 10 points even. Abel's is 7.9 and Verkuilen's and King's 7.5.

Bedard's average is only 5.5 but attesting to his other values is the fact that lately he has been scoring more playing time than any Terror besides Ulwelling.

**Had Trouble**  
Appleton had a good deal of trouble with Oshkosh the first time they played, trailing, 17-13, after one quarter and not going on top to stay until late in the third segment. A pair of 5-8 guards, Jim Nikowski and Wayne Frazier, tallied 15 and 13 points, respectively, to pace the losers.

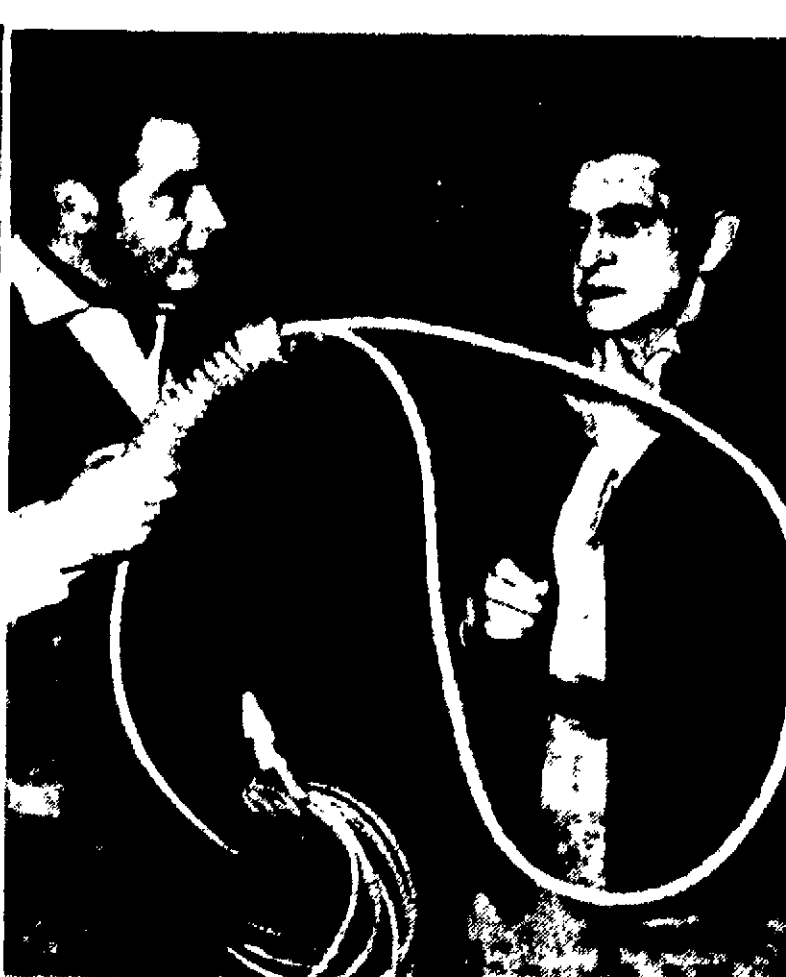

The Indians' two FRVC wins were a 72-66 success over Sheboygan Central on Jan. 24 and a 68-52 trouncing of Fond du Lac last weekend.

Ulwelling matched North's first half point total of 22 in Appleton's walkaway 72-46 win here. Jack wound up with 30 points. North's Jerry Hummeltz was high for his club with 15.

The Northmen's leading scorer in conference games has been "Bump" Jones, Jr., 6-5 center, currently ninth in the loop.

The Raiders' 6-3 Charlie Klauke, who didn't face the Terrors in the earlier meeting, is the No. 2 North scorer.

North's most recent outing

Bob Steele, Right, 51, Veteran actor of the western movies and now playing a role in a TV western called "The Californians," is shown with actor Sean McClory in a scene from the television program. Steele started in films when he was 14 and starred in 180 westerns. In this scene from the TV show, Steele plays part of the murderer and villain, while McClory is leader of the vigilantes. (AP Wirephoto)

# Back to Boxing

# Music's Fiedler, Boxing's Calhoun are Friends

Boston — A noted symphonic conductor cheering at ringside. A middleweight boxing contender pondering a Rachmaninoff concerto. Not in the case of the unusual

was a 52-51 upset of Central last weekend. The Raiders' other two wins were over Oshkosh. The good shovings by both North and Oshkosh the last times out should serve as a warning to the Terrors who can't afford a loss as they make their way down the home stretch.

Ulwelling currently ranks fourth, 17 points behind leader By Prentice of Green Bay East and just six back of Manty's Bill Nelson, who is second.

# Tells of Old Westerns

# Bob Steele Has Acted or Starred In Hundreds of Horse Operas

BY BOB THOMAS

Hollywood — It's a safe bet that Bob Steele has led and been chased by more horses than any other westerner ever. Steele represents the middle period of the American western movie, when Hollywood ground out dozens of low-budget horse operas yearly to satisfy the public's craving for outdoor adventure. He started in films when he was 14, starred in 180 westerns,

grind out a feature in six to eight days for \$18,000 to \$20,000. Once I did two five-reel features in five days! The star would get \$3,000 to \$5,000, which wasn't bad pay considering the times."

**Singing Cowboy Arrives**  
He admitted the quality of the films was not of the best. "We didn't have time to be subtle," he observed. "We were working too fast; 80 percent of the pictures were chase scenes or some form of action. The plots were variations of the same themes—the settlers vs. the cattlemen, sheep owners vs. cattlemen, water rights, gold, cattle rustlers, desperadoes, etc."

Working and reworking the same lode, the program western prospered in the silent and home screens, creating a new talkie period. Besides Bob Steele, favorites included Tom Mix, Buck Jones, Ken Maynard, Hoot Gibson, Tim McCoy, Johnny Mack Brown, William Boyd, Tom Tyler, George O'Brien, Tim Holt, Charles Starrett.

Then came the period of the singing cowboy, which pained most of the oldtimers. "We all thought it couldn't last," said Steele. "It didn't make sense; the whole action"

stopped while the hero played a guitar and sang a song."

But the warbling cowhands, let first by Gene Autry and then Roy Rogers, dominated the western field until after the war.

Music may have contributed to the death of the program western. Certainly TV was a contributing factor. The channels were flooded with old westerns, and Hopalong Cassidy became a national hero. "The program westerns just stopped," Steele recalled. "There weren't any more."

It was tough on experienced hands, who could always count on working in the dozens of program westerns made each year. Bob admitted that he went through a period of feeling sorry for himself. But when westerns came back on TV with a bang, he decided to join 'em.

**Decides To Go Back**  
"I held off, because there was a chance of a series for myself," he said. "Then I said to heck with it—an actor should keep working, no matter how big the role."

"My first role in a 'Wyatt Earp' kinda shook me up. My only line was, 'There's a woman outside to see you, mar-

shal.' I wondered if I had done the right thing. But on the next one, I got to play a heavy I could get my teeth into."

Now he keeps busy playing heavies and good guys in the new medium.

His only hazard: Bob is 5 feet 8; most of the TV heroes are giants. Said he: "I did a 'Cheyenne' with Clint Walker, who is 6 feet 6. I spent most of the picture gazing at his navel."

Unlike some oldtimers, Bob has good words to say for the new crop of gunslingers: "They have much better scripts than we did. And they're remarkably good on the draw. Their horse riding is another matter, but fortunately, they don't have to do much."

**Shirley Helser Rolls 522 Trio**  
Shirley "Butch" Helser whacked the solidest series, a 522, in the Five by Eight league at Hahn's earlier in the week.

Mary Jane Gosz kegled the leading 197 and 495 scores in the Lucky league at the ACA playoffs.

Other honor tallies and split pick-ups:

**FIVE BY EIGHT:**  
Jeanne Kloes 211, 497; Butch Helser 194; Elaine Dietzen 187, 178, 510; Shirl Rasmussen 177, 491; Irene Deitgen 185; Jane Denge 181; Jane Van Zimmerman 180, 476; Bea Albrecht 184, 484; Mabel Sonnenleiter 177; Alice Pangel 4-5-7; Marge Theisen 7-8; Bea Albrecht 5-10; Ole Hanstad 4-5-8; Marge Boldt 5-7; Millie Daniels 6-7.

**LUCKY LEAGUE:**  
Margaret Nering 198; Ruth Fredrick 180; Mary Lou Hartman 178; Loretta Buchholz 5-7; Genevieve Rath 5-10; Billy Argyst 5-7; Bette John 5-7.

Fish Stay Offshore, Appleton Prices High

Cold Weather, Snows Across Country  
Continue to Affect Food Counters Here

Snows and frost in other parts of the country, particularly the south, continue to affect Appleton food shoppers. Prices on most produce are high and fish, the old stand-by for lenten menus, isn't displayed in the abundance usual during this season or at prices to completely satisfy the consumer.

The situation probably won't clear up for several weeks, market men say, since fish stay farther offshore in colder weather and fishermen don't like to go as far offshore. This generally means smaller catches and higher prices for fresh fish, but catches are expected to pick up seasonably next month.

Most fish is expensive, a turn through Appleton food stores shows. Pike fillets are tagged at 85 cents, whitefish at 69 cents, perch fillets at 79 cents and shrimp at about 83 cents a pound.

Among the most reasonable protein buys this week are frying and stewing chickens at 39 cents, lamb shoulder roasts at 45 cents, veal shoulder roast at 59 cents, and hams from 59 cents a pound upward.

Moderate to high priced are sirloin from 99 cents to \$1.09, round steak from 79 to 89 cents, rump roast at 95 cents, rib roast from 79 to 89 cents, pork steak from 55 to 59 cents, pork chops from 79 to 89 cents and veal chops at about 70 cents a pound.

Eggs remain a top buy right now, with a dozen Grade A large priced from 51 to 55 cents.

The shopper will have to do some pretty sharp looking this weekend if she's to find good produce buys. There are some but they're not in abundance.

Among the best vegetable buys are head lettuce at 15

and parsnips at 19 cents a head to drop gradually on both pound, broccoli at 29 cents a high priced are celery at 29 bunch and brussell sprouts at cents a bunch, carrots at 19 cents a bunch, radishes at 15 cents a bunch, green peppers at 59 cents a pound and hot house 19 cents apiece, cucumbers at 29 cents a bunch, spinach at 29 cents a bunch, red cabbage at 19 cents a pound.

**"Help yourself" salad buffet**  
- easy to fix with Fairmont Cottage Cheese!

Simple or sumptuous, so many salad delights start with creamy and flavorful Fairmont Cottage Cheese. For a tempting, work-free buffet, serve it with cling peach halves and suit-yourself toppings such as sliced almonds, cranberries, and raisins. It looks so fancy 'n festive ...and Fairmont Cottage Cheese makes it so good!

Serve it plain or fancy, but always serve... **FAIRMONT** for finer flavors

19 cents a pound and green cabbage at 15 cents a pound. Potatoes and onions remain good buys, with Wisconsin and Idaho potatoes at 10 pounds for 43 and 69 cents, respectively, and Texas yellow onions at 6 cents a pound.

California navel oranges are very high right now — 99 cents a dozen, but other varieties, though high, are lower than the navel. Temples are 69 cents a dozen and eating varieties are about the same price.

# Alderman Votes No On Huntley Bonds

William F. Ertl Questions Cost Of Proposed Elementary School

One alderman Wednesday voted against selling \$1,000,000 in bonds to build the Huntley school, the proposed new northeast elementary school.

Ertl

William F. Ertl, 27th ward, started fellow aldermen during the roll call after a short meeting with the board of education over proposed building plans. Ertl said afterward he questioned the cost of the project in light of two recent stories he read in a newspaper and estimates he's been given of costs of St. Pius X's school.

"One story said a school elsewhere in the state was being built for 650 children at a cost of \$2 million," Ertl explained. "A few days later, same paper, a story said a DePere Catholic school for 600 children would cost \$640,000. Now, we're in here with a school for about the same number and the cost is \$1,000,000."

St. Pius officials have told him their 12-room school, with provisions for six rooms later, will cost less than \$700,000, Ertl said.

In a committee of the whole session with a school board contingent, Ertl was told St. Pius officials will take bids shortly on their proposed school and the cost is not expected to exceed \$700,000.

Gymnasiums and auditoriums must be separated in grade schools, aldermen also were told during the meeting, because of a state law which requires 2 1/2 hours of physical education weekly for each child. Gyms are in almost constant use.

The auditoriums are used between 10 and 15 hours a week, it was said, and this means that both special rooms are needed to meet the physical education law. All grades are at the same time, the auditoriums at the same time,

Man, Boy Taken to Hospital After Falls

Two Fox Cities residents were taken to St. Elizabeth hospital with injuries after falls Wednesday night and this morning.

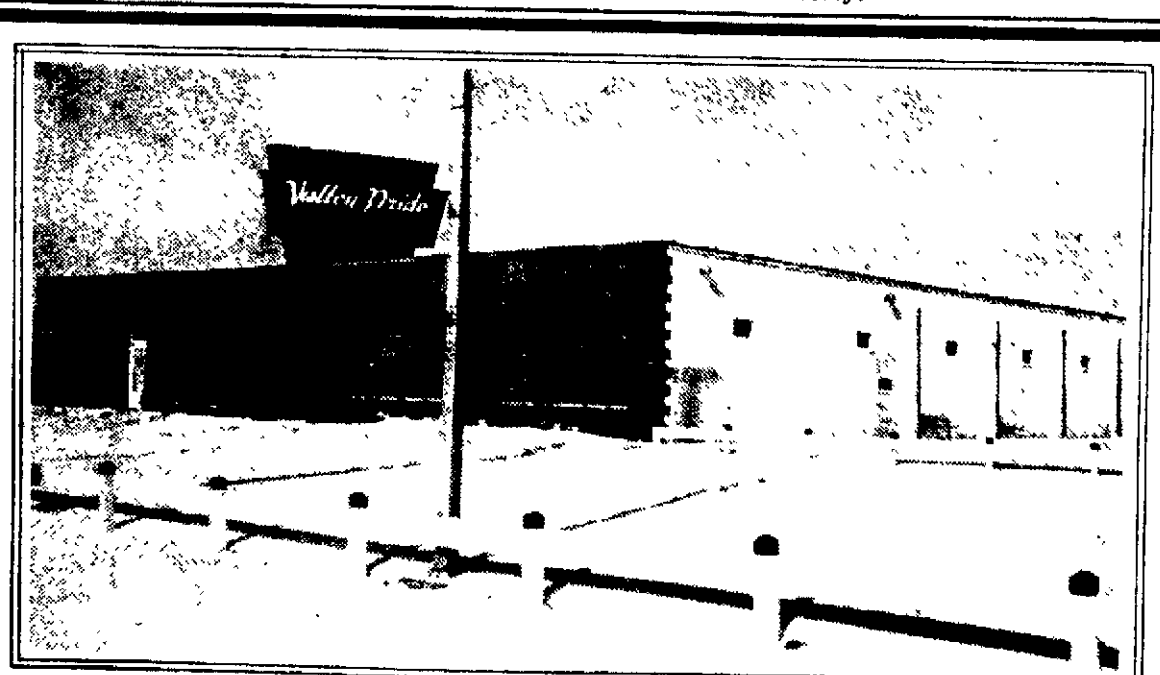

Howard Roelofs, 14, son of Mr. and Mrs. Harold Roelofs, 1207 W. Elsie street, received a broken leg when he fell about 8:30 Thursday night while ice skating at Jones park.

Peter Vissers, 77, 424 S. Pine street, Little Chute, suffered a possible broken hip when he fell about 7:50 this morning in the 300 block on S. Willow street in Kimberly.

Both of the injured were taken to St. Elizabeth hospital by Lindy's ambulance.

Appletonians to Attend Funeral

Mr. and Mrs. Chet Steiner, 817 E. Fremont street, and Mr. and Mrs. Al Fahrenkrug, 1613 S. Lawe street, will leave tonight for Saginaw, Mich., where they will attend the funeral of Mrs. Edward Henrichs, daughter of Mr. and Mrs. Robert Fahrenkrug of Appleton. Mrs. Steiner and Mr. Fahrenkrug are the sister and brother of the deceased.

## Richard Peterson To Seek Fifth Legislator Term

Clintonville — Assemblyman Richard E. Peterson today announced his candidacy for a fifth term as legislator from Waupaca county.

Peterson

Peterson, a Republican, was elected to the legislature in 1950 and has been returned three times.

He was appointed to the legislative council-judiciary committee in 1950 and has served on that committee since. He has served on the insurance and banking, taxation, judiciary, commerce and manufacturing legislative committees.

He is chairman of the insurance and banking committee and headed the legislative council committee to study the future of the veterans' home at King.

Peterson was born in Waupaca in 1920. He was graduated from Waupaca High school and entered the University of Wisconsin in 1938. In 1940 he entered the armed forces and served five years, returning to Madison in 1945.

After he was graduated from the University of Wisconsin law school, he served for more than a year on the staff of the attorney general before opening his practice in Clintonville in 1949.

## AHS Students Will Observe Brotherhood

Brotherhood week will be observed at Appleton High school Monday afternoon with a program prepared by students in the American history classes. The panel-discussion theme will be human relationships in a democracy.

A pilot group will handle the discussion with help in specific problems from research groups. Areas of research have been religion, race, and nationalities.

Students in the pilot group are Mary Metzger, moderator, Dave Boldt, Paul Gloss, Pamela Barney, Van Schultz, Cheryl Pearl and Dave Bowker.

Research groups consist of Bubolz, moderator, Marian Jackbert, Barbara Nock, Don Max and Jack Krueger who have made a study of religion; Ann McKenny, moderator, Sharon Eickhoff, Joan Mackeay, Judy Tracanna and Mike Towsky, race; and Lois LaRue, moderator, Janet Palmbeck, Simon Leuenstein, Sandra Reim and Rhonda Cundy, nationalities.

Miss Elizabeth Plowright and Kenneth Sager, head of the social studies department, have worked with the students, all of whom are juniors, in preparing the program.

## Birth Record

St. Elizabeth hospital today reported the following births:

Sons to: Mr. and Mrs. Stanley Donte, 122 S. Oneida street. Mr. and Mrs. William Pruett, 1102 W. Lorain street. Mr. and Mrs. Jack Skjoldager, 117 E. Marquette street.

Daughters to: Mr. and Mrs. Robert Cahoe, 7051 S. Outagamie street. Mr. and Mrs. Gerald Goehler, 135 S. Telulah avenue. Mr. and Mrs. Robert Kilsdonk, 115 E. Elm street, Kimberly.

Even the Younger Members of families attended Ash Wednesday services at Catholic churches to receive the traditional ashes on their foreheads. Here, at St. Joseph church, the Rev. Bertin Samsa, OFM, Cap., applies ashes to Adelle Mary Stark with the words, "Remember, man, that thou art dust and unto dust thou shalt return." Adelle's mother, Mrs. Chris Stark, 324 1/2 N. Outagamie street, already has received her ashes. (Post-Crescent Photo)

## Today's Deaths

### Emil F. Gatz

Emil F. Gatz, 70, 501 S. Locust street, died at 9:20 Wednesday night at the Veterans Administration hospital, Wood, after a 2-month illness. He was born Feb. 28, 1887, in Germany and was employed at Tuttle Press for 20 years until he retired four years ago. Gatz was a World war I veteran.

Funeral services will be at 2 o'clock Saturday afternoon at the Wichmann Funeral home, with burial in Riverside cemetery. The Rev. John Seidler, pastor of St. John Evangelical and Reformed church, will officiate. Friends may call at the funeral home after 4 o'clock Friday afternoon.

Survivors include one son, Lloyd, Appleton; one brother, Arthur, Kaukauna; seven sisters, Mrs. Mildred Hantschel, Appleton, Mrs. Louise Wagner, Kaukauna, Mrs. Bonita Kemps, Neenah, Mrs. Clara Frieden, Chicago, Mrs. Helen Skagg, Kansas City, Kans., Miss Augusta Gatz and Mrs. Ann Schleisler, both of Milwaukee; and two grandchildren.

### Mrs. Harry Dollar

Mrs. Harry Dollar, 77, route 1, De Pere, died Wednesday night at Green Bay after a short illness. She was born March 10, 1880, in De Pere.

Funeral services will be at 9:30 Saturday morning at St. Mary's Catholic church, De Pere, with burial in Mt. Olivet cemetery, De Pere. Friends may call at the Coffey Funeral home, De Pere, after 6 o'clock tonight. The rosary will be said there at 8 o'clock tonight and Friday night.

She is survived by five daughters, Mrs. Harold Carufel, Mrs.

### Evelyn Duane and Mrs. Clarence Pierquet

all of Green Bay; Mrs. Gilmore Rohloff, Greenleaf, and Miss Margaret, at home; three sons, Alvin, at home, and Chester and Allen, both of Green Bay; two brothers, Peter Geurts, De Pere, and Jacob Geurts, Green Bay; one sister, Mrs. Leonard Van Stratton, Shiocott; 27 grandchildren and 12 great-grandchildren.

### William E. Rollinson

William E. Rollinson, 74, 1005 N. Owaissa street, died at 1 o'clock this morning at his home after a long illness. He was born July 23, 1883, in Stratford, Ontario, Canada, and lived in Appleton since 1929. Rollinson was a salesman for the E. C. Atkins company, Indianapolis.

Funeral services will be at 2 o'clock Friday afternoon at the Wichmann Funeral home, with burial in Riverside cemetery. The Rev. Clifford Pierson, pastor of Memorial Presbyterian church, will officiate. Friends may call at the funeral home after 4 o'clock this afternoon.

Survivors include his widow; one daughter, Miss Dorothy Rollinson, Oshkosh; two brothers, Harry, Galt, Ontario, Canada, and Cyril, Ottawa, Ontario, Canada; and one sister, Mrs. F. S. Walker, Stratford, Ontario, Canada.

### Mrs. John Stecker

Mrs. John Stecker, 71, 515 W. Marquette street, died at 3:15 Wednesday afternoon after a short illness. She was born May 4, 1886, in the town of Center and lived in this vicinity all her life. Mrs. Stecker and her

## Around Home

Wednesday afternoon Appleton firemen got a hurry-up call from Snider's Restaurant, 227 E. College avenue, to rescue a sparrow. Seems the sparrow sneaked into the air space between a storm window and the plate glass window in the front of the restaurant. Once in, the bird couldn't get out and its frantic struggles to escape raised customers' sympathies. Firemen released the bird, unharmed. It managed to enter the trap through a narrow crack in the window frame.

husband celebrated their golden anniversary last year.

Funeral services will be at 3:30 Friday afternoon at Zion Lutheran church, with burial in Highland Memorial park. Friends may call at the Brettschneider Funeral home until 10 o'clock Friday morning and then at the church.

Survivors include her husband; two daughters, Mrs. Wallace Mooney, Kaukauna, and Mrs. Warren C. Kotz, Dayton, Ohio; three sons, Earl and Everett, both of Appleton, and Eugene, Neenah; and 10 grandchildren.

### Mrs. H. T. Nolan

Mrs. H. T. Nolan, 70, 1307 S. Outagamie street, died unexpectedly at 7 o'clock Wednesday evening while visiting in San Diego, Calif. She was born Sept. 23, 1887, in Shawano and lived in Appleton most of her life.

Funeral arrangements are being made at the Brettschneider Funeral home.

Survivors include one daughter, Mrs. Robert Scherke, Milwaukee; two sons, James and Thomas, both of Appleton; two brothers, R. R. Anderson and James Anderson, both of Shawano; one sister, Mrs. J. C. Youmans, San Diego, Calif.; and four grandchildren.

### Siebers Funeral

Funeral services for George A. Siebers, 41, 208 N. Richmond street, who died Wednesday morning after a long illness, will be at 10 o'clock Saturday morning at St. Joseph Catholic church.

The cortege will form at 9:30 at Brettschneider Funeral home, where friends may call after 2 o'clock Friday afternoon. The rosary will be said at 7:30 Friday evening at the funeral home.

Siebers operated a tavern on N. Richmond street.

## Historical Societies Have Met on Feb. 22 Since 1850s

For the 86th consecutive year, members the Outagamie County Pioneer and Historical society have gathered in Appleton for a morning business meeting, a noon dinner and a session of reminiscing. The meetings this year will be held Saturday at the Elks club.

From a historical viewpoint, this same program pattern was held on Feb. 22 much earlier than the 1872 organization date of the present county society. The old Pioneer society, its forerunner, started the custom way back in village days of the 1850s when the basket lunch provided by the women settlers was as important a feature as the meeting of old friends and swapping of pioneer tales. This year the featured talk will be on Appleton history, presented by Albert C. Rule, former mayor and 73-year resident of the city. Rule was born in Rockland, Mich., and came to live in Appleton at the age of 7.

### Mayor 1926-1930

He served the city as mayor from 1926 to 1930. His other governmental posts include being assessor of incomes from 1915 to 1920, city assessor from 1920 to 1926 and building inspector in 1937 and 1938.

Although he will be 80 next summer, Rule is still active in business as the manager, secretary and treasurer of the Rowell Manufacturing company. He has been associated with the firm for the last 10 years.

He has had a varied business background. He worked with the former O'Keefe and Orblison engineering firm for eight years, a construction company, a wholesale grocery house and in municipal court.

cement products firm for more than a half dozen years each and was in the dry cleaning business for several years.

A long time member of the county historical group, he is a member of the board of directors.

## Three Boys Get Supervision for Beer Theft Spree

Three youths, 15 and 16 years of age, were placed under the supervision of the county welfare department for two years today by County Judge Stanley A. Staidl.

The youths were taken into custody Dec. 18 after they skipped school, stayed away from home overnight and broke into a fishing shack along the Wolf river near Hortonville. Found in the shack were 10 beer cases, three of them empty, which the boys admitted stealing. The boys live in Appleton and on farm homes near Appleton.

Judge Staidl told the boys they would have to pay for the stolen beer and for a battery and tires they admitted stealing from an auto wrecking firm near Appleton. Judge Staidl also revoked the youths' driver's licenses.

The boys were caught after one of their parents told police they were missing and where they might be. Several boys were found in the shack and several on their way back to the shack after a trip into Hortonville for food. Older boys who were involved in the episode were sentenced last month to municipal court.

## The good GRAY FLANNEL SUIT...

### natural choice of men on the go who arrive in fashion!

by Eagle

Basic in every man's wardrobe — regardless of his age or the prevailing style trend — is that perennial favorite, the Gray Flannel suit. In a classic shade of medium gray it "goes" with a great variety of smart furnishings. And it's so easy to live with, so downright comfortable to wear. May we fit you for this year's Flannel — today? **\$69.50**

# Food Carts Give Quick Service To Patients

Trays Assembled in Kitchen, Ascend to Floors by Elevator

Smoother and faster coordination between the kitchen and hungry patients is provided by food carts at Appleton Memorial hospital.

The small push carts offer quick relay service from the first floor kitchen to floors above and are constructed for easier tray distribution by attendants.

Use of the carts has eliminated the need for noisy floor kitchens and has centralized tray assembly in the kitchen, according to Robert Griffiths, hospital administrator. The central location means Miss Florence Severson, hospital dietitian, can personally supervise outgoing trays.

The wheeled carts stand about five feet high and are electrically serviced. Space is provided for hot and cold food compartments, a coffee dispenser, a hot water container for instant coffee and tea and 20 removable trays. Two attendants will be in charge of each cart.

## Six-Man Assembly

Trays will be made up at the serving area of the kitchen, with a 6-man team working as an assembly line. Diet requisitions will be checked by ticket color. Hot foods will be placed on plates and slid into the cart's heated compartment. Cold items, including salads and desserts, will be put separately into the cart's refrigerated unit.

The loaded carts will ascend to hospital floors by means of a nearby elevator, which will be used only for dietary service during mealtime. This will include the breakfast hour from 7:45 to 8:15, dinner from 12 o'clock to 12:30, and supper from 5:30 to 6 o'clock.

Off the elevator, carts will be plugged into floor outlets and hot and cold foods will be combined on individual trays. Beverage will be poured at the door of each patient's room.

# Organize to Fight Cut in Milk Supports

Shiocton — A Fair Price committee has been organized to counteract the pending cut in dairy price supports ordered by Secretary of Agriculture Benson. Milo Singler was named chairman.

Singler said the committee proposed a 3-point program at a meeting in Shiocton Wednesday.

The committee will circulate a protest petition in all counties, seek the cooperation of farm and business organizations in support of the petition and schedule protest meetings throughout the state.

Ralph Gehring was named secretary and Kenneth Conrad, treasurer. The directors are Marvin Obry, Lyndon Marks, Marlin Schwandt and Clarence Knorr.

## Camera Club Lecture

Members of the Appleton High School Camera club attended an illustrated lecture on the art of taking better pictures Wednesday afternoon. F. J. Pechman gave the lecture and showed portraits.

Planned for Efficient Operation

# Streamlined Kitchen Geared To Rapid Pace of Hospital Life

In the north-west corner of Appleton Memorial hospital is a streamlined kitchen, geared to the rapid pace of the hospital community. From here will flow the essential nourishment needed to rebuild the sick and maintain health in attendant personnel.

The kitchen, with its adjoining floor has been laid in red quarry tile which has no dirt-concealing recesses. Walls are covered with a permanently finished beige face tile which can be wiped clean easily. Windows provide ample light and the off-white acoustic tile ceiling reduces noise.

From 6 o'clock in the morning until 7 o'clock at night, a staff of 20 will labor at food preparation and servicing tasks for the 100-bed hospital. Operation of the 70 by 35-foot area is directed by Miss Florence Severson, hospital dietitian, who supervises kitchen personnel.

**Smooth Food Flow**  
The compact kitchen contains centers for storage, refrigeration, salad preparation, cooking, baking, tray assembly, dishwashing and garbage disposal. Designers have planned a smooth right to left movement for food flow, beginning at the unloading area at the kitchen's north end. Food will move through various centers and the completed products will arrive at the kitchen's south end, where trays are assembled.

Food will be delivered to the west entrance of the hospital building. From here it is channeled to kitchen. Market lists will be checked at the unloading area and food products distributed. Meat, dairy items and produce will be placed in three walk-in refrigerators along the

east end of the kitchen. Staples will be transferred to the main storeroom at the north end.

Each day menus will be checked and necessary food items collected. Vegetables will go to a north alcove and meat to the cooks manning a battery of ovens in kitchen center. Salad items will be washed in a unit at the rear of the ranges. Staples and canned goods will be distributed as needed, including those required by the

## New York's Ice Stops Docking of Antarctic Ship

New York — Ice in New York harbor yesterday delayed the docking of a navy ship back from the Antarctic. The craft had to wait for overworked tugs — far behind schedule because of harbor floes.

The 15,000-ton Towle was one of 10 vessels which left here last fall with supplies for scientists and navy personnel wintering near the south pole in connection with the international geophysical year program.

After its 22,600-mile voyage — and often bucking 18-foot ice — the Towle idled in the harbor for several hours yesterday waiting for tugs to take her to a Brooklyn army base pier. Remarkably on the cold wave in this area, First Officer Henry Haas noted that the cargo ship's crew encountered Antarctic temperatures ranging from zero to 28 degrees above. But, noted Haas, it was "sum-mer-time" down at the Pole.

## Training School for Scout Leaders Set March 2 at Seymour

Seymour — Boy Scout leaders in the Valley council will conduct a training school here March 2. On March 8 the council scoutmasters will meet here and the council cubmasters will gather a week later.

Seymour Scouts will sell birthday calendars listing events scheduled for the year. Carl Tickler and Otto Settele are directing the sale.

Every Effort to Keep Food hot, tasty and sanitary will be expended at Appleton Memorial hospital, as this equipment would indicate. In the upper left photo, one of the kitchen's massive steam ovens is shown. At upper right is a steam cart, designed to keep food hot while it is being transported from kitchen to patient. Each plate will have its own position on the cart and the mechanism assures hot food when it reaches the patient. In the lower picture, Miss Florence Severson, dietitian, demonstrates the dish washing machine. (Post-Crescent Photos)

# Dog Awakens Family as House Burns

**Freedom** — A dog was credited with saving the lives of a town of Onondaga couple and their four children, ranging from 2 to 5, when its barking aroused them and allowed them to escape their burning home this morning.

The interior of the Henry Jordan home on route 2, West DePere, about three miles north of Freedom, was burned out and the family lost all of its furnishings and clothing except the night clothes they were wearing.

The Freedom volunteer fire department answered the alarm about 5:30 this morning. The department sent 18 volunteers under the direction of Asst. Fire Chiefs Wilbert Harberland and Jack Renkens.

Fire Chief Ed Vandenberg said he presumed the fire started from an overheated stove. The loss was estimated at \$3,500.

The Jordan family moved to a home of relatives. Two years ago the family lost all of its belongings in a fire that left three families homeless.

## Youth Leaders Will Visit Salvation Army

Salvation Army Capt. and Mrs. Raymond Cameron, young people's leaders for the state of Wisconsin, will be guests of honor at a local Salvation Army supper meeting Friday night. Hosts will be Salvation Army corp cadets and directors.

Mrs. Cameron will speak when the group conducts services Friday, World Day of Prayer, at the city home.

## In Southern Waters

# Menasha Woman Describes Visit To Barren, Volcanic Easter Island

BY JEAN WILEY THICKENS

**At Sea South of the Equator** — The Bergensfjord left New York about 10 days ago with the temperature 15 degrees and a cold wind blowing.

That seems a long time ago. The breezes out on deck are

This is the first of a series of articles written by Mrs. R. E. Thickens, 360 Park street, Menasha, world traveler and book reviewer who is on a southern cruise.

gentle and the salt water in the ship's swimming pool is around 78 degrees.

Our able cruise lecturer, who gives the passengers a travel talk about each port we are scheduled to visit, told us many interesting things about our next port of call, Easter Island.

This island, said to be the most remote in the entire world, with the exception of Tristan da Cunha in the South Atlantic, is located about a thousand miles from the Marquesas and is called the Loney Island. Discovered by a Dutch explorer, it was given its name because it was discovered on Easter Sunday.

The island, seven by 10 miles in area, is of volcanic origin and with the exception of one tiny saucer-shaped bay, is composed of towering black volcanic rocky cliffs. They in turn are surrounded by reefs against which the sea dashes to terrifying heights.

## Launch Approach

Today we were unusually fortunate in having a clear, calm day. After the commodore had reconnoitered off shore for an hour, he announced over the loud speaker that any passengers willing to go ashore in one of the ship's small launches at his own risk, would be permitted to do so. Two boatloads took off for the short ride to shore.

There are only 750 natives on the island and they are a polyglot lot, a mixture of Latin Americans, Polynesians and various other racial strains.

There are no roads, only trails through greasy, volcanic

dust. The only means of transportation besides one's feet seem to be small native ponies which galloped around us as we toiled up the hill to get a view of the island and tiny harbor. There is no village, no mail service and the only contact with the outside world is a Chilean naval vessel that visits the island twice a year to bring supplies and mail.

## Island Isolated

During the days of the American whaling ships, epidemics of measles broke out each time a whaling ship anchored off the island to allow the sailors to go ashore. Being so isolated, the natives had built up no resistance to the disease and they died like flies. Later, in the days of the Black-

bird pirates, raids were made on the island and the natives were kidnapped and taken to Europe and South America to work in the mines. This practice was finally stopped by a Chilean Catholic priest. Since 1888 the island has been administered by the Chilean navy.

Being so isolated and with nothing to buy they have no use for money. When male islanders were allowed on the ship to sell their products, money was of no value as a means of barter. They demanded men's shirts, shoes, hose or shorts. They didn't seem to know what pajamas were, so refused to accept them in exchange for the weird wooden carved figures that were their chief product.

These strange looking figures are replicas of the huge volcanic stone ores that decorate one end of the island and are said by some authorities to be around a thousand years old. Some authorities claim they are evidences of ancestor worship.

The island soil is so poor that there is little sign of vegetation and hence lumber is so scarce that when a couple marries, the young people often live with the old folks until they can accumulate enough lumber to build their own little shack.

There are about four men to every woman on the island and it was quite noticeable that when the natives came on the ship, no women were among them. Our cruise lecturer said it was quite possible they feared some of these strange people on the ship might try to kidnap some of their precious females. When we went ashore we saw almost no women either, except a few in their gardens. They kept off the roads while we were around.

## Egg Festival

There are no birds of any kind, hence no eggs and the annual Egg festival honors the young male native who swims to distant islands and brings back the first bird eggs for the feast. It is said to be a most colorful celebration.

The only industry on the island appears to be sheep raising. We were told there were 30,000 sheep, but we saw only a very few of them, also a few scrawny cows. Vegetable gardens, due to the poor soil, were most infrequent.

Tomorrow morning early we anchor off Pitcairn island, famous since the days of the mutiny on the Bounty. We were warned that if the sea is rough, we shall not be able to go ashore, in which case the Pitcairn islanders are to be allowed to come aboard the Bergensfjord.

## 10-to-8 Vote

Malmstrom's amendment was endorsed by a 10-to-8 vote. Voting with him for delay were Alderman Charles Caplain, William F. Ertl, R. P. Groh, Harvey Priebe, Sr., Harry Roudabush, John Schumacher, Thomas K. Schneider, Al. H. Stogbauer and Alvin Tews. Aldermen Harold Hannemann and Kenneth Priebe were absent.

The city administration, Mayor Robert L. Roemer said today, is notifying all contractors that while the wage rates weren't passed Wednesday they probably will be at the next council meeting. The rates are passed annually without much ado.

The board of public works Tuesday afternoon is taking bids on a host of projects to which the new rates would apply when officially endorsed.

## Sinclair Reduces Gasoline Prices

Sinclair Oil company has joined three other firms in cutting gasoline prices to Appleton dealers by 1 cent a gallon. The cut will be passed along to consumers today or tomorrow. The new Sinclair retail prices are 38.5 cents per gallon for premium gasoline and 32.5 cents for regular.

Other firms cutting dealer rates this week were Standard, Shell and Wadham's.

## Wausau, Waupaca and Appleton Rinks Visit Clintonville Curlers

Clintonville — Three visiting rinks from Wausau, Waupaca and Appleton were at the Clintonville Curling club Tuesday as guests of the Broomettes, local women's curling group. Wausau defeated Appleton and Waupaca defeated Clintonville.

At Work in the Pharmacy of the new hospital is Robert Mogensen, Appleton, a pharmacist. Prescriptions will be filled at the hospital and full-time pharmacy employees will be at work there. (Post-Crescent Photo)

## Technicians' Offices on Hospital's Second Floor

### 2 Doctors to Serve Both Institutions in Their Fields

The Appleton Memorial hospital, opening today, will have all regular technical departments of modern hospitals.

These include a laboratory, pathologist's department, pharmacy, X-ray department and medical records section.

The technical departments are on the second floor at the southeast corner. Each will have new equipment throughout.

Dr. James Erchul will supervise the laboratory, anesthetic administration and the pathology department. He holds a similar position at St. Elizabeth's hospital and will serve part-time.

Mrs. Roxie K. Fournier, medical technologist, will be in charge of the laboratory, while Mrs. Stella DeLeeuw and Mrs. Janice Thomas are nurses with the special training in anesthetics.

**X-Ray Department**  
Robert Mogensen, pharmacist with Belling's Pharmacy, will head up the pharmacy department on a part-time basis.

Dr. Ralph Kennedy will run the X-ray department. He holds a similar job at St. Elizabeth's and will be serving part-time. Working with him will be two technicians, Lawrence Van Zummeren and Miss Lois Krueger.

Miss Patricia Graham, who holds a degree in medical technology, will be in charge of the laboratory, anesthetic administration and the pathology department. He holds a similar position at St. Elizabeth's hospital and will serve part-time.

Dr. Erchul as pathologist occupies a small office just off the "read" X-rays. All X-ray diagnostic projects and to the pa-

records library science, will the lab. He also is sole occupant of the autopsy room. His Dr. Kennedy's tools will include two X-ray diagnostic units, a mobile X-ray unit, a photofluorogram and a dark room. The photofluorogram produces a minor chest film and will be kept on the first floor where all entering patients, if possible, will be photographed with it.

Miss Graham, who holds a bachelor of arts degree in medical records library science from College of St. Scholastica, Duluth, Minn., is the last to gather and review patients' charts after they are discharged.

She studies the charts to see whether they are complete. If they are, she files them. The records and will have to make court appearances when records are subpoenaed.

## \$82,000 Awarded In Injury Suit

Fond du Lac — One of the largest personal injury damage suit settlements ever reached here will provide a fund of \$82,000 to be shared by three construction workers hurt three years ago.

Plaintiffs in the action are Carl Johnson of Rush Lake who was awarded \$43,000; Edward

Jawor of Ripon who will receive \$12,000, and Harold Laib, of Oshkosh, who will get \$27,000.

The agreement was approved Tuesday by Fond du Lac county Judge Russell Hansen. The settlement, reached by stipulation, ended a jury trial that opened Monday.

Defendants were the Wisconsin Power and Light company of Madison; the Green Giant Canning company, of Ripon, and a construction company owned by Robert Elrich of Neenah.

The three men were burned when a crane boom touched a kee's water department yesterday to impose the annual surcharge of units of more than 3-4, 1955. The trio was employed by another building contractor.

Appleton Post-Crescent C-1  
Thursday, Feb. 20, 1956

## Milwaukeeans Might Have to Pay \$10 to Cool Off in Summer

Milwaukee — Milwaukeeans, who could cool off at no cost just by stepping out into weather, may have to pay a \$10 tax to cool off in the summer time—if they use husky water cooled air conditioning units.

Wisconsin's public service commission authorized Milwaukee's water department yesterday to impose the annual surcharge of units of more than 3-4, 1955. The trio was employed by another building contractor.

# Lesson in English

BY W. L. GORDON

Words often misused: Do not say, "This hat is no use to me." Say, "It OF no use to me."

Often mispronounced: Gala. Pronounce as gay-la, and not as gal-a.

Often misspelled: Glutinous (sticky). Gluttonous (greedy).

Synonyms: Curious, inquisitive, prying, inquiring, intrusive.

Word study: "Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day.

Today's word: inexpugnable;

Impregnable; unconquerable. "Each of us should build within himself a fortress inexpugnable to the darts of criticism."

Bulova — Elgin — Hamilton

# Teenagers Hold Respect for Police But Say They Wouldn't Want the Job

(Editor's note: This is another in a series of articles on teenage views, thoughts and actions. The author is president of Gilbert Youth Research company.)

BY EUGENE GILBERT

The nation's teenagers have great respect for the cop on the beat, but few want to follow in his footsteps.

In our latest nationwide survey, 92 per cent of those queried said they respect the policeman on their block, 84 per cent think policemen are honest and 75 per cent believe they are fair. Yet, only 7 per cent said they would like to become a policeman or policewoman. On all questions, the results were about the same for boys and girls.

"The policeman represents the law of our government and country and he should be respected," said Carolyn Messina, 16, of Flushing, N. Y. Lynda Epstein of Syracuse, N. Y. commented: "He upholds the law and stands for justice."

**Poor Pay The Rub**

Among the few who said they don't respect policemen came these comments:

"A policeman is too impressed by his own authority," — Douglas Merchant, 17, of Ilion, N. Y.

"I consider him an occupational hazard" — a 16-year-old Massachusetts boy who declined to give his occupation.

"They give me traffic tickets," was the reason a 17-year-old from Kansas City gave for not thinking policemen are fair. He obviously was speaking from experience.

A 16-year-old Iowa youth summed up the main reasons the teen-agers overwhelmingly rejected police work as a career when he said:

"Police are underpaid, have bad hours and the job is dangerous."

**Different View**

A 17-year-old Kansas City lad who wants to be a policeman, had an entirely different view. "It's a soft job that pays off and is easy going," he said.

However, 79 per cent of the teens agreed that most policemen in the country are underpaid.

Our survey also explored other feelings young people had about policemen, with some enlightening results. For example, 83 per cent of them felt that policemen are interested in teenagers.

"I think policemen give special attention and interest toward trying to help teenagers do the right thing," said a 15-year-old New York City girl.

"He is always courteous and

A Policeman Is a Youth's good friend, a national teenage survey shows, but young people wouldn't particularly want a police job themselves. Teenagers hold policemen in respect but say the job is underpaid, has bad hours and is dangerous.

careful. Also is quite patient, to obtain their own ends." — a 17-year-old Lancaster, Pa. boy said Louise Sherman, 15, of the policeman on her block in Yonkers, N. Y.

Asked if they thought police sometimes use brutal methods, only 19 per cent of the teen-agers answered yes. In fact, 39 per cent said they thought police generally were too soft.

"It has never been proved that police use brutal methods," said a 16-year-old Denver girl.

Gloria Schate, 17, of Forest Hills, N. Y., said, "I don't think they weren't afraid to hit kids doing something wrong, maybe it would be better." — a 17-year-old San Francisco girl.

"It takes discipline to teach them. Some people have to learn the

## Convict Plans To Write Book To Pay Debts

Wausau — A convict told U. S. District Judge Patrick Stone Tuesday he is writing a book about his misdeeds and hoped his royalties would help make restitution for his forgeries.

Robert H. Johnson, 36, an inmate of the Wisconsin State prison, pleaded guilty to eight federal indictments, charging interstate transportation of false securities.

Johnson said he netted about \$32,000 writing and cashing worthless money orders and travelers checks in a 2-year period.

The convict said he knew he had made a mistake and was trying to adopt a new code of moral values and hoped his autobiographical book would help others avoid erroneous attitudes.

Judge Stone sentenced Johnson to concurrent 4-year terms in a federal prison on the indictments, which were transferred here from the U. S. District court in Maryland. The court was told Johnson stole about 50 money orders from a Maryland supermarket, filled them out and cashed them in his travels from state to state.

The federal prison sentence cannot begin until Johnson completes his present 7-year term in the state prison at Waupun. He was convicted on a bad check charge at La Crosse

hard way. — Joan Palumbo, 15 of Tuckahoe, N. Y.

A young woman from Lincoln, Neb. thinks "dope addicts and other such criminals should be treated harder" and a 17-year-old Teaneck, N. J. girl feels "they should bear down more on driving." But Peggy Weil of Louisville, Ky., asserted, "They don't let you get away with anything."

**Need Night Sticks**

How do the teenagers feel about some towns taking night sticks away from their policemen? Seventy-four per cent replied they don't like the idea.

"If policemen have fewer weapons to defend themselves," said a Nebraska girl, "people are likely to take advantage of them."

A Kansas City youth said, "The sticks shouldn't be taken away, because they then would have only guns to deal with juveniles."

Our final question concerned the relative effectiveness of the cop on the beat and the one in the patrol car. The answers were fairly evenly divided.

Fifty-one per cent said the patrol car is more effective, 43 per cent favored the beat and 6 per cent had no ideas on the subject.

## Stork Gets Assist From Sherman Tank

Erie, Pa. — The stork had cause to look to his laurels as Mr. and Mrs. Stanley Orzepowski credited a 48-ton Sherman tank with an assist in delivering their sixth child.

Snowdrifts blocked all approaches to the family home as Mrs. Orzepowski's time drew near Tuesday. The national guard at Erie responded by dispatching a tank to pick up a doctor and take him to the Orzepowski home near Waterford, 18 miles south of here. The baby was born a short time later and is doing well.

## School Ousts 13 Boys for Bad Grooming

Waukegan, Ill. — Trips to a barber, a clothing store—or both—were ordered for 13 boys suspended from a high school for failure to comply with a "good grooming" code.

Suspensions were ordered yesterday by Glenn Anderberg, dean of boys at Waukegan Township High School.

Anderberg said the boys defied a new school rule for proper dress and grooming that went into effect yesterday. They'll be readmitted, he said, when they trim their long

"ducktail," haircuts and wear pants that are not too tight or too droopy.

"We set up the rule when we learned that boys that dress like cowboys tend to act like cowboys," Anderberg said. "Those that dress like students, act like students."

Anderberg said it was encouraging to note that only 1 per cent of the school's 1,300 boys failed to comply with the new code, drawn up by the faculty. "Generally, we're very proud of our students," he said.

Anderberg said school officials were forced into making a rule after individual counseling with offenders failed to get results.

"We (the faculty) spent a semester calling offenders in for conference," Anderberg said.

Appleton Post-Crescent C 3 Thursday, Feb. 20, 1958

"but I guess they took the attitude there was no rule against sloppy dress and appearance. Then we decided to pass a rule."

The rule applies only to boys. "We have no trouble with our 1,100 girls," Anderberg said. "They're all proud of being young ladies and they look very sweet and charming."

# Rebellion in Indonesia

The outbreak of open revolt in Indonesia, led by army officers and other natives disgusted with the corruption and confusion of the Sukarno government, is an open invitation to chaos which lures communism.

But the chaos was already in the making. Part of it has been caused by the physical nature of Indonesia, a group of islands with a large population spread over a wide area. Part of it can be attributed to the growing pains associated with emergence from colonialism. But most of the confusion must be blamed on the former national hero, President Sukarno himself.

One can hardly blame Sukarno for his almost lifelong campaign against Dutch colonial interests. He grew up in an atmosphere of prejudice and discrimination, was jailed and exiled for his revolutionary speeches and intrigues. His success in leading Indonesia to independence and his great popular appeal were enough to give him confidence in his own ideas.

But unfortunately the ideas are no longer his own. He insists on continuing the revolutionary nationalism on which he rose to power, making demands for control over West New Guinea although the economic interests of his country have been slipping constantly. He has been a student of Lincoln republicanism and Jeffersonian democracy but he also admires Lenin, Stalin and Chou En-lai. He claims to be a devout Moslem but his third wife and five children left him when he married again. He has spent weeks now in Asian capitals where he seems to get the applause that now must be contrived in his own country.

Sukarno used the "liberating army of Japan" for his own purposes to help drive out the Dutch back in World War II. He seems to believe that the communists will keep helping him eradicate all signs of Dutch control in Indonesia. But who will then drive out the communists from his "guided democracy?"

# Protection for Used Car Buyers

Buyers of used cars in Wisconsin, probably well over half of the population, are given special protection by the law. Many years ago the legislature found that used car buyers were being deceived if they looked at the speedometer to learn how far the car had been driven before it arrived at the used car lot.

Some of the crafty dealers had been turning the speedometers back to a figure considerably less than the original mileage but still large enough to appeal to the fellow looking for a good buy. The legislature promptly provided that all used cars offered for sale by dealers should have the speedometers turned back to zero. This was to suggest to the buyer that he was on his own in judging the use the vehicle had seen.

To prevent used-car salesmen from making too much headway with tales of how the car had been carefully driven by an elderly gentleman who was in poor health and never left the city limits, the law required that the name of the previous owner be made known on request. Later, to save time and trouble, the law was changed to permit dealers to offer cars for sale with the original mileage on the speedometer

provided they showed affidavits from the owners on the exact mileage the cars had when traded.

With the tremendous traffic in used cars in this age, it would be logical to assume that the courts were kept busy with such cases. But when the charge of turning a mileage meter back half way was made against a dealer in Milwaukee recently it was announced that was the first such case in Milwaukee and may have been the first in the state.

Incidentally, the Milwaukee case was dropped before it reached the court as an investigation showed the car was in the garage for repairs and was not being offered for sale. This section of the law appears to be one that has enjoyed complete success since there have been few if any cases under it.

There may be two reasons for this. One is that the penalties for violating it are very severe — a fine not exceeding \$10,000 or imprisonment in the county jail for not to exceed one year or both. The other reason is that the provisions are so clear and simple they are almost self enforcing. It might be added that most dealers support the law because it is to the advantage of the honest dealer as well as to the customer.

# Wasting Our Chemistry Students

Scientists working on rockets, space platforms and missiles have all the information they need on the fuels to be used and the design of the rockets. They do not require any advice from high school chemistry students, yet such students are being injured and others endangered daily by boys who are evidently out to see that the United States keeps up with Russia in this area of science.

The severe injury of a 16-year-old boy at Oconto over the weekend brings the problem close to home. There can be no doubt that the firing of explosives as the climax of an experiment could be a strong incentive to interest boys in chemistry. There is even the faint possibility that some boy will one day develop a new and valuable rocket fuel.

But one boy with a good healthy body is

worth more to the nation than all of the ideas developed by amateurs of high school age toying around with rockets. Charles Noel, the Oconto youth who lost a finger and suffered severe burns in the rocket explosion, says he is still interested in chemistry but he will not be interested in building and firing more rockets until he is older. He thus indicates that he has learned something from the accident.

If his lesson can be impressed on others inclined to experiment in the firing of rockets, he will have performed a great service to the public. Boys with a bent for science are recognized today as one of the nation's most valuable possessions. They should be working in high school chemistry courses, but we can't afford to have them injured in premature experiments. The best thing they can do is to take Charles Noel's advice and wait until they are older and wiser.

# Hair of the Dog

Serious disputes with other nations usually influence Americans into emotional boycotts of anything concerned with the enemy. German was dropped in many schools during World War I and stocks of toys "made in Japan" were hastily stripped from shelves in World War II. But, despite the cold war with Russia, the American consumption of vodka has boomed. It's a tossup whether sophistication or gullibility is the reason.

In the last five years sales of vodka have risen from less than two million wine gallons per year to more than ten million. Strangely enough the western states consume the most, the eastern seaboard the least. Bartenders report that more and

more Americans are ordering vodka at noon since there is supposed to be no after-odor, but usually the stuff is mixed with orange juice as a Screwdriver or tomato juice as a Bloody Mary.

As the sales rise over here the communist countries are attempting to stem their consumption. The Soviet Union jumped the price of vodka 20 per cent and closed down small bars. The Polish government has wagged a finger of disapproval at the Polish people who spend more money on vodka than any other household purchase. The Poles admit they drink so much since life is grim and the future offers little.

But what about Americans? Are they being suckers for a new type of Russian secret weapon?

# 'Post-Crescent Lulled People to Sleep'

Editor, Post-Crescent:  
A short time ago the Post-Crescent gave the members of the city council a pat on the back for having the wisdom of using the newly-passed Quinn act. They bought a certain piece of property and under this new law they are now able to annex it to the city without any muss or fuss with the township or the people thereof who might have objections to losing this valuation.

About a year ago, the Post-Crescent wrote an article titled, "Involuntary Annexation in Wisconsin Impossible"; it went on to explain that as the law read annexation was up to the voting people. At the time the article was printed, new annexation plans were before the legislature.

I do not want to discredit the city council—

"Briefly, It Says, 'Have You Ever Thought Of Trying Non-Fiction?'"

These Days

# Lack of Proper Accounting Makes Government Balances Big Mystery

BY GEORGE SOKOLSKY  
(Copyright, 1958)

The eternal problem of government is how to raise money to do all that a bureaucracy can think up; the eternal problem of the taxpayer is to keep enough of his earnings to provide for a livelihood and to leave something for his family should he die at the wrong time. This is a universal struggle, not limited to our society. It is so general that many of the rebellions against governments, including the American revolution against England, were over taxes.

But here, in the United States, at this time, it is exaggerated by the inordinately high cost of government, costs which outrage public opinion in the aggregate but which are supported by public opinion in the details of supports and benefits and subsidies which the various elements desire for themselves. It is impossible to cut taxes if everybody wants a subsidy out of taxes.

No One Knows  
One of the major difficulties about our problem is that nobody quite knows what the American budget is. The accountability methods are so obsolete that it is difficult to discover what a \$70,000,000,000 carry-over means. That is what the Hoover commission discovered, namely that the United States Treasury has a carry-over of \$70,000,000,000. Our budget in 1957 was \$71,800,000,000; the carry-over from other years amounted to \$70,000,000,000, nearly one year's government expenditure. No accountant would pass that sort of thing for a private firm; the Internal Revenue Service would not tolerate such an accrual. It would demand that the funds be used or be distributed.

So the senate passed the Kennedy Payne-Byrd bill to place the budget on an annual accrued expenditure basis which is the business-like way of doing it. Who can oppose the application of businesslike methods to the public business? It must be those who believe that nothing should ever be done if it ain't never before been done that way.

One of the governmental problems which always faces a republic, the most serious, is how the public purse is controlled. When a king controlled the public purse, it was his private property to do with as he chose. The Constitution of the United States gave that function to congress, with initiating authority in the house of representatives. In a word, control of the public purse was put closest to the people themselves. It was not given, in the constitution to the president.

periods of crisis, the executive has invaded this authority to the point where not the congress but the bureaucracy gained the initiating control over the budget. This has been justified by the need for expertness in handling many budgetary details, but such expertness has not proven itself. Rather, huge sums of money have been hidden in the books — \$70,000,000,000 of money.

The problem is to put the government on a cost accounting basis, so that there can be exact, daily information as to what is being expended. Nothing can be hidden. Padding would expose itself. Neither hiding nor padding is ipso facto wrong; it is a process in government for the bureaucracy to be able to function without the authority of congress, or to provide for delaying enterprises. It does not mean that anyone steals the money; it remains in the treasury but is not immediately used as intended. Our government need not accumulate funds; if there is any accumulating to do, that

should be the function of the taxpayer. As a matter of fact, what is held as a carry-over is really money taken out of the economy and is lying dead, producing no wealth and no work. That same money, in the hands of the taxpayers, could, in our particular economy, turn over 20 to 30 times in a year, producing increased wealth and giving jobs to many a worker.

Therefore H. R. 8022, now before the house of representatives, is a measure which in the long run sets up a modern system of accounting for the government but as applied to present conditions is a measure for the reduction of the depression conditions into which we are falling.

For what reasons do some members of congress defend the concept of a huge "carry-over"? Are they afraid that congress will one day refuse to vote them funds for their pet wastes? Are they afraid that a proper accounting system would disclose their failure to protect the public purse?

Looking Backward

# Green House Opens Near College

79 YEARS AGO

Quoted from the Appleton Crescent for the week of Feb. 22, 1879.

The long felt want of a good green house in this city has now been filled with the new one located just opposite the college, east of the Surgical Institute.

The proprietor, Mr. Almon Stone, is a carefully educated and practical florist, having devoted the greater part of his life to the business. He purposes to keep a stock choice of house, bedding and border plants, creeping and basket vines and will furnish to order any bouquets, cut flowers, wedding favors and funeral decorations.

He is from Scranton, Pa., and has brought with him a car-load of plants and outfit. It is quite a feather in his cap that he was a successful competitor with Vick at the Indianapolis Exposition, taking premiums there to the amount of \$500 for two years.

25 YEARS AGO

Thursday, Feb. 16, 1933

A pledge to pay farmers \$1.40 per hundred pounds for milk testing 3.5 per cent was signed by eight independent milk dealers of Kimberly and Little Chute at a meeting of the dealers and milk producers at the Kimberly village hall.

F. B. Younger, A. C. Oosterhouse, A. G. Meating, A. L. Colar and Miss Nellie McDermott attended the state elementary supervisory conference held at the Kimberly village hall.

That day marked the thirtieth anniversary of the rural mail carrier system in

Outagamie county. At least that's what John Freude and Joseph Tennie finally agreed after a hearty "it-was-no-such-thing, yet-it-was, no-it-couldn't-have-been" battle.

An Appleton Credit Exchange was formed at a meeting of business and professional men at a dinner. Fifty-two persons attended the meeting and about 35 became members of the new organization.

Mrs. William Cavert was reelected president of Deaconesses of the Congregational church for the ninth consecutive year at their annual meeting. Dr. H. E. Peabody and G. E. Buchanan gave short talks.

10 YEARS AGO

Thursday, Feb. 19, 1948

Ralph Wildenberg, certified welder with the Kimberly-Clark Corp., Kimberly, was engaged as welding instructor in the night school program at the Appleton Vocational school. E. H. Funk, coordinator for the trades and industry division, announced.

E. A. Dettman was appointed chairman of the budget committee for the Appleton Chamber of Commerce membership drive by Ross Williams, chamber president.

Mrs. Thomas Dietrich, Appleton, won first place in the Appleton division of the poster contest conducted by the Wisconsin centennial committee. Kenneth Kuenmerlein, head of the Appleton High school art department and judge of the entries, announced.

City Engineer Wayne Bry-

Under the Capitol Dome

# Governor Insecure In Political Activities

BY JOHN WYNGAARD

Madison — If governors of Wisconsin were required to punch time clocks, the record would probably show that Gov. Vernon W. Thomson is spending more hours at his job and related political functions than any other man who has sat in his chair during his lifetime.

The governor's relations with the state capitol press row are not particularly intimate. There is a kind of formal cordiality. But reporters generally don't see him as often as is customary on the statehouse beat, and thus the extraordinary physical exertions of the man have generally escaped public recital and comment.

Thomson spends as much time — and perhaps a little more — at his desk or in state capitol conferences as any recent governor.

His extra-curricular activities, so to speak, are paced so heavily as to make some easy going onlookers fatigued in the mere contemplation of them. Nobody with his title has roamed as much in off-duty hours as has he — save perhaps Phil LaFollette in the days of his greatest political crisis. No recent governor has turned up at as many conventions and banquet tables.

HOW IT IS DONE

Like most men of spare build, Gov. Thomson has surprising reserves of energy. He also is rigidly disciplined. There are no late hours except under the most exigent circumstances. The long evening meeting is followed by a drive home. Liquor and tobacco are almost unknown in his habits. There is a strict attention to business.

For all of that, the pace he follows must be wearing and must ultimately be reflected in his poise and his health.

Some observers are already wondering whether it is not reflected in his judgment. His work schedule is so pressing, the number of engagements ahead always so awesome, that there is relatively little time for the leisurely and reflective contemplation that the political leader requires in the very nature of his role.

There is a tendency under such pressures to faulty evaluations. The governor is an extraordinarily cautious man — in his public

capacity. Some of his decisions are so carefully thought out and mulled over again and again that sometimes critics become impatient at what seem to be unreasonable delays.

In his political capacity, however, he seems sometimes to be impulsive and reckless — with respect to judging alternative opportunities. The unimportant speaking engagement in a distant place, the preoccupation with a secondary station's television time in Madison — these and other details show anxiety rather than the skilled judgment of the seasoned politician.

PRESS CONFERENCES

About a year ago there was an admiring report in this space about the fact that the governor was holding productive and responsible and regular press conferences with the correspondents accredited to the capitol. The press conference is a useful device for the dissemination of information to the electorate. In the hands of a practiced politician, it also is a valuable political aid.

But without explanation to anybody as far as the record shows, he suspended them months ago. Thomson's meetings with the capitol press now are rare events.

The other day a small group of reporters entered his office, uninvited, with the intention of interrogating him on affairs of the day. He was obviously preoccupied. He said nothing of any consequence. That night, at an hour when most of the Madison community was slumbering peacefully, he was using some free time on a Madison television station to discourse at length on a topic that every reasonably attentive citizen of Wisconsin already knows about.

Fletcher Knebel

# Potomac Fever

Democrats are handling the big TV license investigation with all the enthusiasm of a Siamese twin pondering whether to throw his brother off the cliff.

This correspondence between Ike and Bulganin doesn't seem to be getting anywhere. Maybe Khrushchev ought to pick up the phone — and deal directly with Sherman Adams.

Reformers urge a clean-up of campaign financing. Money used to talk. Now, thanks to inflation, about all a candidate can get with \$1 million is a whispering campaign.

A big freeze grips Washington. The only warm people in town are those huddled about a subpoena — waiting to be asked about a hot TV license.

One fellow says he needs two jobs to tide him over the recession. He's drawing unemployment checks from one — and is on a paid vacation from the other.

One member of the senate space committee says politics is murder these days. What good does it do a statesman to keep his ear to the ground when his space suit is pressurized for 20,000 feet?

SECTION  
APPEARS TODAY  
ON LAST PAGES  
OF SECTION B**

A Featherweight Prune Souffle can be easily and successfully made right in the top of your double boiler. Junior chopped prunes eliminate cooking, pitting and sieving the fruit. A rich eggnog sauce is a delicious accompaniment.

**Leftover Meat**

Don't cut or grind that leftover cooked meat until you are ready to use it in this form.

**Prune Souffle  
Prepared in  
Double Boiler**

A souffle made in the top of the double boiler?

There may be very good results with both chocolate and prunes. Dried apricots may also be used, but the appearance is not so interesting.

The usual recipe for an oven souffle is not suitable for the double boiler method, as the latter must have only egg whites. You must be careful about choosing the size of the double boiler, which can be either straight-sided or well rounded.

It is easiest to use a jar of the baby food, chopped fruit known as "Junior," rather than cooking, pitting and sieving prunes.

An eggnog sauce is a good choice to serve with the souffle as it needs no cooking and is both smooth and delicious. This sauce is usually flavored with brandy, rum or sherry, but vanilla may be used.

**Prune Souffle**

1 cup sugar  
1 jar (7½ ounces) junior  
chopped prunes  
1 teaspoon salt  
1 teaspoon grated lemon rind  
5 egg whites, stiffly beaten  
Slivered almonds, if desired  
Ad sugar to chopped prunes the cooking period.

and stir until dissolved. Add salt, lemon juice, and rind, and mix well. Fold this mixture into stiffly beaten egg whites.

Pour into well-greased 2-quart double boiler. Cover and cook over hot water one hour. Turn out on serving plate and garnish with slivered almonds.

To make a chocolate souffle, substitute three squares of chocolate, melted, for the fruit.

**Eggnog Sauce**

1 cup sifted confectioners' sugar  
2 egg yolks, well beaten  
3 tablespoons brandy or sherry  
1 cup heavy cream, whipped  
Stir sugar gradually into well-beaten egg yolks. Beat in brandy or sherry. Fold in whipped cream. Serve with hot puddings.

**Orange-Raisin Stuffing  
For Rib Pork Chops**

Use an orange-raisin stuffing when preparing stuffed pork chops.

Use pork rib chops for stuffing and always have your meat retailer cut a pocket for the stuffing on the rib side of the chop. Made this way, the chops will tend to hold in the stuffing more securely during the cooking period.

# Holiday Treat

## Wheat Cereal, Syrup Fashions Dessert for Washington's Birthday

Who chopped down the cherry tree? Little George, so the story goes, but we know for sure he did not have an ice cream filled cereal log to enjoy.

Here is a new, honey-flavored wheat cereal dessert that looks gay, tastes delicious and makes a party sweet for all ages.

The cereal, combined with a

the syrup, shapes easily into a log. After it is well chilled, it can be filled with ice cream and stored in the freezer or it can be served immediately. For a bright holiday touch, serve it with a cherry sauce.

**Holiday Log**  
1 cup firmly-packed brown sugar

1 1/2 tablespoons light corn syrup  
1 cup milk  
2 tablespoons butter  
3 1/2 cup cups honey-flavored wheat cereal  
1 1/2 pints vanilla ice cream  
1 cup heavy cream, whipped  
5 maraschino cherries

Wrap a rolling pin in waxed paper; grease well.

In a quart saucepan mix together sugar, corn syrup, milk and butter. Cook, stirring constantly, until sugar is dissolved. Continue to cook, stirring occasionally, until mixture reaches the soft ball stage or 238 degrees on a candy thermometer.

Place cereal in a large bowl. Add cooked syrup and mix quickly until all cereal is coated. Turn out on greased waxed pa-

per; pat out to rectangle. Shape around rolling pin; seal edges. Cool until firm.

Pull away outer waxed paper. Chill until firm. Remove rolling pin and inner waxed paper.

Fill cereal log with favorite ice cream. Garnish with whipped cream and cherries. Makes six servings.

Serve, if desired, with a cherry sauce.

## Two Types of Dressing for Cabbage Slaw

In an earlier day, cole slaw was chosen not because of its nutritive contribution, but because it added zest to a meal. The dressing was invariably a mustard-flavored mixture that was cooked and always described as "boiled."

We still have a preference for this with cabbage, but a very good substitute can be made with a ready-to-use mayonnaise, sour cream and prepared mustard.

Certain fruits combine well with cabbage. Orange sections and canned pineapple seem to give the best contrasting flavors. A little of the fruit juice is often added to the dressing. Bits of pimiento or green pepper make an attractive garnish for a salad which may otherwise be colorless.

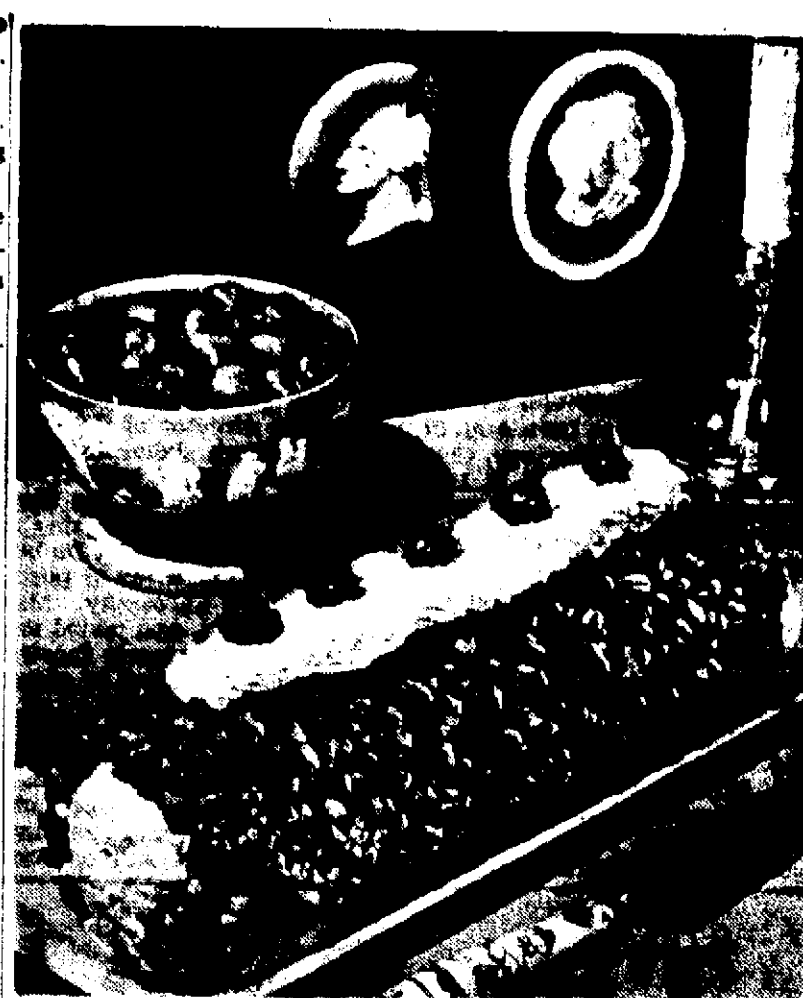

**"Boiled" Salad Dressing**  
2 teaspoons salt  
1 1/2 teaspoons dry mustard  
4 teaspoons sugar  
Dash of cayenne  
2 tablespoons flour  
2 eggs, or 4 egg yolks, slightly beaten  
1 cup scalded milk  
1/2 cup vinegar  
1 cup salad (sour) cream

Mix dry ingredients and add to slightly beaten eggs. Add milk and vinegar and cook over hot water, stirring constantly, until mixture thickens. Cool quickly and add salad cream. Store in covered jar in refrigerator. Yield: about three cups.

**Modern Dressing.**  
1/2 cup mayonnaise  
1 tablespoon prepared mustard  
1 tablespoon herb vinegar  
1/2 cup (about) salad (sour) cream

Combine ingredients and beat well. Mix with shredded cabbage and store in refrigerator until ready to use.

Note: two tablespoons mustard seed may replace the prepared mustard.

Honey Flavored Cereal, Combined with syrup, shapes this log for a special Washington's birthday treat. Filled with ice cream and topped with whipped cream and bright red maraschino cherries, it is a wonderful taste treat, too.

## Beans in Pepper Shells

Stuffed green peppers make a versatile dish. A sure-fire winner is Beans in Pepper Shells. Cut green peppers in half and remove the seeds. Cook in salt-

ed water until almost tender. Combine a can of pork and beans with butter browned bread cubes. Fill peppers and top with grated cheese. Bake in a moderate oven until the peppers are tender.

## Sausage Sandwich With Melted Cheese

Place one pound pork sausage links and two tablespoons of buttered toast. Arrange two of water in a cold frying-pan. Cover and cook slowly for five of bread topped with a cheese strip.

Broil these sandwiches slowly. Spread two tablespoons of ap-

## The first and only food for dogs who don't get enough exercise!

New Rival is specially made for today's less active dogs. It's low in fat, and highest in protein of all leading brands.

*Read what kennel owners say about new Rival Dog Food*

"Most dogs today don't exercise enough. That's why we suggest feeding plenty of protein, but not too much fat. The only dog food I know of that's made this way is Rival!" Larry Canfield, Pet Ranch Kennels, Chicago.

"Inactive dogs can't burn up excess fat. That's why new Rival is such good nourishment for dogs who don't get enough exercise. It's low in fat, and highest in protein, too." Art Hess of the Hessian Kennels, Cincinnati.

Low in fat...highest protein of all leading brands

# Many of U. S. Missile Brains Immigrated Here From Germany

AP Wirephotos

Here are thumbnail sketches of the key men in the army satellite team, now working to top their achievement in putting the Explorer in orbit on their first try. Many came to the United States from Germany and most work at the Redstone Arsenal and Army Ballistic Missile Agency in Huntsville, Ala.

Dr. Werner von Braun, German-born scientist who masterminded the U. S. satellite program, probably ranks as the nation's top missile man. He is 45. Von Braun in his earlier years directed development of the German V1 and V2 rockets which blasted the heart of England and nearly turned the tide of World War II.

He came to the United States in 1945, under a contract with the U. S. Ordnance Corps. He has been at Redstone Arsenal since 1950 as technical director for guided missile development.

Maj. Gen. John Bruce Medaris commands the Army Ballistic Missile Agency at Redstone. Born in Mildred, Ohio, May 12, 1902, he enlisted in the Marine Corps in 1918. He served in France during World War I, later studying mechanical engineering at Ohio State University. He was commissioned as a second lieutenant in the regular army (infantry) in 1921. He was promoted to major in 1935. He was designated commanding general of ABMA in November, 1953.

Brig. Gen. John A. Barclay is deputy commanding general of ABMA. He was born Aug. 27, 1909, in Colorado Springs, Colo. Graduated from the U. S. Military Academy in 1931, his army duty has been in artillery and ordnance fields.

Dr. W. H. Pickering is director of the jet propulsion laboratory at the California Institute of Technology, which designed the solid-fuel stages of the rocket which hung the satellite in the heavens. Born in Wellington, New Zealand, he received a doctorate in physics at Cal Tech in 1936. Associated with the jet propulsion laboratory since 1944, he has been director since 1954.

Dr. James A. Van Allen is a pioneer in high altitude research. He is head of the department of physics at State University of Iowa. He designed the cosmic ray equipment being flown in the satellite.

Dr. Gilford G. Quarles is the scientific and technical consultant to the commanding general at ABMA. He joined the agency staff last November. He formerly was director of the Ordnance research laboratory at Pennsylvania State University. He was graduated by the University of Virginia, receiving a doctorate degree in 1934. He became acting professor of physics at Mercer University, Macon, Ga., in 1934, and joined the University of Alabama faculty as assistant professor of physics in 1935.

Dr. Ernest D. Geissler is chief of the aeroballistics laboratory at ABMA. He was born in Chemnitz, Germany, on Aug. 3, 1915, and studied at the Technical University of Dresden.

Germany, on the theory of control and stability in guided missiles. He was among the first German scientists to come to this country.

Dr. Ernest Stuhlinger heads the research projects office at ABMA. Prior to his present assignment he was chief of the technical feasibility studies office at Redstone Arsenal.

He was born in Niederrimbach, Germany, Dec. 19, 1913, and was graduated from the University of Tuebingen in Germany.

Heinz Herman Koelle is chief of the preliminary design section, ABMA. Born July 22, 1925, in freestate Danzig, he is a graduate of Bender Oberschule in Breslau and the Institute of Technology, Stuttgart.

Dr. Kurt H. Debus directs ABMA's firing laboratory. He prepares tests and fires experimental controlled ballistic missiles. He was born Nov. 29, 1908, in Frankfurt, Germany. He worked as an assistant professor at the Technical University of Darmstadt, Germany, on development contracts for the Peenemuende Guided Missile center before coming to the United States.

Maj. Gen. John Medaris

Dr. Hans F. Greune is deputy chief of the missile firing laboratory at ABMA. He was born in Braunschweig, Germany, on May 24, 1910. He formerly was a research engineer with the Siemens corporation in Germany. He is a graduate of the Technical University in Braunschweig, Germany.

Eberhard Rees is deputy director of the ABMA development operations division. He was born April 28, 1908 in Trossingen, Wuertemberg, Germany. He received his technical education in Stuttgart and at the Dresden Institute of Technology.

Dr. Walter Hauessermann serves as chief of the guidance and control laboratory of the development operations division at ABMA. Born March 2, 1914, in Kuenzelsau, Germany, he received his B.S. degree in electrical engineering from the Technical University of Darmstadt.

Robert E. Lindstrom, who coordinated the participation of the agency's structures and mechanics laboratory of the development operations division, is director of the agency's structures and mechanics laboratory. A native of Sycamore, Ill., he heads one of nine laboratories supervised by Von Braun.

Appleton Post-Crescent C 8  
Thursday, Feb. 20, 1958  
Technical University at Stuttgart, and his master's degree in electrical engineering at the Technical University of Darmstadt.

William Mrazek is director of the agency's structures and mechanics laboratory of the development operations division. He was born at Lukovac, Austria, Oct. 20, 1911, and holds a degree from the Technical University in Brunn in mechanical engineering.

Hans H. Maus is chief of the ABMA fabrication laboratory. He was born Sept. 6, 1905 in Worms, Germany, participated in Germany's missiles and rocket program before coming to the United States in 1945.
